FRUIT TREES Shrubs and Vines.

THE undersigued will be prepared the coming Fall, to supply the public with a well selected and choice variety of trees, shrubs and vines. All orders sent or given I will attend to filling and delivering myself, and hope to make satisfactory. Trees that shed the leaf should be transplanted in the fall, evergeens late in the spring. As some people think that nursery men should replace all trees that do not live, I would say, to those buying of me, that I do not agree to do so, but I will warrant my trees to be in good order when delivered. I will warrant all to live, but in such a case I will have an extra price, and attend to setting out myself.
