

The "Star of the North" published at Bloomsburg, Columbia County, comes to the following very sensible conclusions in regard to the proposed change in this Judicial District:

But is the method proposed in this instance, the proper one? Shall that rather undefined and much misunderstood right, of apportioning the State, enjoyed by the Legislature, be extended for this purpose, in this instance?—Should it be the people who are to be divided for municipal purposes, to be ignored for an obsequious party? Shall the great party whose power it has always been to stand by the will of the people constitutionally expressed, now that it should be stated with its triumphs of right and right, indulge in the insignificant though perhaps palatable dessert of driving a wedge between the people who occupy it? Shall the Democracy of Pennsylvania, like the disaffected party who gratifies her desires at the expense of her reputation, embrace every occasion of doing itself a good turn? We trow not. — There are other and better reasons for the removal of David Wilmont, than that he makes political speeches. That the perverts the ends of justice by favoring his political opponents is a matter very much to be desired; for his people would soon see it; and the sentiment of self preservation would drive them to the side of right. No man can know of a judicial determination having been brought about in his favor by virtue of his position as a partizan, without resolving instinctively that his judge is dangerous. As soon as Judge Wilmont's people see this, they will act; in the mean time let us mind our own business.

A large Anti-Lecompton meeting was held in the Court House in Harrisburg, on Monday evening, 2d inst. After addresses from Colonel Forney and others, resolutions were adopted condemning the President's Kansas policy as a violation of his pledged faith to the people and subversive of the cardinal principle of the Democratic party, approving of the course of Messrs. Douglas, Stanton, Forney, and Governor Packer; and applauding the sentiments on Kansas contained in the inaugural address of the latter.

On the same evening, a large Anti-Lecompton meeting was held at Cincinnati, at which resolutions were adopted rendering thanks to Messrs. Douglas, Stewart, Broderick, and Johnson; Wise, Walker, and Stanton; also, declaring it to be the imperative duty of Congress to reject the pending application for admission under the Lecompton constitution. — Bailey Matthews, United States district-attorney, was among the speakers.

The anti-Lecompton Democracy of Ohio have called a State Convention to be held at Columbus on the 10th inst. The Ohio delegation consists of Wise, Walker, Harney, Forney, Stanton, Bancroft, perhaps Douglas, will be there to address the people.

A New Orleans dispatch says that the Louisiana House of Representatives has passed a bill authorizing a company already organized to import twenty-five hundred free negroes from the coast of Africa, indentured for not less than fifteen years.

From Washington. WASHINGTON, March 3. The Kansas Investigating Committee met tonight, all the members being present. General Calhoun sent a statement relative to Kansas Affairs, but it was decided it should not be considered as evidence. Mr. Stephens read a report expressive of the views of the majority, setting forth among other things, that as the authority was legal conferred on the delegates to the Convention, to frame a Constitution, those who had opportunity, but who declined to vote, are treated from finding fault with the action of the Convention. The report also reviews the position of Messrs. Stanton, Walker and Douglas, and maintains that they are inconsistent in their present course.

Resolutions were passed with the view of obtaining information relative to the census, and other documentary evidence to accompany the report. A motion was made, but it was voted down, and the committee then adjourn sine die.

Today, about thirty citizens of Kansas, who are temporarily sojourning in Washington, visited the President, and expressed their approval of his course on Kansas affairs.

It is expected that Mr. Stephens will make a report from the House Select Committee on Kansas to-morrow or Tuesday. Whenever he does, the minority will raise a question of privilege, that the Committee have failed to obey the order of the House to investigate, and will then a resolution referring the subject back to special points.

In this struggle there is good reason to anticipate that the minority will be sustained by the general Lecomptonites from the South, who insist that the House, having made an order of investigation, must be obeyed. The Lecomptonites are decidedly in favor of the success of the movement.

Mr. Garret has arrived at Washington, as messenger, bringing with him the journal of the Lecompton Convention, and the evidence taken before the Commission to examine into the alleged frauds in Kansas on the 21st of December, and the 4th of January. The document is voluminous. It is said that the investigation reduces the legal vote of the former to about 2,500, whereas it was heretofore stated at 6,795.

The three branches of the House Kansas Investigating Committee will, it is supposed, make their several reports next week.

An Important Bill.
Mr. MILL, the talented member from Franklin, read in his place to-day a very important bill, entitled "An act relating to the collection of taxes in the several counties of the State." The first section provides that the Commissioners of every county shall cause their clerk to make out the tax duplicates immediately after the assessments are made, certify the same, and hand them over to the County Treasurer.

The second section makes it the duty of such County Treasurer, within thirty days after such receipt of duplicates, to give at least thirty days notice in one or more weekly newspapers, stating that he will attend at least two days in each township and borough, previous to the first day of August in each year, for the purpose of receiving the taxes due by each person residing in said township; if such person pay the taxes before the first day of August, he shall be entitled to a deduction of five per cent. on the amount thereof.

The third section provides that in case of the taxes remaining unpaid for a period of thirty days after the first day of August, the Treasurer shall issue his warrant to the constable of the township or borough, authorizing and requiring him to collect such back-standing taxes within ten days after he has made demand for the same; if the person refuses to pay his taxes, said constable may seize and sell his goods for the taxes due, and to pay all cost of such proceeding.

The other sections prescribe various penalties for the non-performance of the respective duties by the Treasurer and constables, all of which will be noticed hereafter, in case the bill should pass and become a law.

Mr. MILL informs us that the bill proposed to be extended to all the counties in the State, is already in operation in the county of Franklin, and has given full satisfaction to the taxpayers of that county.

We consider this one of the most important bills of the session, as it changes the entire mode of collecting taxes all over the State. — It will abolish all the tax-collectors, and we hope it may be carefully considered before it is passed into a law. — Harrisburg Telegraph.
