## SENATOR BIGLER'S RESOLUTION.

Senator Bigler is determined to do something to render himself notorious. Like the silly youth who fired the Ephesian temple, he is bound to go down to posterity, even if his reputation is acquired by some deed of doubtful morality or wisdom. He has at length hit upon a scheme which will enable him to succeed in his aspirations for a niche in the temple of fame.

On Saturday, 9th inst., Senator BIGLER submitted a resolution for the consideration of the Senate, calling on the President for copies of the vouchers on which Mr. FREMONT's accounts. there are any papers on file in the Departments, posed any measure for their pretended relief feasance in office, &c.

By the rules this laid over until Monday, less mercy, shown them? when the mover called it up, and it was passin the Senate mostly voted for it.

solution, Senator BIGLER said :-"These charges against Mr. FREMONT, with regard to

"financial matters, had been extensively circulated, and "it was due to him that they should be refuted from official sources, if it could be done."

He will hardly find any one silly enough to tation had anything to do with the movement. no upright and manly opponent would be guilty-and to which we are surprised to see him stoop. It is well understood that all of Col. FREMONT's accounts and vouchers are in the seren days were left of the session ; consequently no report could be made until after the adjournment, when there would not be any opportunity to examine the truthfulness of its statements upon the floor of the Senate.

It was only the last session of Congress that Col. FREMONT was allowed payment for a large amount due him by the United States, and his accounts were thoroughly audited and scrutinized. Now, the tender regard manifested for his reputation by James Buchanan's fugleman, thought Bradford County was in South Carowill excite the admiration of the country.

A tremendous FREMONT and DAYTON meeting was held at Troy, on Saturday night last, which was addressed by A. S. DIVEN and Mr. Dunn, of Elmira. Four cars came from Elmira, loaded with Fremonters to attend.

PAY OF MEMBERS .- The bill fixing the compensation of members of Congress, as passed by the House on Friday, gives them \$3000 annually, cuts off all appropriations for books for members, and deducts compensation for ab-

separated by the passengers.

THE EFFECTS OF FREMONT'S NOMINATION,

It is but a short time since the nominations delphia and already the enthusiasm and popular feeling aroused by the names of Fre-MONT and DAYTON has had a glorious effect .-Before the overwhelming tide of Freedom, the Siavery extensionists have begun to bow .-The arch-traitor Douglas, forgetting his threats of subjugation, stands up in the Senate Chamber and proposes to repeal a few of the more obnoxious of the barbarous code of laws, which he once proclaimed must be respected and enforced.

The shouts that go up from the people for the cause and the candidates of Freedom have penetrated even the White House, and struck terror to the profligate Pierce. He hastens to remove Shannon, as a peace offering to the outraged people. The Free State men in Kansas have asserted that Shannon was unfit to discharge the duties of the office of Governor, and the President now confirms their position by summarily removing him from that office.

For months, the leaders of the Free State movements in Kansas, have been proscribed and outlawed from the Territory, or languished in prison, under indictments for high treason,-Awed and rebuked by the popular voice, it is now announced, by authority of the Administration, that these indictments are unjust and cannot be maintained, and that the prisoners are to be liberated, and the indictments set

The Territorial Judges appointed by the President have been the head and front of the outrages upon person and property in Kansas, perpetrating under color of law the most disgraceful and lawless proceedings. It is now announced that these agents for forcing Sla-

These movements are an acknowledgement of all that the Free State men in Kansas have ever professed. They have declared that the laws of the pretended Legislature were barbarous and tyrannical; that Gov. Shannon was wholly unfit to be Governor; that the men under indictment for treason for crime had committed no offense against the laws of the United States; and have arraigned LE-COMPTE and his associates for the grossest dereliction. All this is now admitted to be correct by Pierce, Douglas and their confederates. They have receded from the positions formerly taken, and acknowledge virtually the justice of the cause of the Free State men.

