

Pennsylvania in Full.

We have at length the full official vote in Pennsylvania at the recent election. The totals are as follows: Gov.—Andrew G. Curtin (Lincoln) 262,349 Henry D. Foster (Fusion) 230,257

Curtin's majority 32,092 Congress—Total Lincoln vote 260,990 Total Democratic 212,135 Total Bell Everett 7,067

The vote is about thirty thousand heavier than the heaviest ever before cast in the State. Gen. Foster polls just about Mr. Buchanan's vote in 1856, while Col. Curtin exceeds that cast for Fremont and Fillmore together by fully thirty-two thousand.

The following is the official vote for Governor by counties:

Table with 2 columns: County Name and Vote Count. Includes Adams, Allegheny, Armstrong, Beaver, Bedford, Berks, Blair, Bradford, Bucks, Butler, Cambria, Carbon, Centre, Chester, Clarion, Clearfield, Clinton, Columbia, Crawford, Cumberland, Dauphin, Delaware, Elk, Erie, Fayette, Forest, Franklin, Fulton, Greene, Huntingdon, Indiana, Jefferson, Juniata, Lancaster, Lawrence, Lebanon, Lehigh, Luzerne, Lycoming, McKean, Mercer, Millin, Monroe, Montgomery, Montour, Northampton, Northumberland, Perry, Philadelphia, Pike, Potter, Schuylkill, Snyder, Somerset, Sullivan, Susquehanna, Tioga, Union, Venango, Warren, Washington, Wayne, Westmoreland, Wyoming, York.

PENNSYLVANIA, ss.

In the name and by the authority of the Commonwealth of Pennsylvania, WILLIAM F. PACKER, GOVERNOR OF THE SAID COMMONWEALTH: A PROCLAMATION.

FELLOW-CITIZENS: The revolutions of the year have again brought us to our annual festival of Thanksgiving to Almighty God. In no preceding year have we had more abundant cause for gratitude and praise. The revolving seasons have brought with them health and plenty. The summer fruits and the autumn harvests have been gathered and garnered with unweary exuberance. A healthful activity has pervaded all the departments of life; and provident industry has met with a generous reward. The increase of material wealth has been liberally employed in sustaining our educational and religious institutions, and both are making the most gratifying progress in enlightening and purifying the public mind.

Under this conviction, I, WILLIAM F. PACKER, Governor of the Commonwealth of Pennsylvania, do hereby appoint Thursday, the twenty-ninth day of November next, to be observed as a day of public Thanksgiving and Prayer, and recommend to all our people, that setting aside, on that day, all worldly pursuits, they assemble in their respective places of worship and unite in offering thanks to God for His manifold goodness, and imploring His forgiveness, and the continuance of His mercies.

Given under my hand and the Great Seal of the State, at Harrisburg, this twenty-fourth day of October, in the year of our Lord one thousand eight hundred and sixty, and of the Commonwealth the eighty-sixth. By the Governor: Wm. F. PACKER, Secretary of the Commonwealth.

FOR PRESIDENT, ABRAHAM LINCOLN, of Illinois. FOR VICE PRESIDENT, HANNIBAL HAMLIN, of Maine.

ELYSES MERCUR, ESQ. Will address a Republican meeting at EAST SMITHFIELD, Friday Evening, Nov. 2.

One More Rally!

The Republicans of Bradford must not consider the battle gained, until they have put forth every exertion on Tuesday next, and the sun shall go down upon their duty fully performed. True, we elected Curtin Governor by a large majority, but a feeling of too great security and apathy might now lose the State to LINCOLN. The same vigorous, determined, systematic labor is necessary now to make the Republican triumph complete.

It would require but a few Republicans in every election district to stay at home thinking all was safe, to peril the State. It is not sufficient that Pennsylvania should cast her electoral vote for LINCOLN, but the majority would be so large as to carry with it a rebuke to the disunionists, and teach them that Pennsylvania will ever remain the Key-stone of the Federal arch.

Examine Your Tickets!

