\$30 SEWING MACHINES. RAYMOND'S LATEST IMPROVED

DOUBLE THREADED SEWING MACHINES!

Warranted the Best in the World for Family Use. Price Within the Reach of Every Family.

Hand Power, \$30; Foot Power, with half doz. Needles, &c., \$35; Cabinet Case, \$50; Hemmers, \$5. THESE unrivalled Machines need no puffing

THESE unrivalled Machines need no puffing, and only want to be seen to insure the approbation of every individual; and although a new applicant for public patronage in this locality, it has attained a popularity heretofore unsurpassed by any Machine. After one year of constant use in the Western States, they have been pronounced the best Machine in the world for family use, and are preferred to the higher priced Machines. Those who want further proof have only to purchase one and give it a fair trial, and if they find they cannot use it, they can return it and have their money refunded. They are warranted as durable as any of the higher priced Machinery.

They will Stitch, Hem, Tuck, Fell, Gather and Embroider with perfection, and will sew every kind of goods

proider with perfection, and will sew every kind of goods from the finest Swiss Muslin to the heaviest and coarsest

from the finest Swiss Muslin to the heaviest and coarsest cloth fabric—even Leather.

The following reasons are selected from the many, why RAYMOND'S is the best in the Market:

1 Because it is the cheapest. 2 It is by far the simplest. 2 The least liable to get out of order. 4 The easiest managed and understood. 5 It makes the celebrated Double Lock Stitch, which is the most clastic ever made by machinery. 6 It will not rip if a stitch gets broke or every fourth cut. 7 It makes the neatest and handsomest stitch. 8 The seams are the strongest. 9 It uses two threads from the ordinary spools as bought from the store, without re-winding. 10 They finish their work without fastening the thread at either end of the seam with the hand needle as is required by the Shuttle Stitch Machines. 11 It has the least machinery. 12 Its mechanism is the most perfect. 13 It is the most popular among the masses. 14 It is the easiest running, and almost noiseless in its operation. 15 It is an ornament for any parlor. 16 It combines the advantages of both Hand and Foot Powers. 17 The price is within the reach of every family. 18 any person of ordinary intelligence can learn to use it successfully in one hour's time.—19 They can do all kinds of work that any high priced Machine can, and just as well. 20 Every Machine is warranted to give satisfaction or the money refuxded.

All orders by Mail or Express, with the cash, will receive prompt attention. A liberal discount given to local and traveling agents.

CASH FOR PELTS,
AT THE

Metropolitan Hardware Store,
ORWELL, PA.

STOVES, Elevated Oven.
STOVES, Parlor.

The wild grapes of our own coentry, are quite distinct species from the wine grape of Europe, and are usually stronger in their growth, with longer and more entire foilage, and in their native state with a peculiar foxy odour or flavor, and more or less hardness of pulp; these traits, however, disappear in process of cultivation; and we have already obtained from the wild type, new varieties of high quality, and of superior hardiness and productiveness in this, our Northern climate.

The universal experience in all countries, has established the fact that dry, warm soil is the very best for the vine. All in this latitude may raise the grape successfully by setting the vine in a favorable exposure to the sun. The late varieties that I offer for sale, are all earlier than the Isabella Dut one, and that ripens full as soon as the Isabella. There is no fruit grown, in my opinion, in this world, more peautiful, delicious, or useful than the grape. If a man is not too lazy, he may have The wild grapes of our own country, are quite distinct

soon as the sacreta opinion, in this world, more beautiful, delicious, or useful than the grape. If a man is not too lazy, he may have round him all the varieties of grapes in a high state of cultivation, and his garden adorned with all the beautiful and social productions of this fair world of ours, and a mind that has any stir in it at all, by little enquiry and practice, may learn to cultivate anything that grows.

I consider the following variety of grapes the very best to cultivate for out door culture in our northern climate, out of the vast variety. out of the vast variety.

BURGUNDY.

This excellent hardy grape, is the true Burgundy grape so highly valued for wine in France. The fruit is very sweet and excellent, and the hardiness of the vine renders it one of the best varieties in the open air in this climate. Bunch small, compact, (i.e. berries closely set.) Berries midle-sized, roundish-oval, black, juice sweet, good, ripens about 20th of Sept. Thompson gives more than forty synonymes to this grape. PRICE SEVENTY-FIVE CENTS.

CATAWBA.

This excellent native grape, was first introduced to notice by Maj. ADLUM. of Georgetown. D. C., and was found by him in Maryland. It probably has its name from the Catawba river, it is one of the most productive and excellent of our native sorts. There is is no grape in some portions of the United States, so good for wine or table use. Beautiful bunches, pale red, rich musky flavor, and very sweet when ripe.

PRICE, TWENTY-FIVE CENTS. CLINTON.

Origin uncertain, said to have originated in Western New York, growth vigorous, hardy, and productive, banches compact, berries round, father below medium size, black, covered with a thick bloom, eatable eight or ten days before Isabella, frosts make them very good. PRICE, TWENTY-FIVE CENTS

CONCORD.

This exceeding fine, hardy native grape, was raised from seed by E. W. Bell, Concord, Mass. It is very healthy, vigorous habit, and very productive, bunch rather compact, large shouldered, almost black, covered with bloom, very sweet, it is more hardy than the Isabella, and ripens about ten days earlier. Consequently it is very valuable for a large Northern range.

