Mr. Lucius Lawrence, an old and much respected citizens of West Richford, Tioga county, was found dead in the street on the 21st. It is supposed he died from heart disease. He was 63 years of age.

"HEROINE" is perhaps as peculiar a word as any in our language. The first two letters of it denote a male; the first three, a female; the first four, a brave man; the whole, a brave woman.

The Harrisburg Daily Telegraph, of the 27th ult., publishes a call for a Convention of the Republican editors of the State, to be held in Harrisburg, on Wedness' ay, the 12th day of March, for general conference and consultation. The call is signed by several prominent editors.

The old "saying" is that if " March comes in like a lion it will go out like a lamb," and so vice versa. March this year, came in like a lamb-of the male species, however-and the weather being very changeable thus far. How it will "finish up" remains

LUXURY .- D. B. De Land & Co.'s Chemical Saleratus is truly a luxury, as it makes such nice bread, luxurious biscuit and pastry of all kinds .-Mrs. Jones and Mrs. Smith always use it, which accounts for their being such model cooks. Get some and try it

Longer.-The days. The rays of old Sol grow stronger, and genial, bright-eyed, welcome Spring will soon be with us again. How fleetly the seasons succeed each other; and how quickly one year after another is engraved upon time's dial plate, as we are hurried on in life's journey.

ILLNESS OF PROF. COBURN .-- Prof. C. R. COBURN has, for the past three weeks, been confined to his bed with typhoid fever. Although he is now slowly recovering, he is still obliged to keep his bed. In consequence of his severe illness, his correspondents have necessarily been unanswered. We hope, however, to see him able to resume business again in a short time.

Our town clock is considerable of a puisance. Like other institutions that go on "tick." it is not always reliable, and in fact lately it has entirely suspended operations.

We are informed by Mr. CHAMBERLIN, who has charge of the clock, that owing to the dilapitated condition of the roof, the water has free access to the machienery, nal, and bring him to justice. and that the concern has "friz up."

SENATOR WILMOT .- We are authorized to state, says the Philadelphia Bulletin most positively that there is not the slightest foundation for the rumou that the Hon. DAVID WILMOT designs resigning his seat in the Senate to accept a foreign mission. A prominent gentleman of this city received a letter from the distinguished Pennsylvanian within a day or two, emphatically denying the report, and expressing an intention to remain in the Senate to the close of his official term. The same letter states that the writer (Mr. WILMOT) is becoming more robust in health.

MEASLES .- A Mr. SWIFT, of Detroit, a gentleman whose statements the Advertiser says can be plicitly relied upon, furnishes that paper with the following: " As there is a great deal of the measles among children throughout the country, I wish to make known a plan that will speedily cure and keep the disease on the surface of the skin until it turns, and will bring it out when it has turned in, or struck in. Though simple, it is sure: Take a pint of oats and put them into a tight vessel; pour on boiling water, and let it stand a short time, then give it to the sick person to drink. It must be pretty warm. In fifteen minutes you will see a change

A resolution from the Committee on Ways and Means, passed the House of Representaties, at South Hill, Feb. 1862. Harrisburg last week, that the Commissioners of each equested to inform their respective represen tatives of the number of families of volunteers, and the number of persons composing each family, who receive aid from the county, and the amount paid each family per week, and the aggregate amount paid by the county up to this date; and that the clerk be directed to have circulars printed, to be forwarded to the Commissioners of the respective counties, to be returned with the information required.

The Rebel Congress met at Richmond, Tuesday week, when HUNTER of Virginia was chosen sident pro. tem. of the Senate, and BABCOCK, of Va., Speaker of the House. (Virginia goes in for all the offices, as is her wont.) The solemn farce of inaugurating Davis and Stephens for six years, was gone through on Saturday. It was a dull, lifeless, hopeless affair. History may reproduce, respecting them, an "extract" from Mother Goose's Melodies-videlicit, to wit, namely, viz., as follows, thus :--

Went to sea in a bowlf the bowl had been stronger, My tale had been longer.

BIG HAUL .- On Wednesday evening of last week, Constable Noble arrested and brought before Esquire Bogant, a gang of " Pools," charged with rob bing clothes-lines and stealing goods from different stores in this place. A large quantity of dry goods, consisting of silks, delains, calicos, &c., &c., were found in their Possession, and were identified by the different merchants of this place. Many articles taken from clothes-lines were also identified by several different persons.

It seems that a regular system of robbing had been caron hand it is evident they must have been very expert in

the business to avoid detection. "Honor among thieves" is an old maxim, but it failed in this instance, as the facts "leaked out" through a quarrel among themselves. Six of them were lodged in ail, and in all probability will take a trip down the river in the Spring.

home any considerable length of time, it is apparent that any intelligence from home must afford the greatest pleasure to those who have left their cheerful firesides and taken upon themselves the hardships of war. It is in the power of those at home to render that patriotic absent friend or relative much service even in the way of small favors, among the most acceptable of which is the transmission of news to the absent one. The cheapest manner of despatching such news is by the mailing of newspapers. Let all such therefore subscribe for and mail a newspaper to their friends in the army. And no paper would be more acceptable than the local paper-the paper pubthe Reporter, for instance, would be the most acceptable courtesy that could possibly be extended to any of the volunteers from this county.

