## \$30 SEWING MACHINES. RAYMOND'S LATEST IMPROVED

The tollowing reasons are selected from the many, why RAYMOND'S is the 5est in the Market : 1 Becruse it is the Chapest . 2 It is by far the simplest. 2 The least liable to get ont of order. 4 The easiest managed and understood. 5 It makes the celebrated bouble Lock Stitch, which is the most elastic ever made by machinery. 6 It will not rip if a stitch gets broke or every fourth cut. 7 It makes the neatest and hand somest stitch. 8 The seams are the strongest. 9 It uses two threads from the ordinary spools as longht from the store, without rewinding. 10 They finish their work without fastening the thread at either end of the seam with the hand needle as is required by the Shattle Stitch Machines. 11 It has the least machinery. 12 Its mechan-ism is the most perfect. 13 It is the most popular among the masses. 14 It is the casiest running, and almost noiseless in its operation. 15 It is an ornament for any parlor. 16 It combines the advantages of both Hand and Foot Powers. 17 The price is within the reach of every family. 18 any person of ordinary intelligence can leafn to use it successfully in one hour's time..... 19 They can do all kinds of work that any high priced Machine can, and just as well. 20 Levery Machine is warranted to give satisfaction or the money refuxed. We, the undersigned, are each one of us using one of every of a latest humaved Double Thread Family Sew.

Machine can, and just as well. 20 Every Machine is warranted to give satisfaction or the money refuxed. We, the undersigned, are each one of us using one of Raymond's Latest Improved Double-Thread Family Sew-ing Machines, and we take pleasure in this manner of condidently recommending it to all persons who want a good Sewing Machine ; for we find it easily managed, very durable and strong, not liable to get out of order, and easily adjusted for all kinds of work, by simply changing the needles and spools of thread, and believe the work much stronger, better and more perfect in every respect than that made by hand.
