If you have contracted the terrible disease, which when once scated in the system, will surely go down from one generation to another, undermining the constitution, and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring falsehoods too well calculated to deceive the young and those not ac-quainted with their tricks. You cannot be too careful in the selection of a remedy in these cases. The fluid extract Buchn, has been pronounced by emi-nent Physicians
