WAR MEETING IN RIDGBURY .- We learn that WM. ELWELL and C. L. WARD, Esq's .. will speak on the subject of the War, at BENJ. HAUNAN'S Hotel in Ridgbury, on Saturday next, at 2 o'clock P. M.

THE LATEST WAR NEWS.

On Monday the most important orders issued since the beginning of the War were promulgated by order af the President. The first calls for an immediate draft of 300,000 militia to serve for nine months unless sooner discharged. The second orders that if any State shall not raise her quota of the 300,000 volunteers called for last month by the 15th inst., the deficiency shall be made up at once by a special draft for that purpose. The third de. clares for a purgation of the army in clearing out incompetent persons now holding commissions, preventing the appointment of any more such, and securing the promotion of such as may distinguish themselves by meritorious ser-

They drove them to their encamp fate. It certainly was not the fault of the ment, two and a half miles further, where they chivalrous citizens of Charleston that these again formed, but were put to flight, leaving unfortunate men were not roasted alive.-The behind all their tents, camp equipage, and commissary stores, which our troops gathered they should be. together and burned. The Rebels had six men wounded.

A deputation of Western men called upon the President on Monday to tender the services of two regiments of colored soldiers .-They were attentively heard, but the President positively declines to put arms in the hands negroes. He says it would be the signal for the Border States to turn against the Union, and we cannot afford to lose them. He in tends to carry out the Emancipation and Confiscation acts thoroughly, and press the war with the utmost vigor; he will employ all slaves in any available manner except as fight-

Gen. Pope's reconnoitering party, under Gen. Crawford, on Friday took possession of Orange Court House, nine miles north of Gordonsville. The place was occupied by two regiments of Rebel cavalry, of whom 11 were killed and 52 taken prisoners-among the lat ter one major, two captains, and two Lieutenants. The railroad and telegraph toward The Secretary of War will establish regula-Gordonsville were destroyed.

Not long since, at Newbern, an attempt was made to assassinate a Union soldier acting as night guardsman. Gen. Foster promptdestroyed six or seven buildings in which they herded.

Gen. Burnside's army has sailed away from Fortress Monroe, but not up the James River. An immense number of transports are gathered at Harrison's Landing, but for what pur pose we leave to conjecture.

Three steamships arrived at Fortress Monroe on Saturday morning, with released Rebel prisoners, about 3,000 in number from fort Delaware.

A discovery has quite recently been made says the Waverly Advocate, in the bed of a cove putting up from the Susquehanna River on the farm of GEORGE C. GORE, of Sheshequite an interesting relic. It is a boat of large and ancient construction, built entirely of oak, and put together with wrought iron nails. It of hold, and, from present indications, from 30 House and Gordonsville were destroyed. to 40 feet long. The sides are curved and terminate at the ends in a cut-water. The action of the water has uncovered a small portion of it, the remninder is under quite a high bank of earth which has been formed over it, and on which trees of considerable size have grown. The exposed end has been broken up some by the pilfering propensities of antiquarians and the destructive propensities of the boys. Could it have geen exhumed entire it would have been a curiosity worth preserving.

There is much speculation of course, as to its origin, use, and even present contents .-Our opinion is that it was a transport-boat used by Gen. Sullivan's army in its somewhat celebrated expedition up the Susquehanna soon after the battle of Wyoming. Its present contents consist, we think, of about a peck of greencorn, a saddle of venison and some twenty or thirty tons of sand. The pack of artillery and other arms, which fancy has located in its capacious hold, will hardly pay wounded and two taken prisoners. Our loss the labor of digging it out.

TROUBLE WITH KANSAS INDIANS .- Advices up to the 23d of July have been received at the Indian Bureau from the Kansas agency, which plainly show that trouble is brewing there, which if not speedily checked, may in a short time terminate in open war. Within the last few weeks seven murders have been committed by a party of desperate men who have joined the band of Rebels under Quantrell. The body of one loyal citizen was burned with about \$2,500 worth of property. This same party have a number of prominent men marked whose lives and property they have sworn to destroy, on account of which many leading citizens have left. The Indian agent there asks authority to enlist a company of Indians to protect the lives and property at that agency. He suggests that a company of Dragoons be stationed at Council Grove to range on the Santa Fe road to guard the mails and other public and private property. Horses have recently been taken from the mail

GOV. CURTIN .- Among the leading men of the times, says the Jefferson Star all must place Gov. Andrew G. Curtin. He has been moved in his patriotic endeavors by the highest and purest motives. He has labored inessantly from the outbreak of the rebellion with all his energies, and from his forethought the State was able to send into the field the celebrated reserve of 15,000 Pennsylvania soldiers. He has been chiefly instrumental in having the most ample provision made for the relief of the sick and wounded of this State.

