Warranted the best in the world for Family Use ! Price Within the Reach of Every Family. PRICE \$35.

Hemmer, Feller, Binder & Tucking guage, combined, \$

The member, Fener, binder a Turking gauge, combined, so. THE reputation of this Machine is now fully establish-family use, and has been attested too by thousands of the most respectable families in the Union. This Machine makes the celebrated "Double Lock Stitch," the only one made by machinery that meets all the requirements of Family Sewing. Each stitch is tied twice, so that every one is securely fastened and wholly independent of all the other stitches for strength, so that if the sear is cut or every fourth stitch broken, the sewindependent of all the other stitches for strength, so that if the seam is cut or every fourth stitch broken, the sew-ing must hold good while the fabric will wear. The machinery which makes this stitch is a marvel of sim-plicity, requiring no mechanical skill to manage it, nor does it require adjustment more than the mere change of thread and needles to adopt it to the character of the work to be sewed-coarse or fine as the case may be. It will sew gauze laces, and all varieties, and kinds of fab-rics between and including heavy beaver cloth, without changing either needles or thread equally well, and re-turn to either variety of work with perfect satisfaction. No other Machine ever offered to the public will do as No other Machine ever offered to the public will do as

much. A perfect Sewing Machine, one making a stitch an-swering all the requirements of the family, sewing coarse and fine work equally well, was the great desideratum of the home circle, previous to the invention of EDWIN CLARK'S REVOLVING LOOPER. The stitch is beautiful, trong, and elastic. and will not rip in wear or in acci-dental breaking a thread.

Every Machine is warranted to give satisfaction or the noney refunded.

should board in the Institution, as better opportunities for advancement in study are thereby secured.
 Normal Department Special exercises are arranged without extra charge for those preparing themselves as Teachers of Common Schools. Prof. C.R. COBURN, the able and well known Superintendent of Common Schools in the county, has kindly consented to organize the Teacher's class, and direct the course to be pursued.
 He will also be present to conduct its exercises are of the as practicable, and will deliver frequent lectures on the ras practicable, and will deliver frequent lectures on the Theory and Practice of Teaching, as also on other subjects connected with Normal training.
 Those persons, therefore, intending to engage in teaching for the winter, will find it greatly to their advantage to be present during the Fall term.
 Prof. Coburn's connection with the institution is not such as to in any way inteffere with the discharge of the regular duties of his office.
 Mo pains will be spared, on the part of the Faculty and Trustees in sustaining the high reputation the institution has hitherto enjoyed, and in rendering it more worthy of future patronage and support.
