MEETING AT LERAYSVILLE.

We have a letter from the Chairman of the Republican State Executive Committee, announcing the Hon. HANSHAM HAMLIN, of Maine, will speak at Montrose, on Saturday 11th inst., and at Lerayville on Monday afternoon the 13th inst. There will be no failure in his presence unless some unforeseen contingency should occur. No man in the Union commands a greater degree of our respect and admiration than Gov. HAMLIN. He has always been a Democrat, but when the Cincinnati Convention made its pro-slavery platform, and JAMES BUCHANAN with indecent haste jumped upon it, he rose in his seat in the Senate, and in plain and manly language declared that he could not support such measures nor such a man.

Nominated as the Republican candidate for Governor of Maine, every effort was made by the Slavery propagandists to effect his defeat. Of this result they were sanguine, but the people of Maine, by 25,000 majority, attested their confidence in his integrity and their devotion to the principles of Freedom. Coming with this proud endorsement of the Freeman of Maine, his presence with us, will be a gratification which the people of Eastern Bradford will unquestionably enjoy.

Amongst the many plans employed to defeat LAPORTE, it is expected to divert votes in the Western part of the County, upon local questions. We appeal to the Republicans of Western Bradford not to be used by the unscrupulous men who make this boast. You cannot effect your interests by any such course, while every vote lost for LAPORTE at the State election, is equivalent to a vote cast against FREMONT in November. The attempt will be made to excite your local prejudices. Remember, that those who attempt it, are looking after Mr. BUCHANAN'S interests, not yours.

Rally! Freemen to the Polls!

This is the last occasion we shall have to urge upon the Freemen of Bradford County the importance of the present contest, and the necessity for united and vigorous action. On Tuesday next, is to be decided questions of great moment to the prosperity and perpetuity of our Country. It is every man's duty to

BE AT THE POLLS!

Rain or shine, snow or sleet. We say again, BE AT THE POLLS! and be there before they are opened. When the polls are opened, vote yourself, and see that every Republican in the township is there. Be at the Polls all day, and if there is a voter absent, start out after him. Do everything that is honorable, and leave no exertion undone to

GET OUT THE VOTERS!

It is needless to say, that the Buchanians will do so. They have been supplied with money from Custom Houses, and interested capitalists, to get out every voter, and they will leave no efforts untried to poll all their votes. The Freemen of Bradford must give ONE DAY TO THEIR COUNTRY! or the efforts of the organized pro-slavery disunionists will prove successful. If the free laboring men of the country, will be vigilant and industrious, all will be well.

DON'T NEGLECT THE STATE TICKET!

Upon the State Ticket depends our success in November. See that every man votes for the State Ticket—COCHRAN, PHELPS, and LAPORTE. Their election decides the battle of the Presidency. Against them, all the efforts of the slave-propagandists will be directed.

RALLY! FREEMEN, RALLY!

Your country calls upon you to devote one day to her interests. As this election is but a preliminary skirmish to decide the Presidential battle, you should lead all your efforts to promote the success of your principles now—Freemen of Bradford! Are you anxious to attest your detestation of the Administration FRANKLIN PIERCE—your unqualified disapprobation of its measures and policy? Are you anxious to rebuke the monstrous infraction of National faith committed in the Repeal of the Missouri Compromise? Are you anxious to express your deep abhorrence of the plan to force slavery in Kansas, and your indignation at the outrages committed upon your neighbors and friends by the border-ruffians of Missouri, aided by the United States authorities, with the approbation of the sham Democracy?

RALLY TO THE POLLS!

Do you believe that capital should hire its labor, not own it—that Free Society is not a failure—nor made up of "greasy mechanics, filthy operatives, and small fisted farmers,"—do you believe that labor is honorable, not degrading—do you love Freedom not Slavery, and desire for your children an opportunity to emigrate to the West without encountering the degrading presence of negro bondage

RALLY TO THE POLLS!

An attempt is now making by means of the name of Democracy to subvert our free institutions—to deride the teachings of our forefathers—to put new and dangerous constructions upon the Constitution—by means of which Slavery may be introduced upon every foot of the soil of this Republic. The slave-power usurps and controls every branch of the government, and pervades and dominates over every department, proscribing and outlawing those who hold to the opinions of Jefferson and the fathers of the Republic. Mob law and violence prevent the free expression of sentiments in one portion of the country, with the approbation of the slave-driving adjuncts north. Would you mark with your disapprobation this state of things

RALLY TO THE POLLS!

