

LOCAL AND GENERAL

The sleighing in this locality is pretty much "played out." It is said to be very good yet on the hills.

The remains of Maj. Ed KINGSBURY, son of BERTON KINGSBURY, of this place, who died at Louisville, Ky., arrived at this place on Sunday last, and the funeral obsequies were performed at the Episcopal Church, on Monday. His remains were followed to the grave by a large concourse of citizens.

The examination of the Classes in the Collegiate Institute, will commence on Monday, 17th inst. The public are respectfully invited to attend. The term will close on Wednesday, 19th inst. The Spring Term will commence on Wednesday, 20th inst.

Mr. ELISHA KEELER, of Herrick, has left with us specimens of apples grown in 1860, which have kept as sound and perfect as when picked from the tree. The apples are of the russet species, and were kept in an open barrel, without being packed. We have never before seen fruit kept so long in such a perfect state.

A young man named WM. MAY, was arrested in Corning, last week, charged with robbing the mail at that place. Young May carried the mail from the office to the depot, and for some time letters had been examined, and at last he was caught in the act, and was accordingly arrested.

Lieut. MEANS, who has been at the post recruiting for the Regular Army, during the past winter, is about to start with another squad of men for Fort Hamilton. There are almost daily recruits enrolling themselves here, notwithstanding the large number of volunteers that have already left the county. Bradford turns out a small army of itself.

LUXURY.—D. B. De Land & Co.'s Chemical Salerats is truly a luxury, as it makes such bread, luxurious biscuit and pastry of all kinds.—Mrs. Jones and Mrs. Smith always use it, which accounts for their being such model cooks. Get some and try it for yourself.

Here is a bit from the Savannah News: "It is reported that our Yankee invaders at Port Royal are going rapidly forward with the establishments of their colony, which they call 'New South.'" We see it stated that they already have a steam saw mill at work. We shall not be surprised to hear that they have a clock factory in operation in the course of a few weeks, and that they have set the contrabands to raising 'garden as' for the supply of the New York and Boston market."

LOOK OUT.—The public are cautioned against a new piece of villainy, by which the operator cuts the coupons of the \$50 7-30 Treasury notes, and passes the notes, as a demand note in trade, thus pocketing \$10.95, the amount of the coupons for three years, which he may collect half yearly upon presenting them at the Government office. Traders should bear in mind that there are no \$50 demand notes, only \$5's, \$10's and \$20's.

NEW COUNTERFEIT.—The following is a description of a new Counterfeit one dollar bill on the Bank of Danville, which has lately been put in circulation. "The note, an eagle posed on frame, man each side, long and on right, female feeding eagle on left." As there is considerable money on the Danville Bank in circulation in this vicinity, money men should be on the look out.

THE SPRING TRADE.—The Press gives assurance of a flattering spring trade in Philadelphia.—Business is reviving and men look forward hopefully to extensive sales. The Press is of the opinion that cotton goods will not decline much this season. Cotton cannot be got in market in sufficient quantities in time to meet prices to any great extent, and the limited supply of manufactured goods will, in the opinion of the most sagacious merchants of the Quaker City, keep the value up.

A German writer, ADOLF HENZE by name, has just published in Leipzig, a book entitled "Chromotomography," intended to prove that a person's character may be suggested by his writing. "For," says the writer, "handwriting is the faithful and unalterable hand of a mental clock; it is the wondrous telegraph of the mental being; it produces a daguerotype of the internal workshop, and supplies us with a key to the most hidden secrets of the mind and heart." Mr. Henze maintains, with proofs from his collection of sixty thousand autographs, that all good humored poets write with a smooth hand, and all savage ones with a spluttering hand, and advances many other similar theories, or rather slides of theory.

WAR LECTURE.—T. E. GRIDLEY, Esq., very well known to most of our citizens, will deliver a lecture on the Rebellion, at the Court House, in this place, on Friday evening, the 14th inst. Mr. Gridley will discourse upon the cause of the Rebellion, and unfold the military plans of the Government in suppressing it. He is thoroughly posted, and is an excellent speaker, and will enter into a detailed and accurate digest of the politics of the country from the foundation of the Government down to the present time. It can be but interesting and instructive to all. Go and hear him. Mr. G. will also lecture at Orwell Hill, on Saturday evening March 15th.

