

Men who are Right out always to be Bold.

Whatever adverse politicians may say, the first phase of the Douglas movement, which began in the glorious contest at Charleston, and ended in the utter defeat of the Disunionists at Baltimore, promises to be conducted to the close with splendid energy.

A more shameless scheme never entered into the head of any one but a dependent of the present corrupt Administration. The friends of Douglas in the North would never touch a ticket soiled with disunion, especially when called upon to vote for Mr. BRECKINRIDGE whose name is used to destroy and degrade their gallant allies in the Southern States.

We are gratified to see that the National Democratic Committee, which assembled at Washington on Tuesday, adopted among others the following explicit resolution:

Resolved, The crisis demanding that the organization of the Democratic party shall be preserved intact against open as well as secret enemies of the Constitution and the Union that is therefore recommended to the several State Committees that they take measures to secure the adoption of an electoral ticket in their respective States pledged to the unqualified support of the nominees of the National Democratic Convention—Stephen A. Douglas and Herschel V. Johnson.

This will probably result in two electoral tickets in Pennsylvania—one pledged to DOUGLAS, the other to the Disunion candidate, BRECKINRIDGE. In this way the strength of the two divisions of the Democratic party will be ascertained. Among the electors on the ticket appointed by the Democratic Convention at Reading, in April last, are a number of Disunionists. The question is whether they will withdraw in consequence of the resolution of the National Democratic Committee.

THE REAL ISSUE.—So far as there will be any contest in the approaching Presidential election, it lies between Mr. Lincoln and Joe Lane of Oregon. If the President shall be elected by the people, as now seems almost certain, Lincoln inevitably must be chosen. It is utterly impossible for any other man to obtain a majority of the electoral vote.

THE SOUTHERN DEMOCRACY, as the "signs of the times" indicate, will rally almost unanimously for Breckinridge and Lane before the summer is over. The defections from the Douglas ranks, commencing with Fitzpatrick, their nominee for the Vice Presidency, are already numerous. Every day witnesses accessions to the slave code banner, and corresponding desertion from the Douglas side.

DROWNED AT OREGON.—The Oregon Times gives an account of the drowning of a man named Eli Brooks, in the river at the village, on Saturday last. He was about fifty years of age, and for several days previous had been wandering about the streets of Oregon, giving strong evidence of insanity, but yet no one took it upon himself to see that he was taken care of.

DISPATCHES RECEIVED IN WASHINGTON from the Indian Agent in Nebraska, announce a new and wild bid fair to be a very serious trouble among the Western Indians.

Gen. Lane's letter, accepting his nomination to the Vice Presidency, is published.—He fully indorses the platform, and declares emphatically that neither Congress, nor Territorial Legislatures, have the right to legislate on the subject of Slavery.

A tremendous rain and thunder storm passed over Peoria, Illinois, on Sunday night, doing much damage to the Valley railroad. Seven bridges were washed away between Peoria and Washington, on the Logansport and Peoria railroad. The loss to the farmers in the vicinity is estimated at \$50,000.

FOR PRESIDENT, ABRAHAM LINCOLN, of Illinois. FOR VICE PRESIDENT, HANNIBAL HAMLIN, of Maine. FOR GOVERNOR, AND'W G. CURTIN, of Centre Co.

The California Overland mail-coach, with dates of the 15th ult., arrived at Fayetteville, Ark., on Thursday evening. The mail is the largest ever brought overland. The excitement relative to the recently-discovered gold mines in Arizona continued, and large numbers were rushing toward them.

The returns from the Oregon election come in slowly, but it is said that all accounts agree that such a Legislature of Republicans and Anti-Lecompton Democrats has been elected as will insure the defeat of Gen. Lane and Delazon Smith, for reelection to the United States Senate.

A new programme for the Mormons is indicated in Washington dispatches. It is now proposed that they shall emigrate to one of the East India Islands, and reliable information is said to have been received that they will do so. The enterprise is to be carried out under the supervision of Capt. WALTER M. GIBSON, who will be remembered as having been imprisoned for some years by the Dutch authorities of one of the islands in question, and who has recently identified himself with the Mormon cause—it being at his suggestion that BRIGHAM YOUNG proposed to the Government to take the Mormons to Oceania, if an arrangement could be made by which they could be paid by Government for their improvements in Utah.

