THE TRIBUNE FOR 1857.

The Election is past, and its results proves that the work develved on the Republican nasty is not jet completed. In all the Eastern and Northern pertiuse of the country—in New-England, New-York Oble and the North-Wet—the Republican banner deads in triumph; while it is dutiern dereay. This is but a fair specimen of what has long passed for "justife" in Kanass—justice which takes the criminals into pay and aids them in hunting down, plundering and "whiping out" the innecent, whom it consigns to the State prison if they are ever goaded into the madness of resisting their oppressors. Such crimes and wrongs as unhappy Kanasa has for twelve months endured, even Hungary or Poland has never known; and the Power at whose instigation these villaintes were and are perpetrated site enthroned in the White Honge, and has just achieved another four years' ascendancy in the Federal Government. Who, in view of these facts, can say that Republicans may now pile their arms, even for an hour? The Tenurse will be, as it has been as Point and Justine and Course of the College of New Jersey.

In short, if we fail to make The Treture worth its cost, it shall not be for want of expenditure or effort.

If it be deemed desirable by Republicans that The Treture hould be circulated in their several localities, we urge them to see that Clubs be made up and forwarded in due season. The Postmasters are semi-officially admonished not to aid our circulation, but to urge instead that of journals deemed "sound" and "National" by the compatriots of Atchison and Stringfellow. We ask live Republicans everywhere to take care that these efforts be not effectual to quench the light of Freedom in the murky mists of Slavery. ky mists of Slavery.

THE ELECTRO CHEMICAL BATH. DIRECT & TO-&-FRO ELECTRO MAGNETIC MACHINE.

DIRECT & TO-&-FRO ELECTRO MAGNETIC MACHINE.

JAMES HARRIS, ELECTROIAN, of Towanda, respectfrom New York the celebrated Electro-Chemical Bath,
which has proven to be one of the most important and
wonderful discoveries of the age, from its ability to extract
minerals from the human system.

Some eight years ago, a physician of Cincinnati discovered the process of extracting minerals from the body,
by galvanism; more recently. M. Verges, of New York,
an electro-gilder, having suffered from the introduction of
poisonous minerals into his system in the prosecution of
his art, conceived the idea of removing them by the same
processes, he succeeded in doing so, and quickly recovered.
He then applied the same means to others similarly affected, with like results. His success exceeded his most
sanguine expectations, for not only did these Baths remove
mineral poisons, but cured many diseases, some of which
were the result of minerals, and some were not.

More recent experiments have fully confirmed the singular power of this Bath to draw from the system all minerals that may be lodged therein, to the great detriment
of health. Very often persons are afflicted by diseases
which are beyond the comprehension of the most skilful
physicians, and which are the effect of poisonous minerals accumulating in the system for years, taken in the
shape of calomel, lead, &c. &c.

The following are some of the diseases cured by these
baths: Rheumatism, Paralysis, Palsy, Painter's Cholic,
Chronic Ulcers, Giandular Swellings, Serofula, Cancer,
Neuralia in all its forms, Salt Rheum and Humors of all
kinds.

euralia in all its forms, Salt Rheum and Humors of all

Neuralla in all its forms, Salt Rheum and Humors of all kinds.

He has also 6. B. Smith's newly invented DIRECT AND TO-AND-FRO ELECTRO MAGNETIC MACHINE, which is a great improvement on the Magnetic machines beretofore in use. With the aid of the Bath and Machine, we have at command all the available medical efficiency of Electricity. The medical power of the Machine is very great, in introducing medicines into the system through the pores of the skin—applying it directly to the parts affected, which gives an increase of medicinal power over that of taking it into the stomach, rendering it particularly efficacious in all local diseases.

I am now prepared to apply these Baths, and also the Machines, at my house in the south part of the borough of Towanda, or I will visit patients at a distance, who are unable by reason of disease to come to this place, at moderate prices.

derate prices.

I am also sole agent for Bradford county, for the above Machines.