IMPROVEMENT IN CANDLES.—The Scientific American says: "Steep the cotton wick in water which has been dissolved a considerable quantity of nitrate of potash—chlorate of potash answers still better, but is too expensive for common use—by this means a very fine and superior light are secured, a more perfect combustion is ensured, and smuffing is rendered nearly as perfect as with wax candles. The wicks must be thoroughly dried before the tallow is put to them."

A CARD.—GOOD FOR THE LADIES.—The Ladies Aid Society of Orwell, Pa., forwarded for the Sanitary Commission, Washington, D. C., some time since, a box of Hospital supplies, consisting of blankets, quilts, wrappers, drawers, lint, linen, socks, &c., &c., amounting to \$105. Another box is about being forwarded. Potteryville, South Hill, Orwell Hill, Wells Hill, and Wyroz Creek School Districts took respectively the most prominent part in furnishing the supplies—for which the Sanitary Commission tender their cordial thanks for this assistance.

S. N. BRONSON, Sec. of Committee.

On Friday morning last, our "curbstone reporter" came rushing into the office, out of breath and the wildest excitement depicted upon his usually calm and lovely countenance, and amid the convulsions of violent exercise, stated that he had a "local item" of a black and sticking nature—notwithstanding, however, "would be extremely interesting to our readers. He "deposited" this, as follows, to wit:—At the dead hour of (Thursday) night, (the) year, at which Shakespeare says church-yards yawn. (&c.) a female of questionable (?) character was preambled in the streets, she was ruthlessly seized by a party of the human form, and much against her expressed wishes and "desires made known," was unceremoniously retained of her habiliments and a coat of tar and feathers applied, and she was permitted to "harbour" again, and go on her way a dirtier (if possible) than a street girl.

Very, our town is growing—fast.

DIED, In Waverly, N. Y., on Wednesday, Feb. 26th, Mr. ROBERT SUTTON, aged 69 years.

ADMINISTRATRIX'S NOTICE.—Notice is hereby given that all persons indebted to the estate of JAMES MEHAN, dec'd., late of Towanda, are requested to make payment without delay, and those having claims against said estate will please present them duly authenticated for settlement.

MARY MEHAN, Administratrix. Feb. 1, 1862.

A thorough knowledge of Geography

is of the utmost importance to all who take an interest in reading the accounts of the movements of the different divisions of our army. Let all, both old and young, look particularly to the new maps that are daily put out, and much valuable information will be gained. Towns and rivers that heretofore have remained in obscurity, now become of great importance, in a military point of view, hence a knowledge of their exact locality and position is of great interest to the reader. Young people will find it a profitable way to spend their leisure time.

LENT.—Wednesday, the 5th was Ash-Wednesday, commencement of the Lenten Fast, which closes with Easter-Eve, embracing a period of forty days. Ash-Wednesday is so called from the ancient Catholic ceremony of blessing the ashes on that day, with which the Priest made a sign of the Cross upon the forehead of his flock, with the wholesome admonition of *Memento homo, quod pulvis es, et in pulverem reverteris*; "Remember, man, that thou art dust, and shall return to dust." In the Festivals, dated 1511, it is said—"Ye shall begin your fast on Ash Wednesday. That must ye come to holy church, and take ashes of the Priest's hands, and thence on the words well that he sayeth over your heads; have mynde, thou man, of ashes thou art comen, and to ashes thou shalt turne againe."

Lent, in the Saxon language, signifies Spring, and is now used to signify the Spring Fast, in commemoration of the sufferings of Jesus, which ended at his death and resurrection. In former times, after the morning ceremonies at church, it was a day of various festivities. Ash-Wednesday is preceded by Shrove-tide or Shrove Tuesday, signifying the confession or shirving of sins, which took place as a preparation for Lent. Lent is celebrated by religious services by the Protestant Episcopal and Roman Catholic Churches in every locality, and all worldly amusements are suspended during the solemn season.

