Towarda, May 5, 1859.

Raymond's Latest Improved, DOUBLE-THREADED

FAMILY SEWING MACHINE Price of Hand Machine......\$27 00 With stand and treadle, tools, &c....\$35 00

THESE MACHINES AFTER ONE year of constant use, have been pronounced the best chines in the world, and have been used entensively in the cities of St. Louis, Mo., Cincinatti, O., and Chicago, ll., among the first families, and are preferred to the higher priced Machines.

They will Stitch. Hem, Tuck, Fell, Gather, and Em broider, with perfect satisfaction, and especially adapted to family use.

They will sew all kinds of goods, from t'e finest to the coarsest, better than any Machines now extant.

The following are the advantages they possess over all

hour, learn to use them successfully.

2nd. They are simple, strong and durable, easily under stood and managed, and not liable to get out of order.

3rd. They use cotton from the ordinary spool without 4th. The stitch is stronger and more difficult to rip than any other made by Machinery. The two threads are double-looped into each other, and firmly tied and knot-ted at every stitch, which is the best and most elastic

th. They sew with cotton, linen and silk thread equalof th. They finish their work. There is no occasion to fasten the thread at either end of the seam, as is required by other shuttle stitching machines.

The Every Machine is made to run by hand or foot power, thus combining the advantages of both methods.

All persons desirous of purchasing the best and cheapest Machine ever invented for family use, will have an opportunity after the 1st of June, by addressing or calling on the subscriber,

B. F. SHAW,

Vister, Bradford County, Pa.

N. B. These Machines are warranted, and any person purchasing them can return them and get their money, if after one month's trial, do they not give satisfaction.

fter one month's trial, do they not give satisfaction. May 3, 1859. HARDWARE.—A NEW LOT JUST MERCUR'S.

Tioga Point Churning Powers.

EVERY Farmer, who keeps three or more Our PORTABLE DOG OR SHEEP POWER is adapted to any sized dairy from 3 to 15 cows. Price \$15. And our FORTABLE DOUBLE SHEEP OR CALF POWER, (a new machine just got up by us.) is adapted for dairies of from 15 to 25 cows. Price \$25. These Powers are admirably adapted for the purpose intended; also for running grind-stones, corn-shellers, feed-cutters, lathes and propose and give universal satisfaction. They are de-

ning grind-stones, corn-snellers, feed-cutters, lathes and pumping, and give universal satisfaction. They are durable, simple, well-made and compact—requring but little room or shelter.

For larger Dairies, say of 30 or more cows, our RAIL-WAY, ONE AND TWO HOISSE POWERS are very convenient and economical, more so than any other horse churn powers, for the reason that they are so well calculated for a variety of other farm work, such as threshing. cutting feed, sawing wood, and similiar uses.

Farmers should certainly examine these Churning Powers before concluding to buy any others. Send for our catalogue.
