CAUTION "To be, or not to be— hat is the question!
Whether 'tis nobler in the mind to suffer
The slings and arrows of outrageous opposition,
Or by taking up arms against a sea of the slings. Or by taking up arms against a sea of printing ink, And opposing, end them."

The proprietor of the Argus takes occasion in advertising his Bindery to indulge in an uncalled for fling about a "sort of a concern," which is hoping "to delude the public." As I have opened a Bindery on my own account, the inference is that if the public bring their binding to me, they are in no danger of being defrauded. For two years I have worked for Mr. Parsons, and he has taken great pains to satisfy the public I was the "best Binder in America," as the columns of the Argus will testify.
