

LOCAL AND GENERAL.

The 7310 interest coupons on the Government loan, due February 15th, will be paid on demand at the office of LAPORTE, MASON & CO.

Tuesday last was the warmest day we have had during the winter. The sleighing was considerably damaged in consequence of a general thaw.

The Anniversary Exercises of M. E. Sabbath School, will take place on Saturday evening, February 22. Admittance, one dime. The public are invited to attend.

NATIONAL LOAN.—The Coupons of the 73010 Treasury notes, due 19 instance, will be paid on demand at the office of the Government Agency, at the Banking House of B. S. RUSSELL & Co., in this place.

FIRE IN DANVILLE.—We learn that Henry's Hotel, adjoining the Court House, in Danville, Monroe county, was destroyed by fire on Tuesday morning of last week. The fire originated in the kitchen.—The loss is about five thousand dollars.

RESIGNED.—Capt. A. J. TROUT, of Company F, 5th Pennsylvania Regiment, has resigned his Commission, and is now with his family in this place.—We understand that Mr. R. W. STRONCK, formerly publisher of this paper, has been elected Captain of the Company.

TO STOP BLEEDING.—A correspondent of the American Agriculturist writes that bleeding from a wound in man or beast, may be stopped by a mixture of wheat flour and common salt, bound up with a cloth. If the bleeding be profuse, use a large quantity, say from one to three pints. It may be left on for hours, or even days, if necessary.

Virginia papers formerly delighted to quote the following catchism: "Who settled Virginia? JOHN SMITH. Who unsettled Virginia? JOHN BROWN. Who settled JOHN BROWN? GEORGE WALKER."

Who set now to do these queries another: Who settled Governor Wise? General BURNING.

A Quartermaster of the Massachusetts writes: "You may say to any of your friends or neighbors, that few articles contribute so much to the health and comfort at so little cost, as a vest or waistcoat which may be made of scraps of woolen, without regard to color, as it is never shown—the soldier's coat being always buttoned. No vests are supplied by the government, and they protect the most vital part."

DOG TAX.—We notice by our exchange that petitions for a dog tax of not less than one dollar in circulation in various parts of the State. They are to be introduced to the Legislature for the purpose of aiding in the support of the poor, for school and road purposes. The idea may be a good one, but the petitioners will find it taxation hereafter, sufficiently high without the necessity of creating any new taxes.

FROZEN TO DEATH.—The Montrose Reviewer of the 12th inst., says: "Mr. Henry Spearback, of Hartford, was frozen to death on Sunday night, February 23. He was frozen on Monday morning lying at his shop door. He was intoxicated and slept in his shop that night, and had apparently fallen out of the door, and, being unable to rise, had frozen to death where he fell.—He leaves a wife and two children."

On Monday evening last, a "grand demonstration" was made in this place, in honor of the "illustrious achievements of our army, by way of a bon-fire. The boys" burned several tar casks, besides such other combustible material as they could "lay their hands on." The speeches were made, but enthusiasm "knew no bounds." It was decidedly a patriotic demonstration.

SKATISTICAL.—Upon the indulgence of the now fashionable pastime, the Journal of Health is specially particular. "If the thermometer is below thirty," it says, "and the wind is blowing, no lady or child should be skating." We are not so clear about this, the lady is "below thirty," and graceful figure, let her skate, no matter how the mercury descends. If she is the reverse—let her slide!

A RELIABLE CONCERN.—Reader we assure you from personal knowledge, that D. B. Deane & Co.'s Chemicals can be relied on as being perfectly pure, healthy and uniform in its results. The proprietors are also reliable men, who have, by integrity and perseverance, built up a mammoth business within few years past. Try the saleratus and prove our words for yourselves. It is for sale by all wholesale and small dealers in the country.

THE GENESSEE FARMER.—The February number of this well known agricultural journal is received. As we have often said before the Farmer is one of the best and most useful agricultural and horticultural papers published. It costs only 50 cents a year, and contains this number that the publisher offers some unusually liberal premiums to all who subscribe for the paper at this time. Specimens copies of the paper will be sent to all applicants. Address JOSEPH HARRIS, Rochester, N. Y.

COUNTRY BAR ROOM.—IRVING says the country bar room is the only place in the world where a man can get a drink of whisky without paying for it. It is a place where you can get a drink of whisky without paying for it. It is a place where you can get a drink of whisky without paying for it.

HOME MADE SUGAR.—The Cincinnati Commercial says: "A member of a leading foundry establishment informed us that their chief business, at present, is the manufacture of sugar-kittles. We are also informed by a grocery merchant that there is an extraordinary demand from the interior for buckets, some preparing fifty dozen. This means extensive preparation of the manufacture of maple sugar. This business is now at the high price of cane sugars, will yield handsome profits, and with a favorable season a crop will be produced that will astonish the sugar trade of the country. The manufacture of maple and sorghum sugar is a largely increased revenue from the imports of these products. The manufacture of maple and sorghum sugar is a largely increased revenue from the imports of these products. The manufacture of maple and sorghum sugar is a largely increased revenue from the imports of these products.