Rally! all those who would bring back the government to the designs and purposes of its founders—all who would carefully comply with every requirement and compromise of the Constitution—all who desire to see the government administered upon liberal and national principles, and in such a manner as to

PRESERVE BOTH LIBERTY AND THE UNION!

Rally, on Tuesday next, to aid in swelling the glorious victory which awaits us. Every vote added to the majority on that day makes our victory more easy and certain in November. Rally, for the glorious cause of Freedom, Free Speech, Free Men,

FREMONT AND DAYTON!

ONE VOTE.

Remember one vote has decided mighty events in the political history of the world—One vote has decided the fate of Kings, made Governors, Congressmen, and Senators. Then fail not every freeman, to go to the polls and cast a vote for the true Republican candidates whose names are found at our head. Do not falter or stay at home because you may think there is or will be enough without you. If all were to make such excuses for themselves, of course we should fail electing any one, or leave the matter in the hands of those who might for unworthy motives, attend and control your sentiments.

TURN OUT EARLY.

and vote and work till the battle is fairly fought and the victory gloriously won, and like worthy unbought freemen proudly boast and wear it.

Rev. W. H. H. DWYRE will address the Young Men's Fremont and Dayton Club of this Borough, at the Court House, on Friday evening, Oct. 10.

THE UNION STATE TICKET.

The most desperate efforts are being made by the Buchanians to defeat the Union State Ticket, or some portion of it. They see the handwriting on the wall—they feel they are doomed to defeat on Tuesday next, and their overthrow then extinguishes the last lingering hope of BUCHANAN'S election. To effect a division of the Fillmore men, they are resorting to the most disgraceful expedients. The Pennsylvania is charging that all the Union State Ticket is in favor of FREMONT, and appealing to the Fillmore men not to support it. The fire is particularly directed at LAPORTE. Nominated as a Republican, his position upon the Presidency is supposed to be more assailable than either of the others.

It is but a few days since, that one of the Buchanan leaders in this place was at Athens endeavoring to procure a statement or affidavit from FILLMORE men there, to the effect that LAPORTE was making speeches for FREMONT, and denouncing FILLMORE. In this, he failed, as the FILLMORE men declined certifying to a falsehood. Not succeeding in this, the following statement has been signed by a few of the faithful, and forwarded to Philadelphia, where it appears in the advertising columns of the Ledger:—

We, the undersigned, citizens of Bradford County, and for a long time residents therein, and personally acquainted with Bartholomew Laporte, a candidate for the office of Surveyor General on the State ticket of the Republican party of Pennsylvania, declare freely and unreservedly, that he occupies the same position as David Wilmut upon the slavery question, and generally upon all political questions. His speeches before the people of our region, leave no doubt whatever as to his being deeply imbued with Abolitionism; in short, he is a bigot upon these subjects of the most ultra description. He is, and has been ever since the nomination, an open and zealous supporter of John C. Fremont for the Presidency, and an opponent of Millard Fillmore and copies closely the example and efforts of Wilmut in the present canvass.

Wm. Patton, J. F. Means, E. W. Baird, J. E. Piollet, A. L. Cranmer, D. Cash, C. S. Russell, D. C. Hall, D. A. Overton, Wm. R. Storrs, F. W. McKean, Stephen Pierce, V. E. Piollet, J. E. Piollet, William Scott, J. C. Cash, William Ellwell, J. D. Montanye, Wm. A. Chamberlain, H. B. McKean, D. F. Barnstow, A. McKean.

There is a commandment that "thou shalt not bear false witness against thy neighbor," which is worthy of the consideration of those signing this certificate. Living in the neighborhood of Mr. LAPORTE, there is no excuse for the falsehoods and misrepresentations this precious document contains.