PRICE, ONE DOLLAR.

DELAWARE. DELAWARE.

The precise origin of this is not known, we have the following account of it from A. Thomson, of Delaware, Ohio. It was brought to Delaware by a German, its excellence attracted his attention, and an inquiry as to its history. It was brought from New Jersey some eighteen or twenty years ago, having been obtained from the garden of a French gentlemen, Paul H. Provost, in Kingswood twp, Hunterdon Co., N. J. It was known in that vicinity as the Italian Grape, sent from Italy, bunch small, a beautiful light red, or flesh, color, exceedingly sweet, one of the most delicious, hardy grapes. It is a vigorous grower, an early and profuse bearer, and probvigorous grower, an early and profuse bearer, and probably more hardy than the Isabella, it ripens two or three weeks before the Isabella. No grape more desirable for our climate.

PRICE, THREE DOLLARS. DIANA.

A seedling of the Catawba raised by Mrs. Diana Crehon, of Boston, and named by the Massachusetts Horticultural Society. It was announced the best and most
beautiful of American grapes, particularly valuable for its
earliness. The color is a fine reddish lilac, it hangs long
on the vines and is not injured by severe frosts; it is exceedingly productive and vigorous.

PRICE, ONE DOLLAR. HARTFORD PROLIFIC.

Raised by Mr. Steel, of Hartford, Conn. Hardy, vigorous and productive, bunch large shouldered, rather compact, berry large globular, black.covered with bloom, ripe about ten days before the Isabella. PRICE, ONE DOLLAR.

ISABELLA.

New Fall and Winter Goods.

WILLIAM A. ROCKWELL,

No. 1, Patton's Block,

WOULD invite the attention of prompt paying buydes from all sections of the county, to his large and desirable stock of Foreign and Domestic

EARLY NORTHERN MUSCANDINE.

This grape ripens the last of Sept., is perfectly hardy the variety is a seedling from the native white grape raised by Philemon Stevens, Shaker Village, New Leb-anon, Columbia Co., N. Y. Bunch fine and large, light amber color, and very delicious, very highly spoken of, and very hardy and productive. PRICE ONE DOLLAR.

REBECCA.

A new variety, bunches four inches long, and two and a half inches in diamater, very compact, color light green in the shade, or golden in the sun, and covered with a light bloom, sweet and delicious, ripens ten days earlier than the Isabella, kéeping a long time after it is gathered. This superior white grape is undonbteuly a native—chance seedling in the garden of E. M. Peake, of Hudson, N. Y., proved perfectly hardy and productive. It is not so vigorous in its habits as the Isabella or Catawba; but hardy and healthy, and heing exceedingly beautiful, as well as excellent, it must be regarded as a very great acquisition, it is so well adapted to the North.

PRICE TWO DOLLARS - PRICE, TWO DOLLARS.

UNION VILLAGE.

This very attractive grape originated among the Shakers at Union Village, Ohio, and was introduced by Mr. Longworth, of Cincinnati. It is undoubtedly a seeding of Isabella, is very vigorous in growth, and its fruit often nearly equals the size of the Black Hamburg. It ripens about the time of Isabella. PRICE, ONE DOLLAR.

The following tender variety of grape vines are all raised under glass with one exception, the Chassel is. I have succeeded admirably in out door culture with the vine. Black Hamburg. Red Muscat. White Syrian, Golden Hamburg. Bishop, White Frontignan, Black Prince, Blk. Damask, Golden Chasselas, may be found at my garden will motel.

ell rooted.

The Isabella, Catawba and Clinton, by the 100 or 1000 all well rooted, to any that wish to set vineyards at exceeding low rates. I warrant all true to name, any mistake or errors shall be made good. I do not want some-

take or errors shall be made good. I do not want something for nothing. A legal thief is the most despicable. I wish to advertise a simple fact only—no puffing in papers is wanted. By my own merit I stand or fall, earthly tribunals cannot keep me up or down.

The above grape vines can be had at the garden of HARRY MIN.

Mr. John A. Gamper being equally interested, will travel throughout the county and adjoining counties, and will give instructions about culture, &c., and be able to show drawings of some of the new varieties of grapes which are in great demand and very scarce. which are in great demand and very scarce. Towanda, Pa., 1859.

W valusing, at the Merryall school house, Nov. 26.
The inspections will commence at precisely 10 o'clock, A. M. No person will be examined who does not come in before eleven, unless the delay was unavoidable. All petsons intening to teach in the county during the year, will find it for their interes to attend the examinations, and bring with them, each, a sheet of foolscap paper, pens, ink, and a copy of Sanders' Fifth Reader.

Private examinations are forbidden by the State Superintendent, except in extreme cases, those therefore who neglect to attend the annual inspections, will find it difficult to obtain certificates afterwards. The President of the board of Directors is obliged to testify, under oath, that no person has been engaged to teach during the year, who had not, at the time, a legal certificate. Directors and all interested in the schools are requested to attend. rivilege of using the water drawn from the pond used or mills and machinery by said Reed, about 9 acres im-roved, one old plank house, small framed barn, saw and and a few fruit trees thereon. Seized and taken in execution at the suit of Moses anfield vs. George T. Bishop, administrator of Israel is how down and