The Christian humanity of the Rebels was characteristically manifested at the great fire in Charleston. The jail of that city was crowded with Union Prisoners. Every house and everything in the neighborhood of the jail was on fire, and the yard was filled with On Saturday General McClellan moved a brands coming from the buning buildings .persons in charge of the jail certainly intended

FROM GENERAL POPES' ARMY-IT IS MOVING AHEAD. HEADQUARRERS OF THE ARMY OF VIRGINIA,

Aug. 3, 1862-P. M.

Mojor-General Halleck: The reconnoitering column under General Crawford crossed the Rapidan and pushed forward to Orange Court House, yesterday, and took possession of the town, which was occupied by two regiments of the enemy's cavalry, under General Robertson. Eleven of the enemy were killed and fifty two taken prisquin, Pennsylvania, of what promises to be a oners ; among the latter are one Major, two Captains and two Lieutenants.

Our loss was two killed and three wounded. The enemy retired in such haste as to leave their wounded in our hands. The Railroad is from two and a half to three feet in depth and Telegraph line between Orange Court

JOHN POPE, Major-General. FROM M'CLELLAN'S ARMY.

HEADQUARTERS, OF THE ARMY OF THE POTOMAC, August 7. Ever since the firing upon our shipping at the mail boat landing by the enemy's batteries, our troops have occupied the opposite shore. Yesterday a reconnoisance was made from that point back into the country to within fourteen miles of Petersburg. It was conducted by Colonel Averill, and was composed of 150 of the Third Pennsylvania Cavalry. with four companies of the First Michigan Infantry. Captains Castor and Bower of General M'Clellan's Staff accompanied them.

At Cox's Mills, five miles from the river. they encountered the Tairreenth Virginia Cavalry, drawn up in line. Our men charged on them when they broke and run.

They drove them to their encampment at Sycamore Church, two and a half miles further, where they again formed, but were inglorionsly put to flight, leaving behind all their tents, camp equipage and commissary stores. which our troops gathered together and burn-

The rebels had two horses killed, six men was one horse killed. After scouring the country a short distance further they returned to the river. There is no further evidence of Darling.

Information received here goes to show that the new Merrimae will not be able to

operate for three weeks yet. Two of the gunboats were yesterday afternoon engaged in shelling the opposite shore above City Point.

The health of the troops has improved ever since they began to receive fresh vegetables, which were ordered to be issued to them by General McClellan.

HIGHLY IMPORTANT--RICHMOND AGAIN REPORTED EVACUATED.

GEN. POPE'S HEADQUARTERS, August. 4. Information from various sources tend to confirm the belief that the enemy have really evacuated Richmond, and taken up the south bank of the James river as the line of their defences. The rebel cavalry, under Gen. Robertson, are believed to have been withdrawn from the Shenandoah Valley, leaving that part of the country to the defence of the guerrillas alone.

WASHINGTON, Aug. 4. It has been believed here in some quarters, for several days, that the enemy have been evacuating Richmond; there being a reasonin that city.

Important from the War Department. OFFICERS AND PRIVATES ABSENT WITH-OUT LEAVE.

WAR-DEPARTMENT, Washington, July 31, Absent officers and privates from duty under various pretexts, while receiving pay at great expense and burthen to the government, makes it necessary that efficient measures be taken to enforce their return to duty, or their places be supplied by those who will not take pay while rendering no service. This evil, moreover, tends greatly to discourage the impulse of those who would contribute to the support of the families of the faithful soldiers. It is therefore ordered by the President: First. That on Monday the 11th day of Au-

gust, all leaves of absence and furloughs, by whomsoever given, unless by the War Depatment, are revoked and absolutely annulied, and all officers capable of service, are required forthwith to join their regiment, under the penalty of dismissal from the service, or such penalty as a court martial may award, unless the absence is occasioned by a lawful cause. Second, The only excuse allowed for absence of officers or privates from duty after the eleventh of August are, 1st, The order or leave of the War Department. 2d, Disability from wounds received in service. 31, Disability from disease that renders the party unfit for military duty; but any officer or private whose health permits him to visits watering places or places of amusement, or make social visits, or walk about town, city or neighborhood, in which case he will be considered fit for military duty

Third, On Monday, the 18th day of Angust, at ten o'clock, A. M., each regiment and corps shall be mustered. The absentees will be marked in three lists, and the same made and within 48 hours after muster one copy shall be sent to the Adjutant General of the army, one to the commander of the corps, the third to be retained; and all officers and privates, fit for duty absent at that time, shall be regarded as absent without cause. Their pay will be stopped, and they dismissed from service, or treated as deserters, unless restored : and no officer shall be restored to his rank unless by judgement of a court of inquiry, to be approved by the President. He shall estab-

by absence from his command or rank

lish that his absence was with good cause. Fourth, Commanders of corps, division, Brigades, regiments, detached posts, are strictly enjoined to enforce this muster and rate aforesaid. Any officers failing in the duties gross neglect of duty, and be dismissed from

Fifth, A commissioner shall be appointed by the Secretary of War to superintend the execution of this order in the respective States.