They knew the statements made are false in every essential particular. They know that LAPORTE is not an Abolitionist, in any sense of the term; they do not know that he has made any speeches during the present canvass, nor that he has assailed Mr. FILLMORE, as is intended to be inferred from their certificate. As the object is to convey to the FILLMORE men below the impression that Mr. LAPORTE is zealously opposing FILLMORE, and that he is an "abolition bigot" of the "most ultra description," we pronounce it a disreputable attempt to injure a neighbor, by means of falsehood and deception. We are not surprised at some of the names which appear, because the owners would stoop to anything to carry their political ends, and to gratify their malevolence—but there are names appended which astonish us. We believe they have been signed thoughtlessly, and without a knowledge of the base use to which they were to be put.

During the present canvass, we have been honored with the presence of several distinguished gentlemen, preaching Buchannanism. Hitherto they have been honorable and courteous gentlemen, who sought by argument to bring our voters to their way of thinking and acting. Whatever success they may have had, we certainly have no disposition to find fault, because their conduct was gentlemanly and courteous. All this time we have been threatened with the presence of Mr. ELLIS B. SCHNABEL, whose feats have been the admiration of the Pennsylvania for some weeks past. On Friday night last, this person delivered himself of a speech at the Court House, in this place. We had the curiosity to hear what this great champion of BUCHANAN had to say, and consequently attended.

Instead of discussing the issues of the contest, the speech was made up of constant reference and personal abuse of Judge WILMOT. The terms applied to Judge W. were "quack," "monstebank," "lazy lubber," "infamous," "guilty of wilful and deliberate falsehood," and a variety of other choice epithets which are supposed to be current amongst fish-women and in the stews of New York. The speaker certainly proved himself an adept in the use of coarse vulgarity and low blackguardism, and his familiarity with vituperation such as no gentleman would descend to. We are aware that such a blackguard places himself below the notice of honorable persons, and we only make allusion to him to say, that in conducting the present contest, we have endeavored to treat our political opponents courteously and fairly, and without descending to anything like personalities. We had hoped that such would be the case on each side. We do not believe that personal attacks upon Judge WILMOT will advance Mr. BUCHANAN'S prospects, and we consider that those who have invited Mr. SCHNABEL here, have not only injured their own cause, but have made themselves liable to retort—if anything can justify retaliation. They are responsible for the scurrilous exhibition of bad passion which we have had, and if they deem such attacks upon the standing and character of a citizen in good taste, or beneficial to their cause, they are welcome to all the satisfaction they can obtain.

DEATH BED REPENTANCE.—Posters calling a Democratic meeting at Condersport, Potter Co., on the 16th, announced as a rallying cry, "Buchanan, Breckinridge and Free Kansas!" Rather too late to deceive the people, who know the grovelling wrogs which have perpetrated to make it Slave Kansas.

LET OUR MECHANICS READ.

The question really is, whether it is better for capital to own its own labor or to hire it. We differ in regard to this question. You have determined the question one way in Pennsylvania, and we have determined it another way in Georgia. I do not propose to interfere with your social system, nor to controvert your decision. Do as you please. I ask for the south that we shall be allowed to do as we please. We have determined it is better for us that capital own its labor.

Such is the language of the Hon. HERSHEL V. JOHNSON, of Georgia, at the democratic mass meeting in Philadelphia last week, as reported in the Pennsylvania. Southern speakers claim that it is best "that capital shall own its own labor," while we at the north contend that capital should hire it at remunerative wages. Mechanics! upon what side of this question do you intend to range yourselves? Is it your policy to strengthen that class of politicians, who believe that it is right to own labor? If this is the real question as claimed by Mr. JOHNSON, will you not rise in your might, and say that if such are the views of southern men, you must seek to restrict them to the states where they are now entertained?

It must be recollected that this doctrine is openly promulgated at a large democratic meeting, and that it was reported in the immediate organ of Mr. BUCHANAN. It therefore becomes a new principle of the sham-democracy, to be ultimately adopted into its platform. It is high time that our laborers and mechanics should understand this matter, and if they wish to sustain free labor they must vote for the republican nominee. The opinion of Mr. JOHNSON is carried out by the extracts from the southern press to which we add the following from the Muscogee Herald, an Alabama Buchanan journal:

"Free Society! we sicken of the name. What is it but a conglomeration of GREASY MECHANICS, filthy operatives, small fisted farmers, and moon-struck theorists? All the northern, and especially the New England states, ARE DEVOID OF SOCIETY FITTED FOR WELL BREED GENTLEMEN, the prevailing class one meets with is that of mechanics struggling to be great and small farmers who do their own sowing; and yet who are hardly FIT FOR ASSOCIATION WITH A SOUTHERN GENTLEMAN'S BOY OR SERVANT. This is your free society which the northern borders are endeavoring to extend into Kansas."

