THE FARRIER.

TO TAKE WRINKLES OUT OF SILK SCARFS. The way to take wrinkles out of silk searfs and handkerchiefs is to moisten the surface evenly with a sponge and some weak glue, and then pin the silk with some toilet pins around the selvedges on a matrass or feather bed, taking pains to draw out the silk as tight as possble; when dry all the wrinkles have disappeared. It is a nice matter to dress light colored silk and few should try it. Some silk articles should be moistened with weak glue or gum-water, and the wrinkles ironed out by a hot flat-iron on the wrong side.

LICE ON FARM STOCK .- When any stock is infested with lice, whether horses, cattle, sheep, or hogs, I give copperas in their food every other day, for six or eight days-say a teaspoonful to a sheep. If the above directions are followed, I will pledge my word the prescription will kill the vermin inside and out, leaving your cattle with a clean stomach and a healthy skin. The remedy is so simple you in cloudy as clear weather.
