F. B. CHANDLER, AGENT, MONTROSE; J. M. ROBINSON, LAKE-ST., ELMIRA.

THESE MACHINES sew from two spools, THESE MACHINES sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather, and Stich in a superior style, finishing each seam by their own operation, without recourse to the hand-needle, as is required by other machines. They will do better and cheaper sewing than a seamstress, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, case of management, and adaption to all varieties of family sewing, eventing either heavy or fine varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment. As evidence of the unquestioned superiority of their Machines, the Grover & Baker Sewing Machine Compa-ny beg leave to respectfully refer to the following

TESTIMONIALS. "Having had one of Grover & Baker's Muchines in my family for nearly a year and a half, I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing."—Mrs. Joshua Leavitt, wife of Rev. Dr. Leavit, Editor of N. Y. Inde-pendent.

" I confess myself delighted with your Sewing Machine, "I confess myself delignted with your sewing againme, which has been in my family for several months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools of thread." Alrs. Elizabeh Strickland, wife of Rev. Dr. Strickland, Editor of N. Y. Christian Advocate.

" After trying several good machines, 1 preferred yours, on account of its simplicity, and the perfect ease with which it is managed as well as the strength and durability of the seam. After long experience, I feel competent to speak in this manner, and to confidently recommend it for every variety of family sewing."—Mrs.E. B. Spooner, wife of the Editor of Brooklyn Star.

"I have used a Grover & Baker Machine for two years, and I have found it adapted to all kinds of family sewing, from Cambric to Broadcloth. Garments have been worn without the giving away of a stitch. The Machine is easily kept in order, and easily used.—Mrs. A. B. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my family the past two years, and the ladies request me to give you their testimonials to its perfect adaptness, as well as labor-saving qualities in the performance of family and household sewing.—Robert Boorman, New York.

"For several months we have used Grover & Baker's Sewing Machine, and have come to the conclusion that every lady who desires her sewing beautifully and quickly done, would be most fortunate in possessing one of these reliable and indefatigable "iron needle-women," whose combined qualities of beauty, strength and simplicity, are invaluable.—J. W. Morris, daughter of Gen. Geo. P. Morris, Editor of the Home Journal.

Extract of a letter from Thos. R. Leavitt, an American gentleman, now resident in Sydney, New South Wales, dated January 12, 1858.

"I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sewing done with one of Grover & Baker's Machines, and a single seam of that has outstood all the double seams sewed by sailors with a needle and twine."

"If Homer could be called up from his murky hades, be would sing the advent of Grover & Baker as a more benignant miracle of art than was ever Vulcan's smithy. He would denounce midnight shirt-making as "the direful spring of woes unnumbered."—Prof. North.

"I take pleasure in saying, that the Grover & Baker SewingMachines have more than sustained myexpectation. After trying and returning others, I have three of them in operation in my different places, and, after four year's trial, have no fault to find.—J. H. Hammond, Senator of South Consideration. "My wife has had one of Grover & Baker's Sewing

Machines for some time, and I am satisfied it is one of the best labor-saving-machines that has been invented. I take much pleasure in recommending it to the public."— J. G. Harris, Governor of Tennessee.

"It is a beautiful thing, and puts everybody into an acitement of good humor. Were I a Catholic, I should excitement of good humor. Were I a Catholic, I should insist upon Saints Grover & Baker having an eternal ho-liday in commemoration of their good deeds for humani-\_Cassias M. Clay.

"I think it by far the best patent in use. This Machine can be adapted from the finest cambric to the heaviest cassimere. It sews stronger, faster, and more beautifully than one can imagine. If mine could not be replaced, money could not buy it."—Mrs. J. G. Brown, Nashville, Tenn.

than the best hand-sewing, or any other machine I have ever seen."—Lucy B. Thompson, Nashville, Tenn.

"I find the work the strongest and most be untiful I have ever seen, made either by hand or machine, and regard the Grover & Baker Machine as one of the greatest bless-ings to our sex."—Mrs. Taylor, Nashadle, Tem.

