As I have opened a Bindery on my own account, the inference is that if the public bring their binding to me, they are in no danger of being defrauded. For two years I have worked for Mr. Passons, and he has taken great pains to satisfy the public I was the "best Binder in America," as the columns of the Argus will testify. Has be been all that time "deluding the public?" If I have been engaged in a fraud, he has been the principal. But I refer to my, work during that time a evidence that there has been no fraud practiced. Having served a long apprenticeship at the Bindery business, I have resumed business here on my own account as I know of nothing which prevents me from following a legitimate and bawful calling for my support.

I shall endeavor by good work and attention to my business to give public satisfaction.
