CAUTION.
Whether it is better to be late than to be wrong is the question that the slings and arrows of outrageous opposition, or by taking up arms against a sea of printing ink, and opposing, and then
THE proprietor of the Argus takes occasion to address to his patrons a notice in an unaltered form about a "sort of concern," which is hoping "to delude the public." As I have opened a Bindery on my own account, the inference is that the public, being deceived, had better be deceived, or that the Argus is a defrauded party. For two years I have worked for Mr. PARSONS, and he has taken great pains to satisfy the public that "the best Binder in America" is the proprietor of the Argus. If I have been engaged in a fraud, he has been the principal. But I refer to my work during that time as evidence that there has been no fraud practiced. Having served a long apprenticeship at the Bindery business, I have received business here on my own account, as I know of nothing which prevents me from following a legitimate and lawful trade, for my support. I shall endeavor by good work and attention to my business to give public satisfaction.

Celebrated Threshing Machines,
EMERY'S ONE AND TWO HOSE POWERS, are too well and popularly known to need any description from me, and I will only say that they continue to deserve the reputation they have enjoyed for ten years, as being the "best Endless Chain Horse Power in use." These Powers possess conveniences and advantages possessed by no other power.

This new Machine, and has not before been introduced into this county. It is a simple, durable and efficient Machine, will thresh rapidly and clean thoroughly, without wasting all kinds of grain. It will choke, run easily and steadily, without jamming, and is warranted to be superior to the common Reel Cleaner now in use. It remains only to be seen and tested, to be pronounced by every experienced hand at threshing, to be an admirably contrived and constructed Thresher and Cleaner.
