

Swing Machine.

GROVER & BAKER'S
Family Sewing Machines.

NEW STYLES—PRICES \$50 TO \$125.
EXTRA CHARGE OF \$5 FOR HEMMERS.

J. M. CHANDLER, AGENT, MONTICELLO;
F. M. ROBINSON, LAKE-STAT., ELMIRA.

THESE MACHINES sew from two spools, as purchased from the store, requiring no winding of thread; they have Fell, Gather, and Stich in a superior style, finishing each work by their own operation, without recourse to the hand-needle, as is required by other machines. They will do better and cheaper sewing than a seamstress, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment. Its evidence of the unquestioned superiority of the Grover & Baker Sewing Machine Company's Sewing Machine, the Grover & Baker Sewing Machine Company's Leg lace to respectfully refer to the following TESTIMONIALS.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half, I take pleasure in commending it to every family as the best and most useful which it is desired—Family Sewing."—Mrs. Joshua Leavitt, wife of Rev. Dr. Leavitt, Editor of N. Y. Independent.

"I confess myself delighted with your Sewing Machine, which has been in my family for several months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, and is simply changing the spools of thread."—Mrs. Elizabeth Strickland, wife of Dr. Strickland, Editor of N. Y. Christian Advocate.

"After trying several good machines, I preferred yours, on account of its simplicity, and the perfect ease with which it is managed as well as the strength and durability of the same. After long experience, I feel competent to speak in this manner, and to confidently recommend it for every variety of family sewing."—Mrs. E. B. Spooner, wife of the Editor of Brooklyn Star.

"I have used a Grover & Baker Machine for two years, and I have found it adapted to all kinds of family sewing, from Cambric to Broad Cloth. Garments have been made without the giving away of a stitch. The Machine is easily kept in order, and easily used."—Mrs. A. B. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my family the past two years, and the ladies require me to give you their testimonials to its perfect adaptability, as well as labor-saving qualities in the performance of family and household sewing."—Robert Booman, New York.

"For several months we have used Grover & Baker's Sewing Machine, and have come to the conclusion that every lady who desires her sewing beautifully and quickly done, would be most fortunate in possessing one of these reliable and indestructible 'iron needle-women,' whose combined qualities of strength, simplicity, and adaptability are invaluable."—J. W. Morris, daughter of Gen. Geo. P. Morris, Editor of the Home Journal.

Extract of a letter from Thos. R. Leavitt, an American Gentleman, now resident in Sydney, New South Wales, dated January 12, 1858.

"I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sewing done with one of Grover & Baker's Machines, and a single seam of it has stood out as firm and durable as when sewed by sailors with a needle and twine."

"If Homer could be called upon by his murky shades, he would sing the advent of Grover & Baker as a more benignant miracle of art than was ever Vulcan's smithy. He would exclaim midnight shirt-making 'as the direful spring of woes unnumbered.'"—Prof. Harris.

"I take pleasure in saying that the Grover & Baker Sewing Machines have more than sustained my expectation. After trying and returning others, I have three of them in operation in my different places, and, after four years' trial, have no fault to find—J. H. Hammond, Senator of South Carolina.

"My wife has had one of Grover & Baker's Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that have been invented. I take much pleasure in recommending it to the public."—J. G. Harris, Governor of Tennessee.

"It is a beautiful thing, and puts everybody into an excitement of good humor. Were I a Catholic, I should insist upon Saints Grover & Baker having an eternal holiday in commemoration of their good deeds for humanity."—Cassius M. Clay.

"I think it by far the best patent in use. This Machine can be adapted from the finest cambric to the heaviest cassimere. It sews stronger, faster, and more beautifully than one can imagine. If mine could not be replaced, money could not buy it."—Mrs. J. G. Brown, Nashville, Tenn.

"It is speedy, very neat, and durable in its work; it is easily understood and kept in repair. I earnestly recommend this Machine to all my acquaintances, and others."—Mrs. M. J. Forrest, Memphis, Tenn.

"We find this Machine to work to our satisfaction, and with pleasure recommending it to the public, we believe the Grover & Baker to be the best Sewing Machine in use."—Deary Brothers, Allison, Tenn.

"I used expressly for family purposes with ordinary care, I will wager they will last one, two, three, four, five, ten, and never get out of fix."—John Erskine, Nashville, Tenn.

"I have had your Machine for several weeks, and am perfectly satisfied that the work it does is the best and most beautiful that was ever made."—Maggie Amison, Nashville, Tenn.

"I use my Machine upon coats, dressmaking, and fine line stitching, and I am satisfied that it is the best that has ever been made, or ever will be."—Lucy B. Thompson, Nashville, Tenn.

"I find the work the strongest and most beautiful I have ever seen, made either by hand or machine, and regard the Grover & Baker Sewing Machine as the best blessing to our sex."—Mrs. Taylor, Nashville, Tenn.

"I have one of Grover & Baker's Sewing Machines in use in my family, and find it invaluable. I can confidently recommend it to all persons in want of a machine."—G. T. Thompson, Nashville, Tenn.

"I take pleasure in certifying to the utility of the Grover & Baker Sewing Machine. I have used one of the most every description of work for months, and I find it much stronger and better in every respect than work done by hand."—Mrs. D. W. Wheeler, Nashville, Tenn.

"I would be unwilling to dispose of my Grover & Baker Sewing Machine for a large sum of money, as I have used one of it at pleasure."—Mrs. H. G. Scott, Nashville, Tenn.

"Our two Machines, purchased from you, do the work of twenty young ladies. We with pleasure recommend the Grover & Baker Sewing Machine to be the best in use."—Mrs. Stillman & Co., Memphis, Tenn.

"The Grover & Baker Sewing Machine works admirably for a large family. I have used one of it at pleasure."—Mrs. H. G. Scott, Nashville, Tenn.

Miscellaneous.

TOWA POINT AGRICULTURAL WORKS!

WE are manufacturing the above unrivalled Powers for One and Two Horses, under Emory's Patent, which are warranted greatly superior to the common ones, and are prepared to furnish at once, or on order, for convenience by any other; being adapted to a great variety of uses where power is needed; for the reason that the double gear, and the extra long shaft, and counter shafts, which comply all alike, permitting the conveyer gear wheel, plinon and hand-wheel to be shipped from shaft to shaft and from side to side of the Power, and the shafts being of iron, and the gears being of motion are obtained without extra gearing; and also, any desirable length and velocity of crank motion for cross cut sawing, pumping and churning. These Powers are cheap, are strong, well finished and made from good materials.

THRESHERS AND SEPARATORS.
These are made of various sizes. They are superior to those of any other manufacturer, which fact any person well acquainted with the heretofore leading machines, will be satisfied upon examination. Our FANNING MILLS, which are the very best in market, are fitted for power to be run in connection with the Thresher and Separator.

THRESHERS AND CLEANERS.
We have succeeded beyond our most sanguine expectations in inventing and constructing a combined Thresher & Cleaner of our own, which, we believe, for two horse power, has not its superior nor equal. It runs easily and works uniformly, and is well adapted for use where it is delivered in the measure cleaned fit for market.

DR. H. WESTON, DENTIST.
Office, No. 1, Pine Row, over E. T. Fox's store—entrance first door on Brick St. July 18, 1859.