We caution our Republican friends to be on their guard against fraudulent electoral tickets. The list at the head of our paper is correct, and the ballots should correspond. Beware of tickets headed with POLLOCK and HOWE but which have upon them the names of some of the Disunion electors.

Electoral Tickets.

We have printed a full supply of electoral tickets, and our friends are requested to call and procure the quota necessary for their election districts.

THE VICTORY IS OURS!

If we but do our duty on Tuesday next, the victory is ours! From every Free State, which has already spoken, comes a verdict in favor of Republican principles, while from those in which no election has been held, we have an assurance that warrants us in saying that LINCOLN & HAMLIN will carry every Free State!

The last desperate card of the Disunionists is now being played. The dark banner of secession is flaunted in the breeze to frighten the North from the exercise of their constitutional rights in electing a Republican President. It will not avail. The Freeman of this Republic will vote ABRAHAM LINCOLN into the Presidential chair, and they will attend on the Fourth of March next, (if necessary) to see him inaugurated.

AN INFAMOUS FORGERY.—Among the hundred other infamous forgeries perpetrated during the late gubernatorial canvass was a long pretended extract from a speech alleged to have been made "by John M. Wilson, a Republican elector of Massachusetts, before a Republican meeting," in which the most foul and offensive language is used towards the German voters. This was circulated in hand-bills in the Northern counties of this State. It is an utter forgery, as has been positively ascertained—no such name being on the Massachusetts electoral ticket, and no man of that name being found who ever uttered such language. All such villainies should be exposed, so that the people may not be deceived by like frauds of party papers hereafter.—They degrade the press.

The Republican Mass Meeting at Binghamton, on Wednesday last, was attended by about five thousand persons. Senator SEWARD spoke in the afternoon for about an hour, and was followed by Ex-Gov. STANSON, of Kansas, in a speech of some length. In the evening speeches were made by Gen. NYE, of New York, and Hon. Mr. HOWARD, of Michigan. After the evening meeting, the Wide Awakes of Binghamton, together with large delegations from Owego, and other towns in the vicinity, had a parade.

Mr. SEWARD'S speech was mainly confined to the consideration of the existence and growth of the Republican Party among the great natural phenomena of the world. Mr. STANTON reviewed the Kansas question, and Gen. NYE was characteristically humorous.

REPUBLICANS OF BRADFORD!

The Great Battle IS TO BE DECIDED ON TUESDAY NEXT!

Shall we give 'Honest Old Abe' 5,000 MAJORITY?

Shall Bradford be the Banner County? Let the answers be given at the ballot-box. For our common country and our glorious cause, let us dedicate ONE MORE DAY!

The destinies of this Republic hang upon the results of Tuesday next. Shall Freedom or Slavery be predominant? Is Freedom National and Slavery Sectional, or shall the perpetuation and strengthening of Slavery become the great and controlling purpose of this Government?

One more charge upon the shattered ranks of the Disunionists, and the battle is won for the cause of Freedom. Let it be a vigorous and decisive one!

THE WORK HALF DONE.—The election of CURTIN is half the election of LINCOLN. We may have the power, but we must use it to gain any end. A man may die of hunger if he will not or does not eat the food set before him. We may have a million majority of votes, but unless the votes be put in the ballot box we shall have no majority.

Farmers plough and harrow, sow the seed, protect it from danger, reap, thresh out, and then realize, in bread or money, the reward for all their risk, labors and expense. So we Lincolnites have toiled and toiled—scattered wide the good seed— anxiously guarded the growing germs of truth and popular appreciation from all sorts of enemies—have seen the grain ripen—have done a "threshing" job—the golden harvest is well-nigh garnered—but we must see that it is taken to mill and the market, to realize our victory. ONE DAY MORE FOR THE CAUSE, and a glorious triumph is ours!