Good Flour and Good Bread! WHY IS IT THAT SO MANY FAMILIES HAVE POOR BREAD? Ask the lady of the house, and you will invariably receive in answer: "The flour is poor or the yeast is poor." To avoid these troubles buy your flour always at FOX'S and your yeast from the same source. It will be had at the same place; it always gives satisfaction. The best quality of Wheat and Buckwheat Flour and fresh ground Corn Meal, all at low prices at the Cash Grocery Store, E. T. FOX, Jan. 28, 1862.

Cheese Worth Eating. I HAVE RECEIVED A LARGE DAIRY CHEESE from Courthouse, Conn., as good as ever brought into this place, and try it. If you like it you can buy it cheap. E. T. FOX.

VALUABLE MILLS FOR SALE. THE SUBSCRIBER WILL SELL HIS GRIST MILL, Saw Mill, and Plaster Mill, with five Drilling and out-houses, and about 25 acres of land, with some fine young trees thereon, situated in the township of Monroe, Bradford county, Pa., and on the Barclay Railroad five miles from Towanda. If desired a part of the purchase money can be left on mortgage. I think this a chance for some one to make a good bargain as I want to sell. Any person desirous of purchasing can find me at the office of Laporte, Mason & Co., Bankers, Towanda, Pa., Feb. 12, 1862.

The best quality of Wheat and Buckwheat Flour and fresh ground Corn Meal, all at low prices at the Cash Grocery Store, E. T. FOX, Jan. 28, 1862.

SMALL NOTES.

The small notes issued by nearly all the banks in the State, have become our principal circulating medium, to the exclusion of coin, and to some extent, of bills of a larger denomination.—Gold dollars, among business men, are becoming, like silver's visits, "few and far between," and silver is by no means as plentiful as it used to be for making change.—Of course everybody takes the small notes, and glad to get them, too. The mixers who load up the gold and silver in their strong boxes and hoard up, are a little suspicious of small paper money and consequently pay them out as fast as they get them, which is a real blessing, for it keeps money in circulation, and has a tendency to make the times better than they otherwise would be.

TAX ON NEWSPAPERS.—The Chenango American says: If after a printer has paid every tax that is imposed on other men, he is required to pay an additional tax on every paper he prints, why should not the rule apply to other parties? For instance, after the owner of a saw mill has been taxed for all the property he possesses, let him be required to pay a percentage on every piece of lumber he manufactures; and so with all other manufacturers. Call on the farmer for a percentage on the oats, rye, corn, potatoes, &c., which he raises.—Tax the Distiller on the whiskey and the brewer on the beer. Make the thing general, and we will go in for it; but we object to being selected out as objects of extraordinary taxation.

HOW TO GO TO SLEEP.—No doubt there are many of our readers who understand this delightful art to perfection; but there are certain conditions of animal economy, even in a state of health, when "dread nature's sweet restore" refuses to close our lids and seems pertinaciously to fly from us though wooed ever so warmly. The most natural and facile method is to place the head in a comfortable position, and then, taking in a full inspiration, breathe as much as possible through the nostrils. The attention must now be fixed upon the fact of breathing. The patient must imagine that he sees the breath passing from his nostrils; and the very moment he brings his mind to conceive this, apart from all other ideas, consciousness and memory depart, and—he sleeps. The method is strange, but simple, and the experiment will prove its truth.

We have been shown by Dr. H. WESTON, of this place, a beautiful piece of Artistic Dentistry—a set of teeth, manufactured by himself, on the "Continuous Gum" system, which far surpasses anything of the kind we have before seen. For cleanliness and durability this system of work possesses the greatest advantages over the ordinary mode of dentistry. The gum is firmly melted to the Platina Plate, allowing no crevice for the collection of food or fluid to annoy the wearer. The absolute impossibility of tarnishing the plate, which retains its silvery brightness in every condition of the mouth, imparting not the slightest taste, must give entire satisfaction. There is, in fact, a fascination about this style of work, which no other possesses, as it seems to complete, in point of beauty, with nature itself. It restores the slurred and distorted features to a youthful and animated expression, so life-like in appearance that the closest scrutiny fails to detect it. In artistic beauty, accuracy of adaptation, and durability, this work commends itself to all who are so unfortunate as to need artificial teeth.

As to this and other branches of dentistry, Dr. Weston has no superior in this section of country.

MR. EDITOR:—At a Convention held in Montrose, closing February 7th, 1862, under the direction of Prof. J. G. TOWNS, the following resolutions were offered by the Committee, through their Chairman, Wm. H. JESSUP, Esq., and were unanimously adopted.

Resolved, that, as members of this Convention, we desire to express our entire approbation of the course of vocal instruction given us by Prof. J. G. TOWNS, as well calculated to promote ease and beauty in singing, and a healthy and pleasant mode of instruction.

Resolved, that we take pleasure in recommending Prof. J. G. TOWNS, as an able, efficient, and practical instructor in vocal training, and worthy of the confidence and encouragement of all lovers of good vocal music.

Resolved, that we consider the system of BASSINET the only true system of vocal training.