The United States Marshals in their respective districts, the mayor and chief police of any town or city, the sheriff of the respective counties in each State, all postmasters and justice, President, with the object of securing the pro- of the peace are author zed to act as special motion of officers of the army and volunteers provost marshals to arrest any officer or private soldier fit for duty who may be found absent from his command without just cause and convey him to the nearest military post or department. The transportation and expenses of the duty and five dollars will be paid for each offi cer or private as arrested and delivered. By order of the President.

Troops Arriving at Harrisburg.

HARRISBURG, August 4.

Troops are pouring in from all quarters of the State. Three companies, each numbering one hundred men, arrived this morning, and squads are arriving by every train. The indications are that nearly the whole quota of nine months men will be raised by the 10th inst. The enlistments in this city and vicinity

are going forward rapidly. Orders for the establishment of State camps at Philadelphia, Pittsburg and Lancaster, in addition to the central camp at this place, have been given.

General Pope's recent orders cause great excitement in Fanguier county, Va .-All volunteers for the old regiments rebel gunboats on the river this side of Fort taking an oath of allegiance to the U.S. Gov-Nearly all of the people will go South before ernment.

LOCAL AND GENERAL.

WASHINGTON PENNSYLVANIA SOLDIERS RELIEF ASSOCIATION .- This Association, having opened an office at No. 5 Washington Buildings, corner o th street and Pennsylvania avenue, where will be found register of all Pennsylvania soldiers in or around this city in hospitals, invite the friends of the same to call, assuring them that all possible aid will be extended in anding their sons

Mr. CHAS. L. WELLS, the Register, will be found in the office.

The Corresponding Secretary, Mr. S. Todd Perley will answer all letters in regard to sick and wounded Pennsylvania soldiers, whether in or around this city, Baltimore, Pailadelphia, New York, or New Haven .-Address, care Box 842, Washington, D. C. J. K. MOREHEAD. Pres't. J. M. SULLIVAN, Sec'y.

We have frequently called into requisition the mechanical skill of our fellow townsman J. V. Geiger in repairing and making new our "shooting sticks" composing sticks and "sich fixings," as are used in our office. When we say Mr. G., is a skillful mechanic, we say what is already known to most of our readers. The Rifles and Guns of his make are familier able suspicion that a postileace has broken out to our sportsmen and hunters, and are acknowleded to be unsurpassed for long range and accuracy of shooting .-We would advise every man to get him a rifle and practice until he becomes a good marksman, as the servi ces of all may be required in the field before this rebellion is crushed. We can guarantee fair dealing with all who may call on Mr. G., as regards prices and quality of

> WHAT IS THE PECUNIARY REWARD. Our young men do not need to be bribed to fight for their country; but they are perfectly right in wanting an assurance from those at home that the wives, children parents or friends who are dependent on them. shall have support provided for them in their absence. Hence the bounty and the pay is an additional inducement to volunteers. It is an insurance to the family. The pay of a soldier is \$13 per month; the Government bounty is \$100 and 160 acres of land; the county bouty \$25. The bounty, (including land at Government price) amount to \$350, besides the regular pay. One month's and \$35 bounty is paid in advance by the Government, and \$25 by the county, making \$65 in advance.

THE POSTAGE STAMP CURRENCY .- O: Wednesday, the Post Master General and Boutwell commissioner of internal revenue, approved of the specimens for the postage stamp currency, which will be for 5, 10. 25 and 50 cents. The designs embrace the present five and ten cent postage stamps tastefully arranged so as not | Ephram M. Beach, to be separated and used for postage. They will bear on their face the following inscription :- " Postage stamps furnished by the Assistant Treasurer," and designated receivable for postage stamps at any Post Office;" upon the back will be a large figure denoting the denominaion, with these words:- Exchangeable for United States notes by any Assittant Treasurer or designated United Henry Davis, States depository, in sums not less than \$5, receivable in payment of all dues to the United States less than \$5-Act approved July 17th, 1862." They will be printed on bank note paper of different sizes, averaging about 15th the size of United State notes, and furnished in sheets during the next two weeks.