MORE SECESSION MOVEMENTS.—Secession rumors of all kinds reach us from the National Capital,—some of them of the most absurd character. The Washington correspondent of the New York Times telegraphs that a report was current there on Friday, on what was considered reliable authority, to the effect that several of the Southern States, through the medium of a secret Commissioner, had already obtained a pledge from the French Emperor that Charleston should be kept open as a free port, in case of a disruption of the Confederacy. A statement so utterly ridiculous is unworthy of serious consideration. The same correspondent also states that Senator Wigfall called upon the President on Thursday, and notified him to determine upon the course he would pursue in the event of secession, as the issue would be forced upon him. If Mr. Wigfall did call upon the President with any such message, the very fact of the matter having been made public is the best proof that it was intended only as a piece of bravado.

LINCOLNISM IN WASHINGTON.—The Lincoln Club of Washington is receiving large accessions since the elections on the ninth inst. One hundred and twenty-three members were admitted in a single evening, and eighty additional applications received. The character of many who inhabit Washington City, is easily perceived by this circumstance. It will be noted that this rush into Lincoln ranks takes place after it is rendered morally certain that the party will be successful. It would, however, be unfair not to mention that there was a considerable and growing Lincoln party in Washington before this, and that very many more were with us in heart, but had not the courage to join the Association in that quarter until the prospect of success made such a movement practicable.

A horrible accident occurred at 7 o'clock on Thursday morning last at Port Griffith, between Pittston and Wilkesbarre, at the Pennsylvania Coal Company's Works. A car containing 12 miners, started for the mine down a slope of 1,500 feet; when about half way, the rope broke, and the car was precipitated to the bottom. Eight men were instantly killed, and two are not expected to live.—The balance were saved by jumping from the car.

Gov. CURTIN was prostrated with neuralgia last week, in Philadelphia,—a consequence of his arduous efforts in the campaign just closed. He has since gone for a brief rest to New England, but we hope will be able to talk a little in New York and New Jersey before election.

LOCAL AND GENERAL.

MR. EDITOR—I received the following circular through the mail a few days ago. Other individuals in this County have been honored in the same way. As the conscientious gentlemen desire me to "create as much excitement" as I can in their favor, I desire you to publish the circular and send a copy of your paper which contains it to their address. If they should be pleased with this method of "creating an excitement" they may send you six thousand dollars. In one such precious document which I have seen, they say that a farmer, somewhere in New Jersey, had drawn \$6,000, and from him they accidentally heard of the name of the individual to whom the circular was sent; but they accidentally met with my name because a merchant in Oswego had drawn the sum of \$15,000. I presume he showed the money and let it be known that they sent the prize to him. This, true, is a special request that I "keep this matter strictly private" till they send the money; but as it is a printed document, signatures and all, and as I have made no promise to do so, and as they never intended to send the money unless I first send them ten dollars, which I am not quite green enough to do, I betray no trust of confidence by having it published.

These gentlemen seem extremely desirous to do away with the prejudice that exists against lotteries in general, and theirs in particular, and it is possible that this publication may be of benefit to them in that respect. Inasmuch as theirs was established by the State of Delaware, I cannot readily see why they are so desirous to have the matter kept so still until the ten dollars have been sent to them, and the six thousand sent to me. I really do not know what I have done for these men, or for the State of Delaware, that should entitle me to six thousand dollars of their money, for which I return but ten, and for which also I am to create an excitement. If I were capable of doing this last, I could do it with less money.

In their scheme, they say the drawing is done "under the supervision of a sworn commissioner, appointed by the Governor." If we knew whom the Governor would appoint, it might be well to send him a copy of this private circular.

WOOD, EDDY & CO'S LOTTERY. Charles Sirkken & Co's Correspondence Office, King st., near Market, Wilmington, Delaware.

DEAR SIR—As a prejudice exists in the minds of many persons against Lotteries we are determined to remove it, so far at least, as concerns the popular and far-famed Lottery of Mess. Wood, Eddy & Co., which are authorized by the State of Delaware, and send you a copy of the same, and a copy of our Extra Lottery for nothing. We sent a prize of \$15,000, in this way, on the 24th of November (see scheme inclosed) and if it does not draw you \$2,000, we will send you another package in one of our Extra Lotteries for nothing. We sent a prize of \$15,000, in this way, on the 24th of November (see scheme inclosed) and if it does not draw you \$2,000, we will send you another package in one of our Extra Lotteries for nothing. We sent a prize of \$15,000, in this way, on the 24th of November (see scheme inclosed) and if it does not draw you \$2,000, we will send you another package in one of our Extra Lotteries for nothing.

