Family Sewing Machines.

NEW STYLES-PRICES \$50 TO \$125 EXTRA CHARGE OF \$5 FOR HEMMERS.

F. B. CHANDLER, AGENT, MONTROSE J. M. ROBINSON, LANEST, ELMIRA.

THESE MACHINES sew from two spools, THESE MACHINES sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather, and Stich in a superior style, finishing each seam by their own operation, without recourse to the hand-needle, as is required by other machines. They will do better and cheaper sewing than a seamstress, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, ease of management, and adaption to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment. As evidence of the unquestioned superiority of their Machines, the Grover & Baker Sewing Machine Company beg leave to respectfully refer to the following TESTIMONIALS.

' Having had one of Grover & Baker's Machines in my family for nearly a year and a half, I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing."—Mrs. Joshua Leavitt, wife of Rev. Dr. Leavit, Editor of N. Y. Independent.

"I confess myself delighted with your Sewing Machine which has been in my family for several months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools of thread." Mrs. Elizabe h Strickland, wife of Rev. Dr. Strickland, Editor of N. Y. Christian Advocate.

"After trying several good machines, I preferred yours, on account of its simplicity, and the perfect case with which it is managed as well as the strength and durability of the seam. After long experience, I feel competent to speak in this manner, and to confidently recommend it for every variety of family sewing."—Mrs.E. B. Spooner, wife of the Editor of Brooklyn Star.

"I have used a Grover & Baker Machine for two year and I have found it adapted to all kinds of family sewing from Cambric to Broadcloth. Garments have been worn without the giving away of a stitch. The Machine is easily kept in order, and easily used.—Mrs. A. B. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my famil the past two years, and the ladies request me to give you their testimonials to its perfect adaptness, as well as labor-saving qualities in the performance of family and household sewing.—Robert Boorman, New York.

" For several months we have used Grover & Baker" For several months we have used Grover & Baker's Sewing Machine, and have come to the conclusion that every lady who desires her sewing beautifully and quickly done, would be most fortunate in possessing one of these reliable and indefatigable "iron needle-women." whose combined qualities of beauty, strength and simplicity, are invaluable.—J. W. Morris, daughter of Gen. Geo. P. Morris, Editor of the Home Journal.

Extract of a letter from Thos. R. Leavitt, an American entleman, now resident in Sydney, New South Wales gentleman, now resident in Sydney, New South Wales, dated January 12, 1858.

"I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sewing done with one of Grover & Baker's Machines, and a single seam of that has outstood all the double seams sewed by sailors with a needle and twine."

" If Homer could be called up from his murky hades, he would sing the advent of Grover & Baker as a more benignant miracle of art than was ever Vulcan's smithy He would denounce midnight shirt-making as "the direful spring of woes unnumbered."—Prof. North.

"I take pleasure in saying, that the Grover & Eaker SewingMachines have more than sustained myexpectation. After trying and returning others, I have three of them in operation in my different places, and, after four year's trial, have no fault to find.—J. H. Hammond, Senator of

"My wife has had one of Grover & Baker's Sewing Jachines for some time, and I am satisfied it is one of he best labor-saving-machines that has been invented. I take much pleasure in recommending it to the public. J. G. Harris, Governor of Tennessee.

with pleasure recommend it to the public, as we believe the Grover & Baker to be the best Sewing Machine in use."—Deary Brothers, Allison, Tenn.

"If used expressly for family purposes with ordinary care, I will wager they will last one "three score years and ten." and never get out of fix."—John Erskine, Nash-

"I have had your Machine for several weeks, and am perfectly satisfied that the work it does is the best and most beautiful that was ever made."—Maggie Aimison, Nashville, Tenn.

"I use my Machine upon coats, dressmaking, and fine linen stitching, and the work is admirable—far better than the best hand-sewing, or any other machine I have ever seen."—Lucy B. Thompson, Nashville, Tenn.

"I find the work the strongest and most beautiful I have ever seen, made either by hand or machine, and regard the Grover & Baker Machine as one of the greatest blessings to our sex."—Mrs. Taylor, Nashville, Tenn.

"I have one of Grover & Baker's Sewing Machines is use in my family, and find it invaluable. I can confidently recommend it to all persons in want of a machine."—G. T. Thompson, Nashville, Tenn. "I take pleasure in certifying to the utility of the Grover & Baker Sewing Machines. 1 have used one on al-most every description of work for months, and I find it

much strenger and better in every respect than work by hand."—Mrs. D.W. Wheeler, Nashville, Tenn.

"I would be unwilling to dispose of my Grover & Baker Machine for a large amount, could I not replace it again at pleasure."—Mrs. H. G. Scovel, Nashville, Tenn.

