#### The Orders to Gov. Geary.

Washington Sept. 12.—It is understood that the telegraphic despatch transmitted by the State Department to Gov. Geary, is to the following effect:

If the militia, which previous orders sent by Col. Emory made subject to the requisition of Gen. Smith, are not sufficient for the exigency, Mr. Marcy wishes to be notified by telegraph, AWTERICE, and over the blood of its few, but remarking that the insurrectionary invasion callant citizens, poured out in defence of their of Kausas by way of Nebraska, and the subsequent hostile attack on the post-office at Franklin and on the dwellings of Titus and Clark, seem to have stimulated to unhawful acts of the same character on the border of Missouri, and that the President expects Gov. Geary to maintain the public peace, and bring to punishment all acts of violence or disorder, by whomsoever perpetrated, relying on his energy and discretion, and the approved capacity, decision and coolness of character of Gen. Smith, to prevent or suppress all attempts to kindle civil war in the Territory.

The telegraphic despatch from the War De partment to Gen. Smith, bears date Sept. 9th, acquainting him that it is the purpose of the President to secure him all the militia force necessary to maintain order and suppresss insurrection, and that no military operations shall be carried on in Kansas otherwise than under his instructions and orders. Hence he is instructed not to permit the employment of militia or any armed bodies of men unless they

COL. FREMONT AT THE SOUTH .- A slaveholder writes a long letter to the New-York Daily Times, from Atalanta, Geogia, emphatically endorsing the nomination of Fremont and Dayton, and expressing an earnest desire for their election. He says that he is a permanent rewas born in a Slave State, does not believe the people of the North wish to deprive him of his property, regards slavery as anything else than a blessing, thinks the whole white race would be happier and better without it, and thus speaks of the existence of a Fremont party at the South :-

" And as to the forming of a Fremont party in every Slave State, I do not hesitate to say it could be done with ease, if mobs were out ry, in spite of mobs. A few brave hearts could do the work anywhere. But, misrepresented as Fremont has been, I will not say that he could get the electoral vote of any Slave State. Yet it is beyond all doubt that he could get thousands of the people's votes in every one of these States. I will go further. I will say that in twelve months from now there will be a Republican party in every Southern State. men. It will have for its object the introduction, among our people, of fraternal feelings
