"From the testimony it will be seen the act is established that Gov. Bebb did order the rioters off before firing, though it would eem the order was not heard by them. The defense also testified to the guns being pointed towards the house, while the rioters are positive they were not. There always will difference of opinion in the public mind as to low much provocation will justify one man in booting down another, even where the law stifies the act, and we have no desire to discase the present case in that aspect. It is an nfortunate affair in any point of view. The ractice of charivariing newly married couples one which ought not to be tolerated in a vilized community, and we regret to learn as been much too frequent in this section for year or two past. Although in most instanes intended for sport, they are little better an mobs, and should be discountenanced by very right-thinking citizen. We hope the ad result of one at Gov. A riot between the contractors and borers on the Racine and Mississippi Raiload, occured recently at Medina, Winnebago ounty, Illinois. Two of the rioter's were killed and a number seriously injured. DR. CHAFFE AND DRED SCOTT .- There has been much studied misrepresentation as to Dr. HAFFEE the Republican member of Congress Massachusetts and his ownership of DRED Scorn The facts are, that the ownership of he slave vested in Mrs. CHAFFEE as heir to an estate, and the executor, Mr. Sanford, who alone had power to act in the matter, has been usane for some time past, so that nothing ould be done about it. He has lately deeased, and as soon as it was possible Mrs. CHAFFEE has manumitted the slaves.

Indeed very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Billious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hrtherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by perfected by the order of the production of the pr kc., &c.