DESTRUCTIVE FIRE.—On Saturday morning last, about 2 o'clock, the alarm of fire was sounded through our village. The citizens and different fire companies were promptly at the scene of conflagration. The fire originated in the wagon shop of PHILLIP SCHMIDT, on Main street, and the flames had gained such headway that to arrest their progress was impossible. The building, which was 40 by 45 feet, two stories high, contained, beside the wagon shop, a paint shop and blacksmith shop occupied by ANDREW SRINICH and JOHN ESKENWINE, were consumed together with their contents. Nothing was saved.

From this building the flames spread to the adjoining building owned by E. KROEMER and occupied as a blacksmith shop. Mr. KROEMER succeeded in saving a portion of his tools—the building was consumed.

The flames spread with great rapidity and notwithstanding the unceasing exertions of the firemen and citizens, the dwelling house of Mr. KROEMER, which was only separated from his shop by a narrow alley, was also entirely ruined. Mr. KROEMER kept a grocery and saloon in the front part of his dwelling house. The most of his goods and household furniture were removed although in a damaged condition.

The loss of Messrs. SCHMIDT'S and ESKENWINE'S is about \$2,500. No insurance. Mr. KROEMER'S loss is about \$1,200. No insurance. The origin of the fire is unknown. It is supposed by many to be the work of an incendiary.

Letter from Hon. David Wilmot.

WASHINGTON, March 5, 1862.

DEAR SIR:—Your letter of invitation to attend a meeting to be held at the Cooper Institute, in the City of New York, on Thursday evening, the 6th inst., has been received. I am honored by your invitation, and would be pleased, if it were convenient, to be present and participate in the proposed meeting. My public duties will hold me here; and I can only respond briefly by letter to your invitation.

I heartily approve of the objects of the meeting, as set forth in the call. The honor and safety of the nation demand that the cause of this gigantic rebellion should be forever removed. This alone will give us peace and safety, honor and national respect. Slavery is the one, exclusive, and only cause of the rebellion and war through which we are struggling for national existence. It is now made clear to all that Slavery is the deadly foe of the Union—the implacable and eternal enemy of free Government. A truly free Government, founded upon justice and right, and appealing to reason and beneficent laws for support, never did and never can long exist in the midst of Slavery. God, in his providence, has placed Slavery within the rightful power of the nation. We must not tremble and hesitate, because of the magnitude of the labors and duties cast upon us; we must meet and discharge our duties, as men in whose hands is placed the ark of human happiness and hopes. We must and will, if true to God, our country, and the race of mankind, now and forever destroy and wipe out from this nation the accursed institution of human Slavery.

The slaveholder, by his treason and rebellion against the Constitution, and by the war he has forced upon the Government for self-preservation, has wholly absolved us from all constitutional and political obligations to treat his unnatural claim of property in man with any toleration whatever. When the traitor is forced by arms from his purpose to destroy the Constitution and Government, he cannot, the moment he is defeated in his wicked purpose, plead the Constitution he made war to overthrow as the shield and protection for his forfeited rights of Slavery. It is the right and duty of the nation to protect itself, now and in the future. We must make sure against another rebellion, greater than the one now upon us. The national life must be preserved, by applying the knife to the cancer that is eating the very substance and life of the nation. The nation must make a proclamation of freedom to the slaves of every traitor; and, as a matter of policy, not of strict right, provide for making compensation to loyal slaveholders for the temporary loss incident to the speedy emancipation of their slaves. Less than this we cannot do with honor or safety. We have a right to do more. We have a right, instantly and at once, to uproot and eradicate forever any local institution, law, custom, usage, that puts in imminent peril the national life.—We have a right to kill Slavery, that the nation may live. Very respectfully, your obedient servant, D. WILMOT.

JAMES MCKAYE, Chairman of Committee.
