THE FRIEND OF WOMAN.
E. Clark's Revolving Loper
DOUBLE THREADED
FAMILY SEWING MACHINE.
The Revolving Loper is a late improvement on Raymond's Latest Improved.
Warranted the best in the world for Family Use!
Price Within the Reach of Every Family.
PRICE \$35.
Hemmer, Feller, Binder & Tucking gauge, combined, \$5.

THE reputation of this Machine is now fully established, as the most desirable Machine for the married family use, and has been attested to by thousands of the most respectable families in the Union.
This Machine makes the celebrated "Double Lock Stitch," the only one made by machinery that meets all the requirements of Family Sewing. Each stitch is tied twice, so that every one is securely fastened and wholly independent of all the other stitches for strength, so that if the seam is cut or every fourth stitch broken, the sewing must hold good while the fabric will wear. The machinery which makes this stitch is a marvel of simplicity, requiring no mechanical skill to manage it, nor does it require adjustment more than the mere change of thread and needles to adapt it to the character of the work to be sewed—course or fine as the case may be. It will sew gauze laces, and all varieties, and kinds of fabric between and including heavier cloth, without changing either needles or thread equally well, and return to either variety of work with perfect satisfaction. Former Machine ever offered to the public will do as much.
A perfect Sewing Machine, one making a stitch answering all the requirements of the family, sewing coarse and fine work equally well, was the great desideratum of the home circle, previous to the invention of E. Clark's REVOLVING LOOPER. The stitch is beautiful, strong, and elastic, and will not rip in wear or in accidents, breaking a thread, or leaving a hole in the fabric. Every Machine is warranted to give satisfaction or the money refunded.

Carriage Manufactory at Alba.
REYNOLDS, FELLOWS & CO., respectfully inform the people of this County, that their operations have not been the least disturbed by the fire, and they are usual prosecuting their business in all its branches. They are manufacturing in order, and will keep on hand,
Carriages, Sleighs, Buggies, Skeletons, Lumber and Democrat Wagons, &c., made of the very best materials, and in the most substantial and workmanlike manner. They use nothing but the best of stock, their timber being mostly from the East, and everything being selected with reference to its durability.
As an evidence of the value of their work they point to the fact that they received the first premium at the last Bradford County Fair, and at a previous Fair the first premium for Cutters.
BLACKSMITHING done in all its branches, and particular attention paid to Custom Work.
