FRUIT TREES, Shrubs and Vines.

THE undersigned will be prepared the com-In Fall, to supply the public with a well selected and choice variety of trees, shrubs and vines. All orders sent or given I will attend to filling and delivering myself, and hope to make satisfactory. Trees that shed the leaf should be transplanted in the fall, evergreens late in the spring. As some people think that nursery men should replace all trees that do not live, I would say, to those buying of me, that I do not agree to do so, but I will warrant my trees to be in good order when delivered. I will warrant all to live, but in such a case I will have an extra price, and attend to setting out myself. ered. I will warrant all to live, but in such a case I will have an extra price, and attend to setting out myself.

N. B.—The following Insurance Companies have appointed me their agent, to take risks of all classes where local agents are not found: The Farmer's Union Insurance Co., and Great Western, united, now of Philadelphia, the Kensington of Philadelphia, the Lycoming County Mutual Insurance Company, of Muncy Pa., Any thing in this line promptly attended.

DANIEL HARKINS.

THE GRAPE.

THE history of the grape is almost as old as that of man growing in its highest perfection in Syria and Persia, its lucious fruit and the unrivalled beverage which its fermented juice affords, recommended it to the especial care of the Patriarchal tillers of the soil; and vineyards were extensively planted, long before orchards or collections of other fruit trees were at all common.

The grapes of the old wei'd are all varieties of the wine grape, which, though so long and universally cultivated and naturalized in all the Middle and Southern portions of Europe, is not a native of that Continent, but came originally from Persia. From the latter country, as the civilization advanced westward, this plant accompanied it—first to Egypt, then to Greece and Sicily, and graducivilization advanced westward, this plant accompanied it—first to Egypt, then to Greece and Sicily, and gradually to Italy, Spain, France, and Britain; to which latter country the Romans carried it about two hundred years after Christ. To America the seeds and plants of the European varieties were brought by numerous Emigrants and Colonists, within the first fifty years after its settlement.

The wild grapes of our own country, are quite distinct

Settlement.

The wild grapes of our own coentry, are quite distinct species from the wine grape of Europe, and are usually stronger in their growth, with longer and more entire foliage, and in their native state with a peculiar foxy odour or flavor, and more or less hardness of pulp; these tention of purchasers. Having had some years experience in the business, he is able to offer inducements, as to the QUALITY, STYLE AND PRICE OF GOODS, not to be met with at any other establishment. His stock embraces the usual assortment of OVERCOATS, COATS, VESTS AND PANTALOONS, of every style and price, to suit the taste and the pockets of customers. To those who prefer ordering garments, he would say that he keeps constantly on hand a large assortment of CLOTHS, CAS SIMERES AND VESTINGS, which will be made up on short notice, by experienced workmen, and warranted to give satisfaction in every way. Particular attention wild be given to this class of custom, and every exertion made to please customers.

Gentlemen's Furnishing Goods, SHIRTS, COLLARS, TIES. HOSIERY, GLOVES, SUSPENDERS, &c. &c.

BURGUNDY.

This excellent hardy grape, is the true Burgundy grape so highly valued for wine in France. The fruit is very sweet and excellent, and the hardiness of the vine reneers it one of the best varieties in the open air in this climate. Bunch small, compact, (i.e. berries closely set.) Berries midle-sized, roundish-oval, black, juice sweet, good, ripens about 20th of Sept. Thompson gives more than forty synonymes to this grape. PRICE SEVENTY-FIVE CENTS.

CATAWBA.

Oct. 18, 1859. W. A. ROCKWELL'S.

PAPER 'HANGINGS.—1000 yards Papering at oct. 17, Papering—50 do Bordering—50 do Window Papering ROCKWELL'S.

TIN WARE.—A full assortment of Tin Ware just received and for sale at October 18, 1859 W. A. ROCKWELL'S. PRICE, TWENTY-FIVE CENTS.

CLINTON.

Origin uncertain, said to have originated in Western New York, growth vigorous, hardy, and productive, bunches compact, berries round, rather below medium size, black, covered with a thick bloom, eatable eight or ten days before Isabella, frosts make them very good. PRICE, TWENTY-FIVE CENTS.

CONCORD.

This exceeding fine, hardy native grape, was raised from seed by E. W. Bell. Concord, Mass. It is very healthy, vigorous habit, and very productive, bunch rather compact, large shouldered, almost black, covered with bloom, very sweet, it is more hardy than the Isabella, and ripens about ten days earlier. Consequently it is very valuable for a large Northern range.

PRICE, ONE DOLLAR.

