**CAUTION**

"To be, or not to be" - that is the question! Whether 'tis nobler in the mind to suffer The slings and arrows of outrageous opposition, Or by taking up arms against a sea of printing ink, And opposing, end them?"

THE proprietor of the Argus takes occasion to advise his subscribers to be on their guard against being misled by "a sort of a counterfeit" which is being published in the name of the Argus. As I have opened a Bindery on my own account, the inference is that if the public bring their business to me, they are in no danger of being deceived. For two years I have worked for Mr. Parsons, and he has taken great pains to satisfy the public I was the "best Binder in America," as the columns of the Argus will testify. He has been all that time "deluding the public" but I refer to my work during that time as evidence that there has been no fraud practiced.

Having served a long apprenticeship at the Bindery business, I have resumed business here on my own account, as I know of nothing which prevents me from following a legitimate and lawful calling for my support. I shall endeavor by good work and attention to my business to give public satisfaction.
