Price Within the Reach of Every Family

Hemmer, Feller, Binder & Tucking guage, combined, \$5

Hemmer, Feller, Binder & Tucking guage, combined, \$5.

The reputation of this Machine is now fully established as the most reliable Machine in the market for family use, and has been attested too by thousands of the most respectable families in the Union.

This Machine makes the celebrated "Double Lock Stitch," the only one made by machinery that meets all the requirements of Family Sewing. Each stitch is tied twice, so that every one is seenrely fastened and wholly independent of all the other stitches for strength, so that if the seam is cut or every fourth stitch broken, the sewing must hold good while the fabric will wear. The machinery which makes this stitch is a marvel of simplicity, requiring no mechanical skill to manage it, nor does it require adjustment more than the mere change of thread and needles to adopt it to the character of the work to be sewed—coarse or fine as the case may be. It will sew gauze laces, and all varieties and kinds of fabrics between and including heavy beaver cioth, without changing either needles or thread equally well, and return to either variety of work with perfect satisfaction. No other Machine ever offered to the public will do as much.

A perfect Sewing Machine, one making a stitch an-

A perfect Sewing Machine, one making a stitch answering all the requirements of the family, sewing coarse and fine work equally well, was the great desideratum of the home circle, previous to the invention of Enwist Clarks's Revolvino Loopen. The stitch is beautiful, trong, and elastic, and will not rip in wear or in accidental breaking a thread.

our Machines over all others, for family use, warrants the change. Our Agents are required not to sell less than the above prices. Very Respectfully.

EDWIN CLARK. In consequence of the above order, it will be seen, that I shall be compelled to advance the price of the Machines for which I am Agent, from \$35 to \$45, after the first of November, so that those who wish to avail themselves of the present low price, will have to send in their orders

each machine by those who wish to test their merits previous to November 1st.
