SHOCKING RAILROAD ACCIDENT .- A train on the Hannibal and St. Joseph's Rail-way met with a serious accident at Platte River Bridge ten miles east of St. Joseph's on the morning of the 13th, by which two laborers were drowned ; GEORGE THOMPSON, the engineer, and two firemen badly injured, and two or three passengers slightly hart. The bridge is supposed to have been fired by an incendiary, and was so much burned below that when the locomotive reached it the entire structure fell, precipitating the whole train into the river.

FIRE,-WM. A. DOUGLAS, Esq., of Clymer, informs us that a barn, containing 50 tens of hay and a quantity of grain, the property of Mr. George O. Bristol, of that township, was burned to the ground on Thursday of last week It was set on fire by two little boys who were playing with matches.

Mr. Bristol's loss is \$1,500. He had struggled on against wind and tide for years, and only to witness the destruction of all his available means in a single hour. Such are the vicissitudes of life, disciplinary no doubt, but hard to endure .- Tioga Agiator

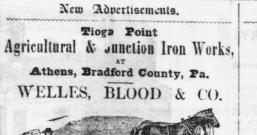

According to a Washington dispatch to a New York paper, information has been received by the Government, that Mr. Reed. our Minister in China had made a liberal treaty our Minister in China had made a liberal treaty with the Celestial Empire similar to that made by France and England. and associations; he is in a settled country, where every improvement and confort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health

or to start fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild chunte and an open winter. There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages ere presented, and ask himself why the property has not een taken up before. The reason is, it was never thrown

in the market ; and unless these statements were correct no one would be invited to examine the land before pur-chasing. This all are expected to do. They will see the land under cultivation ; they will met persons, no doubt from their own neighborhood ; they will witness the im-
