It is unadulterated and is perfectly healthy and nutritious, and gives immense satisfaction to all quite as irregular as the Vermonters make maple sugar and nutritions, and given such a such as the vermonters make maple sugar who have used it. It is also uniform in quality and in —every man on his own hook, and in a manner peculia its results, which is a very desirable quality in any to himself. There is a straightforward business style in chemical compound. It is manufactured and for sale, at which real estate and bank accounts are enumerated and wholesale, by the proprietors, at Fairport. EMERY'S Celebrated Threshing Machines, EMERY'S ONE AND TWO HORSE POWERS, are too well and popularly known to need any description from me, and I will only say that they continue to deserve the reputation they have enjoyed for ten years of being the "best Endless Chain Horse Power in use." These Powers possess conveniences and advantages possessed by no other power.

EMERY'S NEW PATENT THRESHER AND CLEANER This a new Machine, and has not before been introduced into this region. It has no endless chain straw carrier, but separates all kinds of grain thoroughly from the straw, by a combination of Pitts' Endless Canvass Celled Apron, a new Improved Revolving Picker, and the well known Vibrating Riddle. It is a simple, durable and efficient Machine, will thresh rapidly and clean thoroughly, without wasting, all kinds of grain. It will not choke, run easily and steadily, without jumping, and is warranted to be superior to the common Rake Cleaner now in use. It remains only to be seen and tested, to be pronounced by every experienced hand at threshing, to be an admirably contrived and constructed Thresher and

SPECIAL NOTICE

IN ACCORDANCE WITH WHAT L seems to be the necessities of the times, and for my own business security, I have concluded to sell Goods FOR READY PAY!

I believe I have as good credit-customers as any one, and most of them prompt paying ones, but future prosperity in busines I think requires that Groceries and Provisions should be sold for cash.

I hope, by attention to business, and an earnest desire to please, to still retain all of my old patrons.

Those who are indebted to me will oblige use by settling up at once.