Look to your Ticket.

We again urge upon our Republican friends the importance of attending to the WHOLE TICKET. See that voters are supplied with a full set of votes. Don't permit any trading or bartering. It is as important for the success of our principles that the candidate for the lowest office should succeed, as the highest.

Republicans! you have organized for the advancement of principle. In furthering that object you have presented a Ticket. Every member upon it, is entitled to your support.—Don't swerve a hair's breadth, but consider the ends you would accomplish, and the means necessary for their advancement.

GET OUT THE VOTERS!

We urge upon our friends in the strong Republican towns, the importance of having arrangements made to get out every voter. Have your teams in readiness, and bring every voter in the township to the polls. Your opponents will not lose an available vote. They will be furnished with funds from the custom houses and post offices, to get out their votes and the Freemen of the county must counter-balance their money and efforts by personal exertions.

FOLD YOUR TICKETS!

Much valuable time might be saved and many more votes secured by having the tickets on the ground before the polls are open, ready cut and folded, and tied in sets—eleven votes in each set. See that each voter who desires it, has a full set, and votes it too.

PRO-SLAVERY COALITION.—The rumors of a coalition between the Democratic and American parties grow stronger every day. The New-York Mirror says—

"We learn from sources that we can hardly doubt, that the leaders of the Buchanan and Fillmore parties have come to an understanding, and are now at work, night and day, consummating the coalition to defeat Fremont."

The Buffalo Commercial Advertiser, Mr. Fillmore's home organ, in the course of an editorial article observes:—

"The moment it is ascertained that Mr. Buchanan cannot carry his own State—that Pennsylvania is lost to the Cincinnati nominee—his case will appear hopeless, and some new policy will be adopted. Nay, this is admitted by some of the Democratic leaders themselves."

The contingency here referred to is the victory of the Republicans in Pennsylvania at the October election, and by the phrase "new policy" is simply meant the withdrawal of Mr. Buchanan, practically, or the concentration of his strength on an amalgamation ticket.

Prof. C. R. COBURN has left with us twenty-one potatoes, weighing twenty-one lbs., raised by himself, of the pinkeye, Nova scotia, and other varieties. They are the finest specimens of potatoes we have seen this season. They owe their large size and excellent qualities to the application of the compost, we published last spring, given us by Mr. COBURN, who has for years had the best of evidence of its value.

Mr. SCHNABEL, in his speech at this place, said that "no respectable man would vote for Mr. GROW." What say you, Freemen of Bradford, to the opinion of this despicable slanderer. Are there no respectable men amongst the six thousand voters who will deposit their ballots for GALUSHA A. GROW, on Tuesday next? Recollect that this West Branch blackguard says that if you vote for Mr. GROW, you are without the pale of respectability!

HON. H. HAMLIN of Maine and Hon. D. WILMOT will speak at the Court House, on Monday evening Oct. 13.

THE COUNTY TICKET.

Don't let the County Ticket be neglected, but see that every voter has a full set of votes—eleven in all. Though its success by a large majority is certain, it is nevertheless important that no votes be lost which can be secured for it.

A COMMON error of many inconsiderate persons, is to suppose that the organization of Emigration Aid Societies in the North, led to the troubles in Kansas. This is dispelled by the report of the Congressional Investigating Committee, which shows that, in the latter part of the year 1853, before the repeal of the Missouri compromise, a public meeting was held in Platte county, Mo., at which Atchison made a speech, and where the following resolution was passed:

Resolved, That if the Territory shall be opened to settlement, we pledge ourselves to each other to extend the institutions of Missouri over the Territory, at whatever sacrifice of blood or treasure.

The proceedings of this meeting were published in the Platte Argus, one of the organs of the Atchison party. Before the Investigating Committee, a man named Davis, a Missourian, testified that he was a member of the famous "Blue Lodge" in Missouri, in February, 1854, before the Kansas bill passed, the avowed object of the order being to make Kansas a slave State.

DON'T NEGLECT THE STATE TICKET.