Very Truly Yours CHAS. SIRKKEN & CO'S October 17th, 1860.

The damage to the Chemung Canal and Feeder, by the flood, says the Elmira Press, of last Saturday, seems not to be quite so serious as at first supposed. There were only two breaks, one at Big Falls and the other at Gibson. A gang of men are now engaged in repairing the breaks, and we have the authority of Canal Commissioner LAYCOCK for saying that they will be completed on Wednesday or Thursday next, when navigation on the Canal will be immediately resumed.

The damage on the North Branch and Junction Canals was not so extensive as at first supposed. The former is already in navigable order.

THE ATLANTA MONTHLY, for November, has been received. The following are its contents:—Thomas Hood; Fayal and the Portuguese; Midsummer and May; Gone; Expression; Italian Experience in collecting "Old Masters"; "Tenty Scran"; Recollections of Irving; Irene Amdamylene; The Professor's Story; Reviews and Literary Notices.—Boston, Ticknor & Fields, Publishers.

The next annual meeting of the Bradford County Teachers' Association will be held on Friday and Saturday, the 9th and 10th of November, at the Public School House, in Towanda Borough. During the session various educational questions will be discussed. Friday evening E. DUNN will deliver the annual address. Friday evening A. N. DEXTER will read an Essay. Election of officers for the ensuing year will take place Saturday, a. m. Teachers and friends of education are invited to attend. R. BEARDSLEY, Sec'y.

TRACY & MOORE have just received, at their old stand, a large supply of New Goods, adapted to the season, so which they invite the attention of purchasers.

CHAMBERLIN has been to New York, and exercised his usual good taste in the selection of a splendid assortment of Watches, Jewelry and other Goods in his line, which are intended both for ornament and utility, and will be found of the latest styles and reliable in every respect.

W. H. DECKER, elected as County Commissioner, was sworn into office last week; DANIEL DECKER, retiring. Mr. D., possesses the requisite qualifications necessary for a proper discharge of the duties of this important office.

A. HANSON SPALDING, takes possession of the Sheriff's office to-day. The flattering manner in which Mr. S. was selected for this office, is an evidence that the people have placed a high estimate upon his integrity and capacity to discharge his duties. We have no doubt that the public expectation will be more than realized.

The retiring Sheriff, THOMAS M. WOODRUFF, has filled the office during a term of more than ordinary importance. We believe it to be the general verdict that he has discharged his duties faithfully and promptly, and to the entire satisfaction of the business community.

RAILROAD ACCIDENT.—The night express bound North, on Sunday last, ran into a culvert about three miles South of Canton; the engine was somewhat damaged, and the tender entirely demolished; a baggage and first passenger car were badly injured, but fortunately no one was hurt. The damage was repaired on Monday.

There was also a bad slide at Columbia Cross Roads on Saturday night. The bridge at Dunning's was washed away, also some of the track, and one of the abutments of Johnson's bridge. The Culvert between the Junction and Elmira was also carried away.

Col. Fonda, the able and efficient Superintendent of the Elmira and Williamsport Rail Road, by his prompt action avoided the delay to which they otherwise would have been subjected, and we understand that the trains are again on time.—Williamsport Press.

The cry for relief from famishing Kansas is being responded to by the people for the West. Trains containing large quantities of potatoes, flour, corn, and groceries arrived in Atchison, Kansas, within the last few days. The provisions were collected in Illinois. The other Western States will join in the work of relief, and the wants of Kansas may be expected to be speedily supplied.

From Vera Cruz we have dates to the 2d. The most important item is a report that a division of the Church forces had been defeated while trying to march out of the Capital.

