Atiscelancous. Ayer's Sarsaparilla.

A COMPOUND REMEDY, in which we have labored to produce the most effectual alter-tive that can be made. It is a concentrated extract of Para Sansaparilla, so combined with other substances of still greater alterative power as to affed an effective me-tidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immen-e service to this large class of our afficient either the best of the substance periment on many of the worst cases to be found of the inflowing conplaints:--Stropula AND SCROPLOGE COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES,

AND ERUPTIVE DISEASES, ULCERS, PINFLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILLS AND SYPHILITIC APPECTIONS, MERCURIAL DISEASE, DROPSY, NEUBALGIA OR THE DOCLOURIUX, DEBILITY, DYSPERSIA AND INDICESTION, ERYSPELAS, RORE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Imperity or the BLOOD.

AND INDICESTION, EXEMPTIELAS, HORE OR ST. ANTHON'S FIRE, and indeed the whole class of complaints arising from IMPURITY of THE BLOOD. This compound will be found a great promoter of health, when taken in the spring, to expel the foul hu-mors which fester in the blood at that season of the year. By the timely expulsion of them many ranking disor-ders are nipped in the bad. Multitudes can by the aid of this remedy, spare themselves from the endurance of toul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions. If not as-sisted to do this through the natural channels of the blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will telf you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or ister something must go wrong, sud the great machinery of life is disordered or overthrown.

overthrown. Sarsaparilla has, and deserves much, the reputation,

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the vir-tue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsa-parilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but oftlen no curaive properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which food the market, until the uame itself is jastly despised, and has become synonymous with imposition and chest. Still we cell this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the Sin we can this compound sarsaparnia, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are ir-resistable by the ordinary run of the disease it is intend-ed to crue. In order to secure their complete eradica-tion from the system, the remedy should be judiciously

taken according to directions on the bottle. Prepared by Dr. J.C. AYER & Co., Lowell, Mass.-Price, \$1 per Bottle ; Six Bottles for \$5.

Aver's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been to and to do.

the the country, has know consented to organize the teacher's class, and direct the course to be pursued. He will also be present to conduct its exercises as often as practicable, and will deliver frequent lectures on the Theory and Practice of Teaching, as also on other subjects connected with Normal training. Those persons, therefore, intending to engage in teach-

ing for the winter, will find it greatly to their advantage to be present during the Fall term. Prof. Coburn's connection with the institution is not

such as to in any way interfere with the discharge of the

egalar duties of his office. No pains will be spared, on the part of the Faculty and frustees in sustaining the high repulatation the institu-ion has hitherto enjoyed, and in rendering it more wor-

hy of future patronage and support. JAMES McWILLIAM, Principal,
