The Collegiate year is divided into three terms of 14
weeks each. The anniversary exercises will be held at
the close of the Spring term.

No deduction will be made for absence, except in case
of protracted illness of over two weeks.

Instrumental Music will not, as heretofore, be taught in
the Institution, but by special arrangement—a class will
be taught in a hall adjoining the grounds of the Institute,
by the Feacher of Vocal Music.

This arrangement has been adopted for the past term,
and experience has proved it to be eminently superior to
the plan pursued in former years. Special pains will be
taken to secure the greatest progress of those wishing to
take lessons in this branch. Terms will be as heretofore:

EMERY'S

Celebrated Threshing Machines, EMERY'S ONE AND TWO HORSE POWERS, are too well and pop larly known to need any description from me, and I will only say that they continue to describe the reputation they have enjoyed for ten years of being the "best Endless Chain Horse Power in use." These Powers possess conveniences and advantages possessed by no other power.

EMERY'S NEW PATENT

THRESHER AND CLEANER This a new Machine, and has not before been introduced into this region. It has no endiess chain straw carrier, but separates all kinds of grain theroughly from the straw, by a combination of Pitts' Endless. Canvass Celled Apron, a new Imported Revolving Picker, and the well known Vibriting Riddle. It is a simple durable and efficient Michine, will thresh rapidly and cl un thoroughly, without wasting, all kinds of grain. It will not choke, run easily and steadily, without jumping, and is warranted to be superior to the common Rake Cleaner now in use. It remains only to be seen and tested, to be pronounced by every experienced hand at threshing, to be an admirably contrived and constructed Thresher and Cleaner.

EMERY'S IMPROVED THRESHERS & SEPARATERS, are not excelled by any in market, are well constructed, simple and darable. I am prepared to supply all kinds
