THE FRIEND OF WOMAN.

E. Clark's Revolving Looper DOUBLE THREADED

FAMILY SEWING MACHINE The Revolving Looper is a late improvement on Raymond's Latest Improved.)

Warranted the best in the world for Family Use! Price Within the Reach of Every Family.

PRICE \$35. Hemmer, Feller, Binder & Tucking guage, combined, \$5.

Hemmer, Feller, Binder & Tucking guage, combined, \$5.

THE reputation of this Machine is now fully established as the most reliable Machine in the market for family use, and has been attested too by thousands of the most respectable families in the Union.

This Machine makes the celebrated "Double Lock Stitch," the only one made by machinery that meets all the requirements of Family Sewing. Each stitch is tied twice, so that every one is securely fastened and wholly independent of all the other stitches for strength, so that if the seam is cut or every fourth stitch broken, the sewing must hold good while the fabric will wear. The machinery which makes this stitch is a marvel of simplicity, requiring no mechanical skill to manage it, nor does it require adjustment more than the mere change of thread and needles to adopt it to the character of the work to be sewed—coarse or fine as the case may be. It will sew gauze laces, and all varieties and kinds of fabwork to be sewed—coarse or fine as the case may be. It will sew gauze laces, and all varieties and kinds of fabrics between and including heavy beaver cloth, without changing either needles or thread equally well, and return to either variety of work with perfect satisfaction. No other Machine ever offered to the public will do as much.

A perfect Sewing Machine, one making a stitch answering all the requirements of the family, sewing coarse and fine work equally well, was the great desideratum of the home circle, previous to the invention of Edwin Clark's Revolving Loopea. The stitch is beautiful, trong, and classic, and will not rip in wear or in accidental breaking a thread.

Every Machine is warranted to give satisfaction or the money retunded.

CAUTION.

"To be, or not to be—hat is the question! Whether its nobler in the mind to suffer The slings and arrows of outrageous opposition, Or by taking up arms against a sea of printing ink, And opposing, end them."

The proprietor of the Argus takes occasion in advertising his Bindery to indulge in an uncalled for fling about a "sort of a concern," which is hoping "to delude the public." As I have opened a Bindery on my own account, the inference is that if the public bring their binding to me, they are in no danger of being defrauded. For two years I have worked for Mr. Parsons, and he has taken great painst' satisfy the public I was the "best Binder in America," as the columns of the Argus will testify. Has he been all that time "deluding the public". If I have been engaged in a fraud, he has been the principal. But I refer to my work during that time as evidence that there has been no fraud practiced.

Haying served a long apprenticeship at the Bindery business, I have resumed business here on my own account, as I know of nothing which prevents me from following a legitimate and bawful calling for my support.—I shall endeavor by good work and attention to my business to give public satisfaction:
