CAUTION.

"To be, or not to be— hat is the question! Whether 'tis nobler in the mind to suffer The slings and arrows of outrageous opposition, Or by taking up arms against a sea of printing ink, And opposing, end them."

THE proprietor of the Argus takes o casion in adver-tising his Bindery to include in an uncalled for fling about a "sort of a concern," which is boping "to delude the public." As I have opened a Bindery on my own account, as I have opened a Bindery on my own account, as I have worked for Mr. Parsons, and he has taken great pains t satisfy the public I was the "best Binder in America," as the columns of the Argus will testify. Has be been all that time "deluding the public?" If I have been capaged in a fraud, he has been the principal. But I refer to my work during that time a evidence that there has been no fraud practiced.

Having served a long apprenticeship at the Bindery business, I have resumed business here on my own account, as I know of nothing which prevents me from following a legitimate and bawful calling for my support.

Ayer's Sarsaparilla.

A COMPOUND REMEDY, designed to be the most effectual Alterwive that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the discases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Schopella and Schopellous Complaints, Ekeptions

cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcues, Pimples, Blotches, Tumors, Salt Rheum. Scald Head, Syphilis and Syphilitic Appections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debietry, Dyspersia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Rood.

INDIGESTION, ENYSIPELAS, ROSE ON ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstracted and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the grea machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for

giously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for It, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or anything else. During late years the public have been misled by large

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one collar. Most of these have been frauds upon the sick, for they not only contain little, if any Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has tollowed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is are irresistible by the ordinary run of the diseases it intended to cure. In order to secure their completeradication from the system, the remedy should be judiciously taken according to directions on the bottle.
