BATTLE NEAR SUMMERVILLE. CLARESBURG, VA., Thursday, Sept. 12, 1861.

A battle took place about 3 o'clock on Tuesday afternoon, near Summerville. Gen. Rosecranz, after making a reconoisance, found Floyd's army, 5,000 strong, with 16 field pieces entrenched in a powerful position, on the top of a mountain, at Cannix Ferry, on the west side of Gauley River. The rear and extreme of both flanks were inaccessible. The front was masked with heavy forests and a close jungle.

Col. Lytle's Ohio 10th Regiment, of Gen. Benham's brigade, was in advance, and drove a strong detachment of the enemy out of camp this side of the position, the site of which was unknown. Shortly afterward his scouts, consisting of four companies, suddenly discovered themselves in the face of a parepet battery and a long line of palisades for riflemen, when the battle opened fiercely. The remainder of the 10th and the 13th Ohio were brought into action successively by Gen. Benham, and the 12th afterward by Capt. Hartsuff, whose object was an armed reconnoissance. The enemy played upon our forces terribly, with musketry, rifles, canister and shell, causing some casualties. ColeLytle led several companies of Irish to charge the battery, when he was brought down by a shot in the leg.

Col. Smith's 13th Ohio engaged the enemy on the left, and Col. Lowe's 12th Ohio directly in front. Lowe fell dead at the head of his regiment early in the hottest fire by a ball in the forehead

McMullen's howitzer battery and Snyder's two field pieces meantime were got into the best position possible under the eircumstances, and soon silenced two of the Rebel guns.

The fire slackened at intervals, but grew more furious as night approached, when the German brigade was led gallantly into the action by Col. McCook, under the direction of of three hours, ordered the recall of the troops the contest the next morning.

FROM MISSOURI.

HUDSON, Mo., Thursday, Sept. 12, 1861. The correspondent of The St. Louis Repub ican furnishes the following items :

A gentleman from Glasgow informs me that Martin Green, at the head of 3,500 mounted Rebels, was around the Missouri River at that which was lying at Glasgow, and used it for transporting his men over the river. On board the Sunshine were some 4,500 stand of arms, and some four or five Secession prisoners, and a Federal guard of fourteen men. Green released the prisoners and took the guard prisoners. The Sunshine was laden with bacon, sugar, and various other things, all of which fell into Green's hands and went into his Commissary Department.

At West Ely, in Marion County, Col. Moore of a regiment of Home Guards, last evening fell in with from 75 to 100 Secessionists. Col. Moore had 200 men. He immediately gave battle, robbing the Rebels, who scattered in every direction. Two of the Federal force Rebels suffered as it was dark at the time. The bridge over the Platte River will be repaired by Saturday. Green disowns all connection with the bridge burning or firing into trains.

THE LATEST WAR NEWS.

The Spanish Minister at Washington has assured the Secretary of State that the report of a proclamation by the Captain-General of Cuba, recognizing the rebel flag in Cuban ports, is entirely unfounded. No such proclamation has been issued. What has been done is simply to allow vessels to enter without regular papers when they hail from a port on were killed. It is not known how many of the the Southern coast in possession of the rebels, rendering it impossible for regular papers to be procured. of infantry, a company of cavalry, and Capt. GRIFFIN'S battery. As our skirmishers advanced, the enemy's

pickets retired beyond Lewinsvills, about seven miles beyond Chain Bridge.

Our troops having accomplished the object of their errand, connected with the reconnoissance of the country, began to retrace their steps, when a large force of Confederates, consisting of two or three regiments of infantry, and Col. STEWART's regiment of Virginia cavalry, with a battery of four pieces, were seen approaching from the direction of Falls Church, evidently with a view of cutting them off and preventing their return to their camp.

Line of battle was formed by the enemy's forces, and the Confederate battery opened with shell, which was replied to by GRIFFIN's battery. Several rounds were fired on each side, when our troops ceased firing for about twenty minutes, in order to give the enemy an opportunity, which they did not embrace, of meeting them on the open field-the Confederates being for the greater part concealed in the woods.

Our forces, on resuming operations, brought into action a 32-pounder, the shell from which soon silenced the Confederates' battery.

The gun was then directed towards the which appeared on the road leading cavalry. to Falls Church, and soon sent them flyinga number reeling from their saddles and falling to the ground as the shell exploded in their midst.

The command was then given to withdraw, and our column fell back in good order to Chain Bridge, reaching there late in the afternoon.

SPAIN DOES NOT RECOGNIZE THE REBEL FLAG.

WASHINGTON, Sunday, Sept. 15. Mr. TASSARA, the Spanish Minister, bas called to assure the Sccretary of State that the report from Charleston that the Captain-General of Cnba has issued a proclamation, recog-nizing the rebel flag, is untrue. What has happened is, that vessels from any port in the United States, in possession of the rebels, coming into a port with irregular papers, are admitted ex necessitate, without notice of their irregularity, just as they have been admitted in all other ports since the rebels obtained ossession of the Custom-houses in the insurgent States. It is needless to say that no such vessels can be abroad without escaping the blockading force. There is no recognition of a rebel flag in the Spanish ports or in any other ports.

The result was afriendly interview and the conversation turned upon the subject of pickets firing upon each other, which they deplored as contrary to the usages of civilized warfare, and what Capt. But Captain Saunders dropped the subject, and impatiently inquired if it was true that the Cape Hatteras fort had been captured; that it was a heavy blow upon North Carolina and the whole Southern coast .--Capt.
