

Are You Ready.

The 1st of September is just upon us, and the Presidential contest must be everywhere prosecuted with energy and system from that day to the end of the canvass.

1. ORGANIZATION.—After all that has been done, half the townships, even in the Free States, are without any efficient organization of their Republican voters for work in the pending contest.

2. INTELLIGENCE.—The great mass of those who read, if not office-holders, incline naturally to our side.

3. MEETINGS.—Got up meetings whenever and wherever the good cause will be strengthened thereby.

4. BE WIDE-AWAKE.—Take care that the very best men are nominated for office—men who will add strength to the best cause instead of deriving their strength from it.

THE TEXAS TRAGEDY.—It would appear from the following extract from the New Orleans Picayune that the idea of freedom for the slave, in any other than a merely figurative sense, has never been entertained by the movers or abettors of the insurrection in Texas.

"In looking through the great mass of details with which the Texas papers have been loaded, we see no evidence of any concerted plot among the negroes for permanent insurrection against the authority of the whites."

A REMARKABLE SCIENCE.—The Danville "American" gives the following account of an extraordinary suicide in that neighborhood.

THE CENSUS OF WILLIAMSBURG.—The marshal has completed the census of Williamsburg and returns the population of the town, including the suburbs, as numbering 9,561.