That they are sincere in a desire to repair the wrongs they have inflicted upon Kansas no one will believe. They are alarmed at the popular movement now making to elevate Fre-MONT to the Presidency for the purpose of re dressing the grievances under which the people of Kansas suffer. They see the hand-writing on the wall. Defeat stares them in the face. Despair reigns at a Wheatland and emissaries from Buchanan hasten to Washington imploring that some measures may be taken, if possible, to arrest the tide of popular feeling. The as an officer of the Government, from his first concessions made indicate the fear of the elecexpedition to California were settled, so that tion of Fremont. Their triumph will be the triumph of BIGLER has taken upon himself a part of which free institutions. The election of BUCHANAN would be an admission on the part of the North, of a willingness to have Slavery extended not only over Kansas, but over all the immense territory bordering on the South and hands of his political opponents, and that but West. He would hardly be inaugurated, before the ruffian threat "we will subdue you," would be reiterated, the mask would be thrown off, and the schemes for extending Slavery, prosecuted with renewed energy.

The nigger driving Executive Committee are flooding this County with documents, and saving the Republicans much labor and expense. We should suppose from the character of the documents sent by them, that they lina. One of the speeches circulated is J. GLANCY JONES', made expressly for the South, to satisfy the slave-owners that Mr. BUCHANAN was, and always had been, true to their interests. Another is A. H. FROM CALIFORNIA.

We have by a late arrival two weeks later of the Republican party were made at Phila-news. The Vigilance Committee was in full power, and all attempts of the Governor to induce them to abdicate had failed. Judge Terry was still in their hands; but it was thought that he would not be executed. Several new arrests and shipments of suspected rogues had been made by the Committee .-Very destructive fires had occurred, whereby Placerville, Nevada and Georgetown were ravaged almost to annihilation. The loss at Nevada is stated between two and three millions. Nearly two hundred buildings were destroyed at Placerville, and the loss was estimated at \$1,000,000. The loss at Georgetown was estimated at \$100,000. A large fire has also taken place at Marysville ; loss \$160,000 .-The mines are prosperous, except for lack of water. The first returns of the grain harvest are coming in. It is believed that the crops of this year will be larger than those of any previous year. The quality of the grain is excellent. The nominations of Buchanan and Fremont had been received, and the Democracy had held a ratification meeting at San Francisco. They stuck pretty hard on the Pacific Railroad dodge, and will be very likely to take revenge at the polls. Col. Fremont was enthusiastically hailed, though the Republican party can hardly boast of an organization as yet. The Know-Nothings will hold their State Convention on the 2d of September; the Democrats on the 7th; and the Republicans on the 27th of August.

ADJOURNMENT OF CONGRESS .- The session of Saturday was prolonged until 4 o'clock of Sunday morning. Committees of conference were appointed in reference to the amendments to the Appropriation bills, and the House receded from all except that which refuses to pay for another session of the Kansas Legislature. which the Senate agreed to. The House finally voted to hold on to its amendment to the Army bill, forbidding the use of U.S. bayonets to enforce the bogus laws in Kansas.

Monday, another committee of conference was appointed, but were unable to agree, and the House adjourned at 12, M., without passing the Army bill. This bill appropriates about fourteen millions, and it is thought that an extra session will be called in consequence of its not passing.

We rejoice that the Republicans of the House have thus shown that the slavery-extensionists were determined that the forces of the United States should be employed to enforce the tyrannical code of Kansas laws.

Talk about "shrieking for Freedom"was there ever anything in the line of the horrible could equal an electioneering document Senator BIGLER is franking through the county, the title of which is-" The fearful issue to be decided in November next! Shall the Constitution and the Union stand or fall? FREMONT the sectional candidate of the advocates of Dissolution. Buchanan the advocate of those who advocate ONE COUNTRY! ONE UNION! ONE CONSTITUTION and ONE DESTINY !"

We submit that this screech for Slavery goes vass. It sounds something like the decrees of the Chinese Empire :- " A special edict! hear and tremble !"