Returns from twelve counties in Oregon give the Democratic candidate for Congress 1,032, and the Republican candidate 1,033. The counties yet to hear from last year gave 152 Democratic majority. Material changes both ways have taken place in the counties heard from, and both parties are hopeful. All accounts agree that a sufficient number of anti-Lecompton Democrats and Republicans have been chosen to the Legislature to defeat the election of Messrs. Lane and Smith to the United States Senate.

The illustrious "Snooble" has made his appearance in a new character. On Friday last the Washington Constitution contained a gross personal attack upon this celebrated personage, who was one of the orators at the Douglas ratification meeting in that city. Whereupon ELLIS B. visited the sanctum of Gen. BOWMAN, and chastised the editor with his own case. He then surrendered himself to a magistrate, and entered bail for an assault.

A circular has been issued by the Douglas "National Democratic Executive Committee" at Washington, repudiating and rejecting the suggestion of running joint Electoral Tickets with the Breckinridge or any other party. This course was inevitable, unless they were to give up the contest. Douglas must be chosen by the People if chosen at all, to throw the election into Congress is to give Breckinridge a chance, and Lane a certainty of election. The Douglas men must go for 54 40 or nothing.

THE CONSTITUTION, the President's organ, is out for Breckinridge. It has issued its edict that each office-holder must "declare the course which he purposes to pursue, without equivocation or reserve; and indicate the candidates whom he intends to support in the approaching Presidential contest, with decision and firmness." All who do not will be understood as being for Douglas, and their heads will roll in the dust at once. The President in this war with Douglas will know no such word as "fail."

An article in another column from FORNEY'S PRESS, will seem to show to those who are speculating about a Union Electoral ticket, how little prospect there is of any plan being adopted which will reconcile the difficulties in the Democratic party.

Gen. Lane's letter, accepting his nomination to the Vice Presidency, is published.—He fully indorses the platform, and declares emphatically that neither Congress, nor Territorial Legislatures, have the right to legislate on the subject of Slavery.

A tremendous rain and thunder storm passed over Peoria, Illinois, on Sunday night, doing much damage to the Valley railroad. Seven bridges were washed away between Peoria and Washington, on the Logansport and Peoria railroad. The loss to the farmers in the vicinity is estimated at \$50,000.

Upon motion, the second resolution in the series was again thrown before the Association, for the purpose of allowing A. E. ROCKWELL an opportunity to review some arguments presented.

An amendment was here made to the second resolution by Mr. C. ROCKWELL, as follows: That in our opinion the amount of compensation paid to teachers, should be graduated according to their literary attainments and their ability and efficiency as practical teachers.

On motion, a committee of five was appointed to report a list of permanent officers for the Club. The Committee reported through their chairman, H. C. TRACY, as follows:—President—HON. GEORGE TRACY. The committee on resolutions reported through G. P. TRACY, the following program and resolutions which were unanimously adopted, viz:—

under the inspiration of the music of ELIASON'S band, kept up dancing until the rosy-fingered morn tipped the East with golden beams.

SUNDAY SCHOOL CELEBRATION.—The Sunday Schools of this place united in having a Pic Nic Celebration of the Fourth of July, and invitations were extended to the neighboring schools to be present, in pursuance of which 800 children were here with their teachers, to participate.

At a few minutes before 11 o'clock, a procession was formed for the purpose of proceeding to Merzen's Grove, where ample arrangements had been made for the accommodation of the children and others, stands erected, tables spread, &c. The order of procession was as follows:—

While marching to the grove, a heavy shower came upon preventing the carrying out of the programme. The children sought shelter in the churches and houses, and when the rain was ended, it was necessary to remove the provisions to the Engine House and Court House, where they were distributed as well as possible under the circumstances.