"I have one of Grover & Baker's Sewing Machines in use in my family, and find it invaluable. I can confidently recommend it to all persons in want of a machine."—
G. T. Thompson, Nashville, Tenn. "I take pleasure in certifying to the utility of the Grover & Baker Sewing Machines. I have used one on almost every description of work for months, and I find it be described by the control of the work, and the proof of the work and the proof of the proof of

much stronger and better in every respect than work by hand."—Mrs. D.W. Wheeler, Nashville, Tenn. "I would be unwilling to dispose of my Grover & Baker Machine for a large amount, could I not replace it again at pleasure."—Mrs. H. G. Scovel, Nashville, Tenn.

"Our two Machines, purchased from you, do the work twenty young ladies. We with pleasure recommend a Grover & Raker Sowing Machine to be the best in Alpin & Doubleday, do. of twenty young ladies. We with pleasure recommend the Grover & Baker Sewing Machine to be the best in Rev. O. Crane,

the Grover & Baker Sewing Machine to use."-N. Stillman & Co., Memphis, Tenn. "The Grover & Baker Sewing Machine works admirably. I think the stitch and work far superior to that of any Sewing Machine I ever saw. On fine work. I think the Machine would be hard to be beat."—W. J. Davie, Memphis, T nn.

such satisfaction that we cheerfully recommend them to all who wish a good and substantial Sewing Machine. It executes work with much care and speed, and more finely than any other machine I have seen."—Mrs. R.B. Mitch el, Memphis, Tenn. "I am happy to give my testimony in favor of Grover& Baker's Sewing Machine, and of the perfect satisfaction it gives in every respect. It sews neatly, and is by no means complicated, and I prefer it to all others I have seen."— Mrs. Bryan, wife of Rev. A. M. Bryan, Memphis,

"It gives me pleasure to find the Grover & Baker Sewing Machine giving so much satisfaction. I have it in constant use, and find it all that could be desired. It is the

most simple and durable machine in use, and 1 heartily recommend it."—F. M. White, Memphis, Tenn. ' Having seen, examined, and used many other kinds

of Sewing Machines, I feel free to say that the Grover & Baker Machines are far superior to all others in use."—
M. Francois Seltz, Memphis, Tenn. "I consider my machine invaluable, and would not b

He can buy every article he wants at the cheapest price, and sell his produce for the highest. (in the West this is reversed, he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those from the north, has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of \$10 or \$15 per thou sand. Bricks from the brick yard opened in the place every article can be procured in the place, good carpenters are at hand, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. HIGGA PUIN IMP VED KAILWAY HURSE PUWERS.

We are manufacturing the above unrivalled Powers for One and Two Horses, under Emory's Patent, which are warranted greatly superior to the common Rack and Pinion Power. Our Horse Power is unequalled for convenience by any other;—being adapted to a great variety of uses where power is needed; for the reason that it is double geared, and that both ends of the main and counter shafts have couplings all alike, permitting the converge gear wheel, pinion and hand-wheel to be shipped from shaft to shaft and from side to side of the Power at pleasure; by which arrangement five different degrees of motion are obtained without extra gearing; and also, any desirable length and velocity of crank motion for cross cut sawing, pumping and churning. These Powers run easily, are strong, well finished and made from good materials.

These are made of various sizes. They are superior to those of any other manufacture, of which fact any person well acquainted with the heretofore leading machines, will be satisfied upon examination. Our FANNING MILLS, which are the very best in market, are fitted for power to be run in connection with the Tresher and Separator.

at short notice.

We manufacture,or have on hand for sale very supprior FANNING MILLS, FEED CUTTERS, PORTABLE CIR, CULAR and CROSS-CUTSAW MILLS, CLOVER HULLERS & CLEANERS, FARM GRIST MILLS, and a great variety of Improved Agricultural Implements and Machines.

Before purchasing any other be sure io call and examine our Machines.

TOWANDA FOUNDRY.

THE subscriber continues to carry on the Foundry business in Towanda, and is prepared to do all kinds of work in his line on short notice and in a workmanlike manner. He will keep on hand or make to order Plows, Stoves, Mill Irons, Sleigh Shoes, Wagon-Boxes, and any article of cast iron that may be required. Turning and fitting up work will be done on short notice and on reasonable terms. Persons wishing to purchase Stoves of any kind will find it much to their advantage to buy at the Foundry, as they can be repaired much cheaper. Please call and examine before purchasing elsewhere. Old cast iron and Grain taken in payment.—Don't mistake the place—one door east of Mercur's Block.

\*\*Boy I would also say to those having accounts standing over six months, that they must be settled without delay, and those having notes that are due will do well to pay up and save cost.