It is generally conceded that the result of the election next Tuesday, will have a powerful influence upon the Presidential contest. It is the duty of every Freeman who desires the defeat of BUCHANAN to rally at the polls next Tuesday. A glorious triumph then, for the Union State Ticket, secures a certain victory in November.

Don't neglect to go to the Polls on Tuesday next, thinking you can vote on the 4th of November to rebuke the political transgressions of the present National Administration. Your vote is needed now to swell the verdict of disapprobation which will close up the Republican column for the great triumph in November. Let Pennsylvania repudiate JAMES PEARSON on Tuesday next, and the question is settled and the cause of Freedom victorious.

Look to it that every voter who wishes to cast his suffrage in condemnation of the pro-slavery policy of the democratic party—in rebuke of the outrages in Kansas—has a vote for the State Ticket. The majority on our County ticket, is of little consequence as to its amount—but every vote for the State ticket, is so much added to the grand result.

The Fremonters of Montgomery and Bucks counties, had a grand rally on the 2th ult. at Harboro'. The mass, says a correspondent, was estimated from 10,000 to 15,000; the procession of "big teams" was about three miles long, headed by about 200 men on horse back. The speakers were Geo. Lear, J. P. Hale, D. Wilmot, A. Burlingame, and Wm. Moran, who were all listened to with great attention. The meeting adjourned to great Langhorn's Hill meeting, in Bucks county, near Bristol, on Saturday, Oct. 4. The speakers for this meeting are Banks, Burlingame, Wilmot, Ford, and Shaffer. It is expected this will be the largest meeting in Eastern Pennsylvania. The friends of Fremont and Freedom are well organized in old Bucks—two or three meetings are held every night in the county. Here the people are brought together in school-houses, wagon-lifts, barns, mills, &c., in different sections of each township, and the effect is most glorious for Freedom's cause.

MYSTERIOUS AFFAIR.—On Wednesday evening 1st inst., EPHRAIM BOARDMAN of Orwell township, fell from the Bridge at this place, into the water, under circumstances which give strong suspicion that he met with foul play.—Mr. B. was seen about 9 o'clock of that evening, in a state of intoxication, attended by persons not previously known to him, and having in his possession a sum of money. About half-past nine, persons crossing the river in a boat, below the bridge, heard a noise as of some heavy object falling into the water, with a groan, and upon rowing to the spot, found a hat and handkerchief. The boat was presently hailed by persons upon the bridge, who said that a man had thrown himself over the railing. The story told by these persons and their dogging the missing man during the evening excited suspicions and they were arrested and locked up in jail.

Friday morning by dragging the river, the body was found, and an inquest empaneled by Justice BOGART, who proceeded to examine the body. The money which deceased was known to have, was missing. The only mark of violence was over one eye, which was contused, evidently from the effects of a heavy blow. On Saturday, the persons confined in jail—JAMES MITCHELL, and WILLIAM WHITE, were examined before Justice BOGART, and committed to await their trial at December term.

Mr. BOARDMAN was an industrious and worthy citizen, whose only fault was an occasional excess in drinking. He leaves a wife and seven children.

A large meeting was held at Athens on Friday last, which was addressed by HORACE GREELEY, and Hon. G. A. GROW, in very able and effective speeches.

BRADFORD COUNTY FAIR.—We are obliged to postpone an account of the Fair last week, with the list of premiums until our next.

A COMMON error of many inconsiderate persons, is to suppose that the organization of Emigration Aid Societies in the North, led to the troubles in Kansas. This is dispelled by the report of the Congressional Investigating Committee, which shows that, in the latter part of the year 1853, before the repeal of the Missouri compromise, a public meeting was held in Platte county, Mo., at which Atchison made a speech, and where the following resolution was passed:

Resolved, That if the Territory shall be opened to settlement, we pledge ourselves to each other to extend the institutions of Missouri over the Territory, at whatever sacrifice of blood or treasure.

The proceedings of this meeting were published in the Platte Argus, one of the organs of the Atchison party. Before the Investigating Committee, a man named Davis, a Missourian, testified that he was a member of the famous "Blue Lodge" in Missouri, in February, 1854, before the Kansas bill passed, the avowed object of the order being to make Kansas a slave State.

At the conclusion of SCHNABEL'S display of billingsgate and blackguardism, on Friday night, some one in the house proposed "three cheers for DAVID WILMOT," which were given with a will, making the house ring.—Opposed as we are to any interference with the assemblages of the opposite party, nevertheless we could not but consider it as an appropriate testimonial to a townsman whose reputation had been brutally assailed.

ANOTHER WHIG SENATOR DROPPING FILLMORE.—The Whig United States Senator from Missouri, Mr. GEYER, has published a well-argued letter containing his reasons for deciding that Mr. FILLMORE is not entitled to the support of "whigs." He has decided to vote for Mr. BUCHANAN. He considers that Mr. FILLMORE unnecessarily embarrasses the single issue of the contest—that he exposes the country to the danger of a contest for the Presidency in the House of Representatives—that he is associated on the ticket with a life-long opponent of whigs and whig principles, and is the candidate of a secret and oath-bound organization.

The Buchanan Platform.

Resolutions adopted by the Buchanan State Convention:

Resolved, That in the repeal of the act known as the Missouri Compromise act and the passage of the act, organizing the Territories of Kansas and Nebraska, free from unconstitutional restrictions, the last Congress PERFORMED A WORK OF PATRIOTIC SAVELTY IN MEETING THE DEMANDS OF SECTIONAL SETTLEMENT BY UNDAUNTED ADHERENCE TO THE FUNDAMENTAL LAW.

Resolved, That we endorse the Administration of President Pierce as NEUTRAL, FIDELITY, and EFFICIENT—fully equal to all the emergencies which the country has had to encounter, and that he has worthily maintained his interests and honor at home and abroad.

Resolution unanimously adopted at the Cincinnati Convention:

Resolved, That the Administration of FRANKLIN PIERCE has been true to the great interests of the country. In the face of the most determined opposition it has maintained the Law, enforced economy, fostered progress, and infused integrity and vigor into every department of the government at home. It has signally improved our treaty relations, extended the field of commercial enterprise, and vindicated the rights of American citizens abroad. It has asserted with eminent impartiality the just claims of every State, and has at all times been faithful to the Constitution. We therefore proclaim our UNQUALIFIED APPROBATION OF HIS MEASURES AND POLICY.

FAIR OF THE PENNSYLVANIA AGRICULTURAL SOCIETY.—The annual Fair of the Pennsylvania Agricultural Society is now in progress at Pittsburg, and will close to-day. The weather was somewhat unfavorable during the fore part of the week; but notwithstanding this the attendance was quite large, there being from eight to ten thousand people on the ground during Wednesday. On Thursday morning the weather became settled, and a general outpouring of visitors from the surrounding counties was expected. A more creditable exhibition has not been held by the Society, while the arrangements were exceedingly appropriate and convenient. The display of horses, cattle, sheep and swine was very large, every stall and pen being occupied. Indeed, it was found necessary to put up additional temporary shelving for many animals that were detained by the wet weather. Judge Woodward delivered the address on Friday. Agricultural implements are largely represented by the manufacturers of Pittsburg and vicinity. Some of these articles were remarkable for workmanship and the quality of the materials. Other manufactured goods were abundant, and many contributors exhibited largely of articles in their line. The horticultural and floral departments formed a splendid feature of the exhibition, and attracted much attention. Altogether, the success of the exhibition has fully met the expectations of the most ardent friends of the Society.—Ledger.

TRUE.—The Hon. Jesse D. Bright, one of the leading men of the Buchanan party says: "There is no danger of a dissolution of the Union. Neither Congress nor all the politicians in the country can dissolve the confederacy our fathers made and handed down to us." This is of course correct; but what must be thought of the whole of the newspaper organs of Mr. Bright's party, North and South, holding up before the public constantly the bugbear of disunion? The Washington Union bears of disunion? Of course it is a heads off in the movement. Of course it is a mere device to frighten timid people from the support of the Republican candidates.

A son of the Hon. John M. Botts has published a card in the Richmond Whig denouncing the conduct of the editor of the Richmond Enquirer, in endeavoring to get up a mob against his father, as brutal, ruffianly, and cowardly to the last degree. He says that nothing but an attack of rheumatism prevented him from inflicting personal chastisement, and he declares Pryor a bully, a blackguard, a posted coward, and a poltroon. A duel is plainly invited by the terms of the card.
