STORM, AND LOSS OF SAW LOGS .- On Friday afternoon the northern counties of the central part of this State were visited with a most terrible storm of rain.

for many years, and the Chemung, Tioga, Sinnemahoning, Kettle Creek and other streams in this section of the State were raised to a very unusual freshet. Pine creek raised about nine feet in three hours and committed great destruction to roads, bridges, farms and lumbering establishments. The Booms near the mouth of the Creek were broken and a vast quantity of logs escaped. The Williamsport Boom was undergoing repairs, and was closed until after daylight. Some of the logs that were rafted out for some of the mills below broke loose about two o'clock in the morning and they continued to break their fastenings until after six o'clock, when the Booms and other fastenings were secured. About three millions of feet escaped from the Jaysburg, Williamsport and Loyalsock mills. The faswilliamsport and Lovalsock mills. The fastenings of the Lock Haven Boom gave way, where they had been rafting out, nearly the entire stock escaped, amounting in all to about 15,000,000 feet. About 6,000,000 feet escaped from the Pine creek Booms Many of Towarda Aug. 50, 1860.
