With the aid of the Bath and Machine, we have at command all the available medical efficiency of Electricity. The medical power of the Machine is very great, in introducing medicines into the system through the pores of the skin-applying it directly to the parts af-fected, which gives an increase of medicinal power over that of taking it into the stomach rendering it nativular-

I now prepared to apply these Baths, and also the Ma-chines, at my honse in the south part of the borough of Towanda, or I will visit patients at a distance, who are unable by reason of disease to come to this place, at mod-center store.