DELAWARE. The precise origin of this is not known, we have the following account of it from A. Thomson, of Delaware, Ohio. It was brought to Delaware by a German, its excellence attracted his attention, and an inquiry as to its history. It was brought from New Jersey some eighteen or twenty years ago, having been obtained from the garden of a French gentlemen, Paul H. Provost, in Kingswood twp., Hunterdon Co., N. J. It was known in that vicinity as the Italian Grape, sent from Italy, bunch small, a beautiful light red, or flesh color, exceedingly sweet, one of the most delicious, hardy grapes. It is a vigorous grower, an early and profuse bearer, and probably more hardy than the Isabella, it ripens two or three weeks before the Isabella. No grape more desirable for our climate.

PRICE, THREE DOLLARS.

DIANA.

A seedling of the Catawba raised y Mrs. Diana Creixon, of Boston, and named by the Massachusetts Horticultural Society. It was announced the best and most beautiful of American grapes, particularly valuable for its earliness. The color is a fine reddish like, it hangs long on the vines and is not injured by severe frosts; it is exceedingly productive and vigorous.

PRICE, ONE DOLLAR. HARTFORD PROLIFIC.

Raised by Mr. Steel, of Hartford, Conn. Hardy, vig-orous and productive, bunch large shouldered, rather compact, berry large globular, black, covered with bloom, ripe about ten days before the Isabella.

PRICE, ONE DOLLAR. ISABELLA.

This very popular grape, a native of South Carolina, was brought to the North and introduced to the notice of caltivators about the year 1818. Mrs. Isabella Gibes, the wife of Gronge Gibes, Esq., in honor of whom it was named. Its great vigor, hardiness, and productiveness, with the least possible care, have caused it to be most widely disseminated. It is probably more hardy and ripens earlier than the Catawba, which renders it most valuable at the North. It is so well known it is hardly worth while to describe the beautiful fruit it bears.

PRICE TWENTY-FIVE CENTS. PRICE TWENTY-FIVE CENTS.

EARLY NORTHERN MUSCANDINE.

This grape ripens the last of Sept., is perfectly hardy. The variety is a seedling from the native white grape raised by PHILEMON STEVENS, Shaker Village, New Lebanon, Columbia Co., N. Y. Bunch fine and large, light amber color, and very delicious, very highly spoken of, and very hardy and productive.

PRICE ONE DOLLAR

PRICE ONE DOLLAR. REBECCA.

A new variety, bunches four inches long, and two and a half inches in diamater, very compact, color light green in the shade, or golden in the sun, and covered with a light bloom, sweet and delicious, ripens ten days earlier than the Isabella, keeping a long time after it is gathered. This superior white grape is undoubtedly a native—chance seedling in the garden of E. M. Plake, of Hudson, N. Y., proved perfectly hardy and productive. It is not so vigorous in its habits as the Isabella or Catawba; but hardy and healthy, and being exceedingly beautiful, as well as excellent, it must be regarded as a very great acquisition, it is so well adapted to the North.

PRICE, TWO DOLLARS. PRICE, TWO DOLLARS.

UNION VILLAGE.

This very attractive grape originated among the Shakers at Union Village, Ohio, and was introduced by Mr. Loxaworff, of Cincinnati. It is undoubtedly a seeding of Isabella, is very vigorous in growth, and its fruit often nearly equals the size of the Black Hamburg. It ripens about the time of Isabella. PRICE, ONE DOLLAR.

The following tender variety of grape vines are all raised under glass with one exception, the Chasselas. I have succeeded admirably in out door culture with the vine. Black Hamburg, Red Muscat. White Syrian, Golden Hamburg, Bishop, White Frontignan, Black Prince, Blk. Danask, Golden Chasselas, may be found at my garden well rected.

The Isabella, Catawba and Clinton, by the 100 or 1000 The Isabella, Catawba and Clinton, by the 100 or 1000 all well rooted, to any that wish to set vineyards at exceeding low rates. I warrant all true to name, any mistake or errors shall be made good. I do not want something for nothing. A legal thief is the most despicable. I wish to advertise a simple fact only—no puffing in papers is wanted. By my own merit I stand or fall, earthly tribunals cannot keep me up or down.

The above grape vines can be had at the garden of HARRY MIN.

Mr. John A. Gamper being equally interested, will travel throughout the county and adjoining counties, and will give instructions about culture, &c., and be able to show drawings of some of the new varieties of grapes which are in great demand and very scarce.

hich are in great demand and very scarce. Towanda, Pa., 1859.