THE FINANCIAL CONDITION OF THE COUNTRY.—Notwithstanding the hubbalooboo kicked up about stocks, and the great depression experienced in Wall street, it is undoubtedly a fact, that the financial condition of the country was never in reality in a more prosperous state than at present. One single fact enables us to gauge, as it were, our latent financial strength, as accurately as though it had been measured with line and plummet. Thus the increased value of our exports of domestic produce, from the first of July to the 18th of October, this year, over those of the whole of last year, is shown to be \$14,772,496. This export, providing for the balance due England, by agricultural products, manifests its effects at once in a decreased demand for the export of specie, to the amount of upwards of \$19,000,000, in the lower rates of exchange, and the general calculations of men of business on both sides of the Atlantic.

Now these are hard, stubborn facts, which cannot be ignored or rubbed out, and people who are wildly throwing their stocks away, would do well to consider them.

THE RECENT FRESHET.—THE DAMAGE IN TIoga AND COWANESQUE VALLEYS.—We learn through a private correspondent, says the Elmira Press, that the recent flood wrought great destruction to the farmers and lumbermen on the Tioga and Cowanesque rivers, especially in the vicinity of Lawrenceville, where the Cowanesque joins the Tioga; the latter overflowed its banks on Sunday last, and flooded the "Flats," making wholesale destruction of corn, buckwheat and lumber, and destroying numerous bridges. "Lawrenceville was all afloat," the people moving through the principal streets in boats and on small rafts. No religious services were held in either of the churches on that day, the flood entirely preventing it. Nearly all the cellars were filled with water, and in many dwellings the water covered the first floors. The Tioga Railroad sustained considerable damage, and no trains passed over the Road on Monday, being prevented by the damage between Lawrenceville and Corning.

PREPARING TO FIGHT.—The Washington correspondent of the Herald writes: "Virginia appears to be making ready for some overt military demonstration. Not only is her Governor taking steps to arm the militia of the State, but through the proper authorities an order has been given to Col. Rice, of Philadelphia, for a quantity of his newly invented explosive bomb shells, represented as the most destructive agent of its kind." Probably "Old Brown" is to be resurrected.

The Atlanta (Ga.) Confederacy says: "We are credibly informed that the Governor of Alabama, in compliance with an act passed by the Legislature, has ordered, from Belgium, two hundred thousand stand of arms, to be used, if necessary, in the event of Lincoln's election. Alabama will unquestionably secede from the Union before she will submit to the rule of a Black Republican President."

That letter of Horace Greeley's, which Hon. E. S. SWEET read recently to a Democratic meeting in Candor, Tioga county, and which the Gazette of Owego made such ado about, was written in 1837, while Mr. Greeley was publishing The New Yorker, a literary paper, and several years before he started The Tribune. The date of the letter was suppressed, and only extracts from it published, and the impression conveyed to the public that it was written recently by HORACE GREELEY to some southern man, containing a proposition that he (GREELEY) would abandon his advocacy of the present extreme Northern principles and advocate Southern doctrines, if a certain number of Southern subscribers could be procured for The New York Tribune at a certain rate per annum. Hon. Mr. SWEET should be ashamed of such a mean trick to make political capital, and the Gazette should at once correct the error which the aforesaid Hon. Mr. SWEET led it into.

THE PRINCE OF WALES on Saturday finished his tour in America, and embarked for home. The royal party left Boston in the forenoon, in a special train for Portland, accompanied by Gov. Banks, Mayor Lincoln, Hon. Charles Sumner, Hon. Henry Wilson, Hon. Anson Burlingame, and other distinguished personages. They reached Portland about 2 o'clock P. M., after receiving the heartiest ovations of Salem Newburyport, Portsmouth, and other places along the route, and were received by the Mayor and Councils of the city, and escorted by the military through the principal streets of the city to the wharf built for the accommodation of the Great Eastern, whence they embarked amid salvos of artillery and bursts of martial music. The Prince and his suite, before their departure, expressed themselves in terms of the highest gratification at the manner in which they were treated in the United States.

The Toronto Leader, the official organ of the Canadian Government, announces that the Grand Trunk Railway Company is on the eve of a tremendous financial catastrophe—the Barings having taken steps to recover advances amounting to millions of dollars. Reports derogatory to the financial standing of the company have, for some time, been in circulation. The Leader intimates a possibility of the stoppage of the road.
