FATAL RAILROAD ACCIDENT .-- TWO MEN KIL Two men employed on the Erie railroad were killed a few day since, by being run over by the express train, near Deposit. It appears t the engine broke down, when it returned Deposit for another, and switched off on to nother track, where the men were at work. They, not expecting a train on that track, took no heed of the approaching train until too late. The were both run over and killed. An inquest sas held upon the bodies ; verdict-Accidental

DEATH OF A KING .- The news brought from de Old World by the Canada, announces the heath of his Majesty the King of Dahomey .-He was remarkable as having been a ferocious hrute, if an expression so strong may be applied to a personage so exalted, and for having naintained a body guard of female warriorsa troop of Amazonian Ebony. And when he died the Kingdom of Dahomey showed the secerity of its affliction by sacrificing, with the most unniggardly sacrifice, eight hundred niggers to his honored manes.

A few days ago, a man by the name of Robbins, indicted for bigamy, was tried at Raleigh, N. C. and convicted. On the following day he was branded with the letter B on the right cheek, in open court—the brand leaving a mark that he will carry to his grave.

Tioga Point Churning Powers.

EVERY Farmer, who keeps three or more cows. should have a good Portable Churning Power. Our PORTABLE DOG OR SHEEP POWER is about the power of the po to any sized dairy from 3 to 15 cows. Price \$15. And our PORTA BLE DOUBLE SHEEP OR CALF POWER, (a new machine just got up by us.) is adapted for dairies of from 15 to 25 cows. Price \$25. These Powers are admirably adapted for the purpose intended; also for runing grind-stones, corn-shellers, feed-cutters, lathes and pumping, and give universal satisfaction. They are durable, simple, well-made and compact—requiring but literoom or shelter.

For larger Dairies, say of 30 or more cows, our RAIL-WAY, ONE AND TWO HORSE POWERS are very consenient and economical, more so than any other horse clum powers, for the reason that they are so well calculated for a variety of other farm work, such as threshing. cutting feed, sawing wood, and similiar uses.

Farmers should certainly examine these Churning Powers before concluding to buy any others. Send for our catalogue.