It was matter of great regret that the plan of operations was thus interfered with, as up to that time, there was every prospect that the day would be one of enjoyment to all engaged. The interruption necessarily caused a change and produced a confusion which prevented the carrying out of the exercises, and was matter of much disappointment.

On Saturday, the Sabbath Schools of this place met for the purpose of carrying out the proposed exercises for the Fourth. The attendance was quite large, the day propitious, and the occasion one of general enjoyment. The children marched to the grove headed by the Towanda Band, where short and practical addresses were made by Prof. W. H. DEAN, B. S. BRISTOL, and Dr. TRACY. After partaking of the good things provided, the children were dismissed to the enjoyment of the sports, for which means had been provided.

THE FILLMORE MEN ALL FOR LINCOLN.—The great body of the "Third Party" men of 1836—those who detracted from the Republican vote by their support of FILLMORE—arranging to rally to the support of "Honest old Abe." This is the case everywhere. In this State it will make a tremendous difference in the popular votes. Take the strongest Fillmore counties for instance—the counties of Blair, Huntingdon and Clarion—and how do they stand now? They are all going overwhelmingly for CURTIN and LINCOLN. The Holladayburg Register, the Huntingdon Ancestry, and the Clarion Banner, all Fillmore papers in 1856, have run up the Lincoln flag. This State may be put down at least 15,000 for "Andy Curtin," and 20,000 for "honest old Abe."

VERY LATE FROM EUROPE.—The Aid, which left Liverpool on the 9th instant, has arrived at New York. The principal news item is that considerable reinforcements for Garibaldi, with arms and ammunition, had been landed in Italy—that the armistice continued—that Garibaldi had appointed a Provisional Government for Sicily, and that he found \$5,000,000 in the royal treasury at Palermo. It seems placed beyond a doubt that Sicily was lost to the weak and wicked monarch who has so long misgoverned it.

THE NEWS FROM THE PIKE'S PEAK region is not very encouraging. Advices from Denver City to the 28th ult. represent that depredations by the Indians were of frequent occurrence, though no acts of open hostility had occurred. The mining news is unchanged in character, no new discoveries having been made. Business generally was dull, and money scarce.

HARDEN, the Methodist minister who poisoned his wife, was hung at Delvidere, New Jersey, at half past one o'clock Friday. He was quite calm to the last. He died hard. He made a confession to his brother, which will probably be published.

ARTHUR BLAIR, the Republican candidate for Governor in Michigan, was born in Tompkins county, New York, forty-two years ago. He graduated from Union College, and studied law with Tracy & Davis of Oswego.

THE HARVEST PROSPECT.—The crop accounts from all sections of the country are extremely encouraging, and especially from the great fertile West, where an immense yield of both wheat and corn is indicated. The last advices from London represent the wheat crop of England as very unpromising, and of Europe as only fair. If, therefore, American farmers are not only to reap a full crop, but get the best prices as well, prosperity must reign throughout much of the Western country here for the last three years a very great depression has existed in all values, until farmers have almost lost hope of revival. It now seems probable, however, that Illinois will send to market this year a much larger crop of grain than ever before. Similar accounts of an abundant harvest reach us from Iowa, Minnesota and Missouri. In the latter States hemp and corn are particularly promising. In Indiana and Ohio the wheat harvest is earlier than usual, and the field is a full average. In Virginia the season has been extremely favorable for grass and oats, but the wheat crop unsatisfactory, owing to rust, smut and winter freezing, which have nearly destroyed many fields. In our own State the grass and grain crops are uniformly represented as very fair, and the Susquehanna, Juniata and Allegheny valleys promise better crops than for many years. In the Northern and some of the Western counties many farmers are turning their attention to grazing, with very profitable results. The accounts from New York are generally favorable, but in some sections the "midge" will reduce the wheat crop materially. Throughout Connecticut a fair yield of grain and tobacco is anticipated, though the latter was planted this year than for several years. In Eastern Vermont and Western New Hampshire the hay crop is said to be better than expected a few weeks back, but less than an average one. Corn, potatoes and oats are looking well, and there is a fine prospect of fruit.