THE NEXT CONGRESS .- At the elections which have just been held in some of the Western States the first members have been chosen for the Congress which is to succeed the present one. Thus far everything has worked well for the Republican cause. In the present Congress, all the Missouri members are against that party. In the next, one member from he had made in the Senate. that State will be favorable. Iowa is represented now by one Republican and one Democrat. She has just elected two new members. of whom one, Mr. Davis, of the second district, is known, beyond all doubt, to be Republican.

H. C. PORTER, P. M. In the first district, another Republican, Curtis, is also elected. This makes in Iowa and Missouri a gain of two members for that party. Assuredly, this may be taken for a fair beginning of the campaign, and if the succeeding elections in the free states result simflarly, the next Congress will be more overwhelmingly opposed to the extension of slavery than is the present one.

The Anti-Slavery Standard, the organ of the Garrison abolitionists, takes strong ground against the republican party. It gives in its leading article for this week, an extract of a letter from a "clear sighted abólitionist in Massachusetts," who says that the success of the Republicans "will in its benumbing and satisfying influence retard the movements of the slave's redemption." So Parker Pillsbury a prominent Garrisonian, in a speech at Framingham on the 4th of July, declared his preference for the election of Buchanan, because it would tend to promote and influence the anti-slavery agitation, while that of FREMONT would tend to a cessation of it.

On our outside will be found a correspondence between E. Curry, Esq., and Hon. G. A. Grow, in regard to certain documents and aggrandize Slavery. He attempts to show bearing the frank of the latter. It exposes a that the Bible sanctions slavery-forgetting disreputable trick of the Buchaniers against that it was not then negro Slavery, but white which we caution our friends throughout the

Many of them assured us that the vote in their espective localities in November next, for Fremont and the cause he represents, would astonish his friends everywhere. There could not, he continues, have been less than five thousand people present, and those the bone and sinew of the Lackawanna Valley. The vast assemblage was ably addressed by the Hon. The fact is, Wilmot is a "whole team," and with his valuable aid Old Luzerne can be redeemed and placed in the ranks of Fremont and Dayton. There were nany old fashioned Democrats present who have come out and renounced forever the Slavery Propaganda, and are determined to act henceforth, and forever hereafter, on the side of Freedom

SENATOR SUMMER. - A correspondent of the Sandusky Register, writing from Chelton Hills, near Philadelphia, July 30th, gives an account of a recent visit to Senator Sumner. He says :

"I enjoyed last evening, a very interesting conversation with him, and regret to say that I was too fully confirmed in the apprehension, everywhere entertained, that the injury he re ceived from the blow in the Senate, which struck down alike freedom of speech and the sovereignty of Massachusetts, will be permanent and fatal. New ORLEANS, Aug. 14. A terrible storm occurred in this vicinity on Sanday, which lasted all day, as also all day on Monday. Its effects, however, were most disastrous at Last Island, a great summer resort, and which our accounts represent to have been entirely inundated.

Every building on the island is said to have been swept away, and no less than one hundred and thirty seven lives are reported to have been

The steamer Star, Capt. Smith, which left here on the 9th (Saturday), with a large number of passengers, encountered the storm before reaching Last Island, and became perfectly unmanageable; she soon after became a complete wreck.

The scene among the passengers was terrific there being no less than two hundred and fifty passengers clinging to the wrecked fragments the vessel, each anxiously waiting the arrival of some vessel to take them off.

Whether any of this company have been lost is not yet known, though hopes are entertained that all were saved, as a steamer is understood to have gone to their relief.

Caillon Island has also been submerged, but the accounts from thence are very meagre. It is reported, however, that an immense amount of property, and many lives have been lost.

The ships Bowditch and Ellserlie, as also the brig Creole, which were lying near the mouth of the river, have all been seriously damaged by the storm.

On the Lake and River we also hear of nnmerous steamboats, flatboats, and other crafts being injured.

Nearly all the wharves at the watering places have been inundated, and the buildings thereon-bath honses, &c., &c .- swept away, Altogether the loss of property must be very heavy, but is impossible now to calculate