LOOK TO YOUR CELLARS .- As the health of the household depends upon cleanliness, those who have in charge the household should frequently think of the cellar. It should always be kept in a cleanly condi. tion, free from annoyances and nuisances of all kinds .--An illy kept cellar has much to do with the health of a family especially in the spring of the year. All decayed

vegetable matter should be speedily ejected. Especially should cabbages, beets, selery and turnips be excluded. The cellar should be thoroughly whitewashed at least once a year. The air in a properly kept cellar will not become impure when the weather becomes sufficiently cold to render necessary the closing up of the open windows; while, on the other hand, the air of a cellar so closed up, which is untidily kept and filled with vegetables, some of them in a decayed state, may well be imagined. All celars, however, should have the outside doors thrown open for an hour or two in mid-day, when the temperature is above the freezing point.

IMPORTANT TO SCHOOL SUPERINTEN-DENTS .- A bill has been introduced in the Legislature having for its object the examination of our county School Superintendents, with a view of ascertaining their capabilities to discharge the duties of the position to which they aspire. It provides that the Judges of the District Court, together with the President Judge of the Court of Common Pleas in all counties except Philadelphia, and the President Judge of the Judicial District, together with the Associate Judges of each county, shall appoint before June a Committee of three teachers, the best they can find, who shall examine all persons voted for for this office at the Triennial Convention of Directors, and the General Superintendant shall commission the person ound duly qualified who has the most votes. The examination shall be practical and theoretical, and seventyfive per cent. of the questions must be rightly answered The Committees shall hold office for three years, but the members may be removed by the General Superintendent of Schools on 'proof of unfitness being given him; ten citizens shall have a right to call for a new examination of a County Superintendent, and teachers have a right to appeal to the Committee on Examination.

The Elmira Press of the 26th ult., has the following :- "We learn that a Mr. Johnson, residing about two miles and a half south of Wellsburg, was found by the roadside on Thursday morning last, frozen as solld as an iceberg. The man had left home on the previous evening in good health, and as a wound, presenting the appearance of having been produced by a bludgeon, was ound upon the back part of his head, it is thought that he was approached from behind and knocked down by some ruthless villians, and either killed outright by the blow, or rendered insensible until frozen to death. He was known to have in his possession, at the time of leaving his residence, some \$100 in bank notes, which he had calized from the sale of a lot of lumber at FAULKE's Mills, near Burlington, on the Tuesday previous. He had started on foot for Elmira, where he has friends residing, from whence he had intended to proceed to Seneca county, for the purpose of making a payment on some property. He had always been a frugal, industrious man, of strictly temperate habits, rendering the suspicion of foul play virtually a certainty. Certain circumstances have aroused the suspicion that his hired man, named Jones, an individual of very questionable precedents, knows more of the affair than any one else-which suspicions are abundantly confirmed by his unaccountable absence .-Johnson was much respected by his neighbors, and no stone will be left unturned to hunt up the fugitive crimi-

E. O. GOODRICH - Dear Sir :-- I have noticed in the columns of the Reporter, the ready response n many places to the call of the Sanitary Commission at Washington for aid, in contributing articles for the benefit of our sick and wounded soldiers. While I have noticed the many generous acts of patriotism, I have said my heart "God bless the people of Bradford." You may rember that about two months since, Judge MERCUR n company with Attorney Morrow, came to Orwell and addressed the people on this important subject. Those gentleman, in their usual interesting way, aroused the people of Orwell to action, and at the close of the meeting, a Committee of several, gentlemen were appointed and it was resolved to form Societies in every school district (of which I believe there are ten in this township.) and to appoint three ladies to act as a Committee in each district. I speak only for South Hill.

We organized by appointing for Committee Mrs. H. A. BARNES, Mrs. J. S. BARBER and Miss E. A. BUTTLES .-This Committee immediately took an active interest in the cause, well worthy of them, calling on every family in the district, and received money and articles of cloth ing, such as blankets, quilts, pillows, sheets, undershirts, drawers, socks, gloves, &c., &c., besides a large quantity of old linen for bandages-the amount of which, at a low estimate, was about \$55, all of which have been for warded, together with a large amount collected at Orwell

Yours respectfully,

RUMORED DEATH OF FLOYD. - It is stated by reliable gentlemen from Fort Donelson and Cairo that it is the general opinion among the Rebel prisoners that General John B. Floyd was killed the night he so gloriously fled from Fort Donelson. The report says that there was a great excitement at the time the troops under Floyd and Pillow attempting to embark on the steamers, and a fearful scramble as to who should get aboard and escape, as transportations was insufficient. Floyd stood in person at the gangway of one of the boats, and, with a drawn sword, beat off the troops, permiting his favorites to get aboard. A Lieutenaut approaching Floyd, made an effort to get aboard, when he was ordered off by the General. The Lieutenant continued to advance, when Floyd struck him on the shoulder with his sword, inflicting a severe wound. The Lieutenant promptly drew his pistol and fired upon Floyd, and, the report says, killed him .-Louisville Journal.