Resolved, that we have greatly enjoyed the instruction we have here received, and hope to carry the benefits of it with us through our subsequent lives.

Resolved, that while we are training our voices to sweet melody here, we should not forget to tone our hearts to that richer and more perfect harmony, which "swells eternal in the skies."

S. above is a true and correct statement of the receipts and expenditures of said county, from the first day of January to the 31st day of December (inclusive) A. D. 1861. Given under our hands and seal of Office, at Towanda, this 27th day of January, A. D. 1862.

Attest—E. B. COOLBAUGH, Clerk. W. H. DECKER, L. LYONS, Commissioners.

Threshing Machine Agency. NO COMPROMISE! AT THE UNION MARBLE WORKS! Located at Towanda, Penn'a.

CELEBRATED THRESHING MACHINES, EMERY'S ONE AND TWO HORSE POWERS, are too well and popularly known to need any description from me, and I will only say that they continue to deserve the reputation they have enjoyed for ten years, of being the "best Endless Chain Horse Power in use."

EMERY'S NEW PATENT THRESHER AND CLEANER. This is a new Machine, and has not before been introduced into this region. It has no endless chain drive, but separates all kinds of grain thoroughly from the straw, by a combination of Pige's Endless Canvas Celler's, by a new Improved Revolving Picker, and the well known Vibrating Riddle.

EMERY'S IMPROVED THRESHERS & SEPARATORS are not excelled by any in market, are well constructed, simple and durable. I am prepared to supply all kinds of AGRICULTURAL MACHINERY at manufacturers prices and terms.

NOTICE.—J. CORN has bought the entire stock of Ready Made Clothing, Gents Furnishing Goods, Hats and Caps, and all the rights, title and interest and claims of JOHN SHLAM, and is ready to sell his old stock of Fall and Winter Clothing 10 per cent less than first cost, and he will be very thankful to all of his old and new customers, if they will call at his call. N. B. All the debtors of the establishment are requested to call and pay their debts to J. Corn, immediately. The place—One door South of H. S. Stewart's store. J. CORN. Towanda, January 16, 1862.

Miscellaneous.

Susquehanna Collegiate Institute, TOWANDA, BRADFORD CO., PA. FACULTY: Rev. JAMES McWILLIAM, Principal, Professor of Ancient Languages, and Mental and Moral Sciences.

Rev. HELEN A. ADAMS, Assistant Preceptress. Mrs. HELEN A. ADAMS, Teacher of Vocal and Instrumental Music. Mr. D. CANFIELD DAYTON, Steward. Mrs. D. C. DAYTON, Matron.

The Winter Term commences WEDNESDAY, NOVEMBER 27, and will continue 14 weeks. TUITION, PER TERM: [Payable invariably in advance, of one-half on entering the school, and one-half at the middle of the term—fuel and contingencies included.]

Primary, per term, \$4 00 Preparatory, " " 6 00 Higher, 1st year, per term, " 7 00 Higher, 2d and 3d year, per term, " 8 00 Classical, 2d and 3d year, per term, " 8 00

French, " " 3 00 German, " " 3 00 Drawing, " " 6 00 Board in the Institute, per week, including fuel and light, " " 2 00 Washing, per dozen, " 30

The Collegiate year is divided into three terms of 14 weeks each. The Anniversary exercises will be held at the close of the Spring term. No deduction will be made for absence, except in case of protracted illness of over two weeks.

Instrumental Music will not, as heretofore, be taught in the Institute, but by special arrangement—a class will be taught in a hall adjoining the grounds of the Institute, by the Teacher of Vocal Music.

This arrangement has been adopted for the past term, and experience has proved it to be eminently superior to the plan pursued in former years. Special pains will be taken to secure the greatest progress of those wishing to take lessons in this branch. Terms will be as heretofore: Tuition on Piano Forte, per term, \$10 00

Use of Instrument on which to take lessons, " 50 do for practice, " " 2 00 Pupils boarding in the Hall will furnish their own towels, &c., and the table silver at their option. It is desirable that they also furnish their own bed and bedding when it is convenient, but when otherwise, these will be furnished at a slight charge.

It is strongly recommended that students from abroad should board in the Institute, as better opportunities for advancement in study are thereby secured. Normal Department—Special exercises are arranged without extra charge for those preparing themselves as Teachers of Common Schools.

These persons, therefore, intending to engage in teaching for the winter, will find it greatly to their advantage to be present during the Fall term. Prof. Coburn's connection with the Institute is not such as to in any way interfere with the discharge of the regular duties of his office.

No pains will be spared on the part of the Faculty and Trustees in maintaining the high reputation the Institute has hitherto enjoyed, and in rendering it more worthy of future patronage and support. JAMES McWILLIAM, Principal. Aug. 5, 1861.

New and Attractive Opening of WINTER GOODS! AT TRACY & MOORE'S, CONSISTING OF A LARGE STOCK of Foreign and Domestic Dry Goods, included in which are the latest styles of DRESS GOODS, TRIMMINGS, & WOOL SHAWLS