DRAFTING-HOW THEY DO IT .- The subject of drafting has become one of considerable inerest within a few days past, the idea gaining currency that a draft from each State will be made to fill up our thinned regiments in the field. Drafting is provided for by a law of Congress framed in 1792, entitled " An act provide for the National defence, by establishing a Uniform Militia throughout the United States,' afterwards amended and applied to all arms bearing cit itens of the country. The process of drafting is about the same in the various States. Rolls are prepared of those liable to serve-able bodied men between the ages of eighteen and forty five-and the requisite number of names are drawn by lot in the presence of prescribed officials. The persons drawn are notified, and given op-killed in the battle Fair Oaks, May 31, 1862. COMPARISONS .- It is useless to deny that the masses of the people have a deep-seated and set tled confidence in " Sarsaparillia," as an alterative re medy. Notwithstanding this confidence has of late years low prices, has called into market many compounds of Sarsaparilla which contain scarcely any of it, or even any medical virtues whatever. Yet everybody knows that Sarsaparilla is the great staple antidote for Scrofula, Eruptions and cutaneous diseases, and the purification of the blood, when they can get the real article, or an actual extract of it. Such we are now able to inform them they can obtain. Dr. J. C. Ayer & Co., the celebrated chemists of the East, whose reputation assures us they do well whatever they undertake, are selling a Compound Extract of Sarsaparil'a, which, although the botties do not contain quarts, for a dollar, do contain more of actual curative power than whole gallons of the stuffs which have been in use. It is asserted that one bottle of Ayer's Sarsaparilla contains more than double the amount of medicinal virtue, which is afforded by any Fav. 24 district, Sauta Clara and Santa other. The fact is not only apparent to the taste, but its effects and cures afford incontestible proof that it is true. Such a remedy has been long sought for, and is every where needed by all classes of our community. ["Age," Cynthiana, Ky.]

> THE LAW AGAINST "SHINPLASTERS."-As the public mind is greatly agitated at present on the small change subject, and the issue of "shinplasters" by corporations, associations, &c., is broached all over, we publish the law prohibiting such issues, from Purdon's Digest, 1861, page 94:

"No incorporated body, public officer, association or partner-hip, or private individual, other than such as have been expressly incorporated or established for the purpose of banking, shall make, issue, re issue or circulate any pomissory note, ticket or engagement, or credit in the nature of a bank note, of any denomination or ount whatsoever, other than such as have been issued amount whatseever, other than such as have been issue by banks lawfully and expressly established; and from and after the 1st day of May next (act of 22d March, 1817) no such incorporated body, public officer association or partnership, shall receive any such note, ticket, or engagement of credit other than those note, ticket, or engagement of credit other than those above excepted, or those made and issued by it or himself, or under it or his immediate authority, and that for the mere purpose of cancelling or destroying the same, under the penalty, in the case of a public officer, of ten dollars, and in the case of a corporation, association or partnership, fifty dollars for each and every note so made issued, re-issued, paid or received, to be recovered by any person or persons suing for the same, before any alderman or instince of the beace of this Commonwealth as man or justice of the peace of this Commonwealth, as debts under one hundred dollars are by law recovera

Another law, passed in 1849 prohibits the issue of shinplasters by municipal corporations, in the following sec-

"That if any officer or officers, agent or agents of any "That if any officer or officers, agent or agents of any municipal corporation within this Commonwealth, shall be instrumental in, or consent to, or connive at the making, issuing of any note, bill, check, ticket, certificate or order, in the nature or similitude of a banknote, or intended to be used as a currency, he shall be deemed guilty of a misdemeanor, and upon conviction thereof in an Court having jurisdiction of the offence, shall be fined in any sum not exceeding one thousand dollars for each offence, for the use of the county, and be liable to imprisonment in the county jail for a term not exceeding six months, at the discretion of the Court."

The law of necessity may over-ride both of these enact ments, but it will be well enough for the people to know ractly what the law is under any circumstances.

"ONLY ONE KILLED."-Only one killed. Only one virgorous life cut short; only one home chain broken ; only one wife made a widow ; one group or little ones made fatherless; or perhaps one fond mother's heart robbed of its idol ; one tender sister made brotherless; one loving young heart stricken down in its first great agony. How many times within the last few months have falthful comrades broken the turf and deposited underneath the form of the "only one killed." The next morning's paper perhaps told of a "brilliant affair ; repulse of the enemy, with only one killed on our side," etc. ; and after an indifferent glance at it, we pass ed on to the next paragraph. And yet for some poor hearts, the term "only one killed," contains an immea surable amount of sorrow. In vain will they watch for the coming of that loved one, who went out from them in all the strength and beauty of youth; in vain will they listen for the sound of that voice whose last music for them was the sad cadence-" good bye." The anxious eves that so often gazed down the old road will not be gladdened by the sight of that dear form; and the harmony of the home music will ever be broken, for that voice will always be wanting. ' Neath the palmetto is a little mound, and there quietly sleeping, is the "only one killed." And alas! how many such little mounds there are scattered over the sunny South-mounds that are marked by no head stones! No loving hands ever plant flowers on them, no loving eyes ever water then with tears. Hands hardened by grasping steel consigned to the dust, and none but eyes naused to weeping gaze on those little lone mounds. We do not realize the vast amount of sorrow this war is creating. None but those from whose hearthstone have been taken the "only one killed," can realize it.
