## The Liquor Question.

In the House of Representatives, a large number of petitions are daily presented, asking for the repeal or alteration of the present license law. Mr. Geopp, of Northampton county, is preparing a new license act, which will shortly be presented for consideration. It contains substantially the following few and

Three kinds of licenses are established; the first for tavern and restaurant keepers ; the second for liquor dealers and the third for brewers and distillers who may take out tavern-keepers' license if they Tavern-keepers (or persons selling by less than one quart) are to pay as fol-

OLD SOLDIERS, ATTEND!

THE subscriber respectfully informs Soldiers of the war of 1812, of the Markian War, and any of the Indian Wars since 1750, that there is now pending before Congress a bill granting pensions to officers and soldiers that have been engaged in any of said wars. It is generally believed that said bill will become a law. I shall be prepared with directions, blanks and forms as soon as said law is passed, and will attend to the procuring pensions under said act, on reasonable terms. I still continue procuring Land Warrants fer all that are entitled to them. Revolutionary claims attended to.—From my long experience in the above named business, and having reliable agents at Washington, I flatter myself that I am as well prepared to examine and perfect any of the above named claims, as any other person in this section of our country. My office is at my dwelling house, on Main Street, in Towanda, near the residence of the late Doctor Huston.

The prizes are distributed on a simple plan of drawing, which would take too much room to explain, but which has never failed to give complete satisfaction. We have drawn and sent to purchasers 183 gold watches of various prices, 74 purses of gold dollars, 238 gold lockets, \$50 gold chains, and a corresponding number of other prizes, within two months. We want a good agent in every neighborhood throughout the country, to solicit purchasers, and any agent, to be successful, must have a Pencil and prize to exhibit. We pay agents \$1 cash for each purchaser he obtains, and the first person in any neighborhood who applies for a Pencil and girt, will receive the agency for that locality. Should an agent obtain a valuable prize to exhibit with his Pencil, he would have little difficulty in obtaining scores of purchasers, and making it a paying business.

A NEW IDEA! READ!! READ!!!

We ask nobody to send their money till they know what prize they draw. Any person wishing to try their luck, can first send us their name and address, and we will make their drawing and inform them by return mail what prize they draw, when they can send on and take the Pencil and prize, or, not, whichever they choose. We give this privilege only once to a purchaser. After the first drawing, every purchaser will be required to send in advance, through the authorized agent. We will send with each drawing the number taken out, with full description of the plan of drawing. Address.
