Resolved, That a vote of thanks be tendered to Mr. Coburn for his able, earnest and ap-

propriate address. The association then adjourned till Saturday morning at 9 o'clock.

Saturday morning-met, Mr. Chubbuck presiding. The unfinished business, viz: the resolution on taxation for the support of schools, was on motion postponed till next meeting. The following was taken up :-

Resolved, That English composition is a branch of instruction of the utmost importance, and ought generally to be embraced in the system of education in common schools. The importance of this subject was shown from the increasing demand of the popular taste for reading matter; it was urged that it ought to be taken up at an early stage of an educational course—that it would be highly improving to Teachers themselves, and give them power and influence as a profession, that it was the most direct and practical method. of teaching orthography. The advantage of this in promoting precision of style and language and the double advantage in making the subjects of regular and ordinary study, subjects of occasional composition were adverted to and very fully illustrated by Messrs. Coburn. O. W. Stevens, Colt. Dr. Coburn, Barnes, Young and Guyer. The subject was referred to a committee, consisting of Messrs. Overfield, Barnes, and Miss. Weston, to present a report at the next meeting.

The subject of graded schools, in rural districts, was postponed till next meeting.

The subject of awakening Teachers to a sense of the importance and responsibility of their profession was referred to a committee. consisting of Messrs. W. F. Corbin and N. Young and Miss H. K. Pitcher.

Mr. Coburn offered the following which was adopted unanimously :--

Resolved, That in the opinion of this assosiation, the cause of education would be advanced by placing a copy of Webster's Unabridged Dictionary in the school house in each district in the Commonwealth for the use of the eachers and pupils. We therefore respectfully conest our representatives in each branch of be legislature to use their influence to have object accomplished in the way, which to em shall appear the most advisable.

It was Resolved, That the thanks of the association be tendered to the Trustees of this harch for the use of the edifice, and to the habitants of Leraysville for their kindness nd hospitality to the members of the Associa-

Mr. Wm. Davis and Miss Mary Barnes were ppointed essayists for next meeting.

The Rev. D. Cook, Dr. Coburn and Mr. arnes were appointed a committee to prepare ness for the next meeting.

The Association adjourned to meet in the esbyterian church, of North Warren, on second Friday of June next, at 10 o'clock

Concluded with a prayer by the Rev. S. F.

MR. BARNUM'S LABILITIES .- The New-York Tribune says :

In addition to the facts given in relation to We publish the following Mail Routes Mr. Baruum, we have farther details. The Bradford county for the benefit of our rea- mortgage on Iraristan which cost about \$150. 000, is \$125,000, which is probably more than Sterlingvile, Braintrim, Skinner's Ed. port property is \$185,000. Mr. Fred. Croswell has been appointed assignee of Mr. B. on petition of the New Haven County Bank, and Mr. Landford on petition of the Farmers' Bank of Bridgeport. The collision between these assignees must be settled by the Courts. Claims must be presented in sixty days. The mortgages against Mr. Baruum's real estate day, after arrival of Wilkes-barre mail on record in New. York are \$179,000. His confidential debts are about \$100'000. The collection of curiosities in the Museum is in the possession of Messrs. Greenwood & Butler .-The assets of the Jerome Company, set down as worth about \$600,000, would not probably sell for over \$150,000 or \$300,000. Mr Chauncy B. Jerome, the founder of the clock company, who owned \$172,000 of the stock, has Leave Towarda daily, except Sunday, also been forced into bankruptcy by the Stam-at 2 1-4 p m. voluntary assignment the day of the meeting of the creditors in New Haven.

> U. S. PATENT OFFICE .- The following patents were issued to Pennsylvanians for the week ending 19th inst :- To Sherburne C. Blodgett, of Phila., Pa., for improvement in forks; Wallis and George Bull, of Towarda, Pa., for improvement in machines for sawing marble; Stephen Gorsuch, of Altoona, Pa for improvement in seeding machines.

Arrive at Towarda same day by 12 m. Additional Improvement.—J. F. Mascher, of Philadelphia, Pa., for improvement in daguer-Proposals for six times a week service rcotype cases. Original patent, March 9th,

74171755 THE EXAMINATION of the several classes connected with the Susquehanna Collegiate Institute, will commence at 9 o'clock A. M., on Tuesday March 4th, and continue four days. deduction and alterations as to them shall seem just.
By order of the Commissioners,
Jan. 23. day, 4th;

THE ELECTRO CHEMICAL BATH, DIRECT & TO-&-FRO ELECTRO MAGNETIC MACHINE.

DIRECT & TO-&-FRO ELECTRO MAGNETIC MACHINE.

JAMES HARRIS, ELECTRICIAN, of Towanda, respectfully informs the public that he has lately procured from New York the celebrated Electro-Chemical Bath, which has proven to be one of the most important and wonderful discoveries of the age, from its ability to extract minerals from the human system.

Some eight years ago, a physician of Cincinnati discovered the process of extracting minerals from the body, by galvanism; more recently, M. Verges, of New York, an electro-gilder, having suffered from the introduction of poisonous minerals into his system in the prosecution of his art, conceived the idea of removing them by the same processes, he succeeded in doing so, and quickly recovered. He then applied the same means to others similarly affected, with like results. His success exceeded his most sanguine expectations, for not only did these Baths remove mineral poisons, but cured many diseases, some of which were the result of minerals, and some were not.

More recent experiments have fully confirmed the singular power of this Bath to draw from the system all minerals that may be lodged therein, to the great detriment of health. Very color presents are sufficiently adjected.

gular power of this Bath to draw from the system all mi-nerals that may be lodged therein, to the great detriment of health. Very often persons are afflicted by diseases which are beyond the comprehension of the most skilful physicians, and which are the effect of poisonous mine-rals accumulating in the system for years, taken in the shape of calomel, lead, &c. &c.

The following are some of the diseases cured by these baths: Rheumatism, Paralysis, Palsy, Painter's Cholic, Chronic Ulcers, Glandular Swellings, Scrofula, Cancer, Neuralia in all its forms, Salt Rheum and Humors of all kinds.

kinds.

He has also S. B. Smith's newly invented DIRECT AND TO-AND FRO ELECTRO MAGNETIC MACHINE, which

TO-AND-FRO ELECTRO MAGNETIC MACHINE, which is a great improvement on the Magnetic machines heretofore in use. With the aid of the Bath and Machine, we have at command all the available medical efficiency of Electricity. The medical power of the Machine is very great, in introducing medicines into the system through the pores of the skin—applying it directly to the parts affected, which gives an increase of medicinal power over that of taking it into the stomach, rendering it particularly efficacious in all local diseases.

Laun now prepared to apply these Baths, and also the I am now prepared to apply these Baths, and also the Machines, at my house in the south part of the borough of Towarda, or I will visit patients at a distance, who are unable by reason of disease to come to this place, at mo

derate prices.

I am also sole agent for Bradford county, for the above Machines.

JAMES HARRIS. Towanda, December 22, 1855. Book and Periodical Agency.