"Our two Machines, purchased from you, do the work of twenty young ladies. We with pleasure recommend the Grover & Baker Sewing Machine to be the best in use."—N. Stillman & Co., Memphis, Tenn. "The Grover & Baker Sewing Machine works admira y. I think the stitch and work far superior to that o

the Machine would be hard to be beat."-W. J. Davie Memphis, T nn.

"I find the Machine easily managed, very durable, and take pleasure in recommending it to all who wish convenience, economy and pleasure."—Mrs. F. Titus, Memphis, Tenn.

"The Grover & Baker Sewing Machines have given such satisfaction that we cheerfully recommend them to all who wish a good and substantial Sewing Machine. It acxecutes work with much care and speed, and more finely than any other machine I have seen."—Mrs. R.B. Matchell. Membis. Tenn.

"I am happy to give my testimony in favor of Grover& Baker's Sewing Machine, and of the perfect satisfaction it gives in every respect. It sews neatly, and is by no means complicated, and I prefer it to all others I have seen."— Mrs. Bryan, wife of Rev. A. M. Bryan, Memphis,

Tenn.

"It affords me much pleasure to say that the Machine works well; and I do not hesitate to recommend it as possessing all the advantages you claim for it. My wife is much pleased with it, and we take pleasure to certify to this effect."—R. C. Brinkley, Memphis, Tenn.

"It gives me pleasure to find the Grover & Baker Sewing Machine giving so much satisfaction. I have it in constant use, and find it all that could be desired. It is the most simple and durable machine in use, and I heartily recommend it."-F. M. White, Memphis, Tenn.

"Having seen, examined, and used many other kinds of Sewing Machines, I feel free to say that the Grover & Baker Machines are far superior to all others in use."— M. Francois Seltz, Memphis, Tenn.

"I consider my machine invaluable, and would not take five times its costs, if I could not supply its place. With it I can do all my family sewing in about one fourth the time I could with my hands."—M. J. Scott, Nashville, T. m.

The World Challenged!

Patented by SILAS HEWITT, July 14, 1857. THIS CHURN is the result of years of experience by a practical farmer, to probe a Churn that has all the advantages of the old Dash Churn, and be a labor-saving Machine. We claim for this Churn, and are prepared to prove by actual demonstration, that it will produce more prove by actual demonstration, that it will produce more inter—a better quality—with less time and less labor—than any other Churn in market. It is perfectly simple in its construction, not liable to get out of order, and a child can operate on it. It has been thoroughly tested by several hundred farmers in Seneca and adjoining Counties, and its merits fully established wherever introduced, and is pronounced by all to be one of the greatest improvements of the age. ments of the age.

ments of the age.

E The following extract from the Seneca Falls papers of May 26th, is a sample of what the "EXCELSIOR CHURN" has done, in competition with other Churus:

"A trial between the Smith Churu, of Elgin, Illinois, the Sairst Lagrage Huffdle. "A trial between the Smith Churn, of Elgin, Illinois, (which took the first premium at the State Fair at Buffalo last fall, and has taken the premium at all the Fairs where it has been exhibited) and the Excelsior Churn, of this village, took place at Woodmanse; all Hotel, the 20th inst. The cream was taken from the same 'vessel, after being stirred up that it might be of the same temperature and quality—one quart at a time—each Churn receiving two gallons. The Excelsior Churn poduced 'and gathered the Butter hard and yellow in six and a half minutes, while the Smith Churn was 12 minutes in producing the Butter, which was soft, white and oily; and Excelsior Churn produced Twelve Ounces more Butter than the Smith Churn! The Excelsior Churn then produced thirteen ounces of good Butter from the Butter Milk of the Smith Churn, being more than half as much as they got from the cream! The Smith Churn could not produce any Butter from the buttermilk of the Excelsior Churn."

Trial of Churns—Report of the Committee.

any Butter from the buttermilk of the Excelsior Churn."

Trial of Churns—Report of the Committee.

At the trial between Smith's Churn, from Elgin, Illimois, and Hewitt's Excelsior Churn, manufactured in this village, which took place at Woodmansee's Hotel, on Wednesday morning, the following was the result of the trial:

Hewit's Churn, 24 lbs.—Butter in 64 minutes.

Smith's Churn, 14 lbs.—Butter in 12 minutes.

About two gallous of Cream was put in each Churn. The milk from Smith's Churn was then changed to Hewit's, and thirteen ounces of Butter extracted from it. No Butter could be brought from the milk from the Hewit Churn, which was transferred to Smith's. The quality of Butter from Hewit's Churn was much the best, being of better color, and more solid. etter color, and more solid.

A second trial, which was about one-third more crean

A second trial, which was about one-third more cream was put in the Hewit Churn than in the other, resulted very nearly the same as above, Hewit's Churn being shown to be greatly the superior.

EDWARD S. LATHAM. S. LATHAM. Committee.

JONATHAN SACKET, Committee.

Seneca Falls, May 29, 1858.

All that is asked for this Churn is, to let it rest on its own merits—the world is challenged to produce better.