THE LOAN BILL .- We take from the Tribune the following statement of the provisions of the Loan Bill as it has become a law. Is there a patriotic man in the country who has money invest who will hesitate to put it in the Government bonds?

1. The Secretary of the Treasury is authorized to borrow for the service of the Governned on for some time, and from the large stock they had ment and the prosecution of the War any amount not exceeding \$500,000,000 in all, to be secured by the issue of Six per cent. Stock, redeemable after twenty years, and of which the interest is payable semi annually in coin.

2. He may issue \$150,000,000 more of Demand Notes, which are at all times convertible into the stock aforesaid at the option of the holder. These notes, with the Sixty Mil-REMEMBER THE ABSENT ONES .- Many, lions already issued are to be a Legal Tender very many families in this county, have near and dear in the payment of private as well as public ends in the army, and to all who have been absent from debts, and receivable for all public dues except Duties on Imports, which are payable only in the Fifty Millions already issued or in

PROBABLE ADJOURNMENT OF THE LEGISLA-TURE. - The committee appointed by the Legislature to proceed to Washington and confer with the Finance Committee of Congress as to the probable quota of tax to be imposed upon this State, the payment of which could be aslished in their native town and county. The mailing of sumed by the Legislature, failed, as was anticipated, to gain any satisfactory information.— Consequently the Legislator can do nothing until after Congress has passed a tax bill. A oint resolution was introduced into the Senate en Wednesday providing for the adjournment of the Legislature from the 21st of March to the 17th of June. As there is really nothing for this Legislature to do, after passing the General Appropriation bill, but to enact tax laws, it is not improbable that this proposed adjournment will take place .- Harrisburg Tel. Celebrated Threshing Machines,

EMERY'S ONE AND TWO HORSE POWERS, are too well and popularly known to need any description from me, and I will only say that they continue to deserve the reputation they have enjoyed for ten years, of being the 'best Endless Chain Horse Power in use." These Powers possess conveniences and advantages possessed by no other power. EMERY'S NEW PATENT

THRESHER AND CLEANER THRESHER AND CLEANER

This a new Machine, and has not before been introduced into this region. It has no endless chain straw carrier, but separates all kinds of grain thoroughly from the straw, by a combination of Pitts' Endless Canvass Celied Apron, a new Improved Revolving Picker, and the well known Vibrating Riddle. It is a simple, durable and efficient Machine, will thresh rapidly and clean thoroughly, without wasting, all kinds of grain. It will not choke, run easily and steadily, without jumping, and is warranted to be superior to the common Rake Cleaner now in use. It remains only to be seen and tested, to be pronounced by every experienced hand at threshing, to be an admirably contrived and constructed Thresher and Cleaner.

The house, and you will invariably receive in the house, and you will invariably receive in the flour is poor or the yeast is poor.

To avoid these iroubles buy your flour always at FOX'S and use Stratton's Yeast Compound, to be had at the same place; it always gives satisfaction.

weeks each. The Anniversary exercises will be held at
the close of the Spring term. No deduction will be made for absence, except in case
of protracted illness of over two weeks.
Instrumental Music will not, as heretofore, be taught in
the Institution, but by special arrangement—a class will
be taught in a hall adjoining the grounds of the Institute,
by the Teacher of Vocal Music.
This arrangement has been adopted for she past term,
and experience has proved it to be eminently superior to
the plan pursued in former years. Special pains will be

Pupils boarding in the Hall will furnish their own tow els, &c., and the table silver a their option. It is desirable that they also furnish their own bed and bedding when it is convenient, but when otherwise, these will be furnished at a slight charge.

It is strongly recommended that students from abroad should board in the Institution, as better opportunities for advancement in study are thereby secured.

Normal Department—Special exercises are arranged without extra charge for those preparing themselves as Teachers of Common Schools. Prof. C. R. COBURN, the able and well known Superintendent of Common Schools in the county, has kindly consented to organize the Teacher's class, and direct the course to be pursued.

He will also be present to conduct its exercises as often as practicable, and will deliver frequent lectures on the Theory and Practice of Teaching, as also on other subjects connected with Normal training.

Those persons, therefore, intending to engage in teaching for the winter, will find it greatly to their advantage to be present during the Fall term.
