The Senatorial Conferees of the District composed of Bradford, Susquehanna, Wyoming and Sullivan will meet at Sherwood's in Susquehanna Co., on Monday the 15th day of September next.

On Monday, the 25th ult., forty four volunteers left Sullivan county, for Camp Curtin. Tak ing into consideration those that have previously gone, Sullivan is doing finely.

The seven Companies from this County were organized into a regiment with two companies from Susquehanna and one from Wayne, at Harrisburg, last week. Maj. H. J. Madill was elected Coionel, Guy H WATKINS Lieutenant Colonel; I. P. SPALDING Major

On Friday last, they were armed and started for Wash ington, being the first regiment organized in the State for the war. The regiment is No. 141, P. V. We have been promised the muster rolls, which we shall publish as soon as received.

The drouth has been general throughout the country, and much complaint is made in the local papers as to the damage done. The corn has suffered considerably, the ears are not filled up, and the yield will be lighter than anticipated. Potatoes have also suf- and more defenceless sex. fered for want of rain, while the grass is very much parched. The peaches, in many sections, are shrivelling upon Other fruit is suffering.

Owing to the fact that so large a number of the male teachers from Smithfield and its vicinity have gone into the army-also, that all the officers, or nearly all, are out of the county, it has been thought advisable to postpone the meeting of the Teachers' Association which was to be held on the 12 & 13 insts., until the annual meeting. The excitement consequent upon the news from the war absorbs all other interests. All who were to take part in the meeting, will be expected to perform the same parts at the annual meeting, of which due notice will be given. C. R. COBURN.

By the terms of this order, all attempts to procure substitutes in anticipation of the draft will be regarded by the War Department as discouraging enlistments; and the persons who make such attempts, and their aiders and abettors, are liable to arrest under the order of August 8th. By the same order the publication of advertisements with a view of aiding sich attempts will hereafter render the publisher liable

Scrollal visit the streams that have drained from wild lands where Sarsaparilla grows. It is found that the waters become impregnated with the medicinal virtues of this drug and the native drank it, bathe in it, and live on it for weeks. Whatever its effects these "watering places" have a reputation not inferior to our own Saratoga and great numbers surely obtain relief at them from the craptions, and sores, which are so afflicting always to a halt civilized people. Yet I find all classes have more confidence in Dr. Aver's Extract of classes have more confidence in Dr. Ayer's Extract of Sarsaparillia, than in the impregnated waters or any compound of the root that they can make. Those who Mo can afford to buy it, do so, and it is in very general use ere, curing them surer and quicker than they can get clief without it. DEATH OF COL H. L. KINNEY - We learn through a private letter, says the Waverly Advo cate, that Col. H. L. KINNEY, of Corpus Christi, Texas, was killed in a late battle between the French and Mexicans, he being in the army of the latter.

Col. Kinney was a native of Bradford county, contmenced business in early life in Towanda; went West during the period of great land speculations; failed there in the financial crisis of 1837; went quictly to Texas and established the famous Kinney Ranch-afterwards the city of Corpus Christi; after the Texan war, was cap tured in Mexico and for a long time confined in the prison of Perote; was with Gen. TAYLOR in the Mexican war -had extensive contracts to supply the army with beef and mules; waded in gold up to his eyes; become the proprietor of land enough in Texas for a small state; was led by his inordinate ambition to sacrifice it all in fillibustering in Central America; returned to Corpus Christi penniless and friendless, and has now ended his eventful career in fighting the battles of his old arch enemy as against their French invaders. He was about sixty years of age.

PLEASANT VALLEY WINE COMPANY .-A Company of enterprising gentlemen of Steuben Co., have organized a company at Hammondsport, N. Y., for the purpose of raising Grapes and the manufacture of pure Wines and Brandies. The climate upon the shore Crooked Lake, about Hammondsport is peculiar. y adapted to the grouth of grapes and the experiient has been so successful, that many acres of vines under cultivation, and thousands of gallons of Wine have been

A sample of the products which we have tested (or tasted) satisfies us that the Wines made by that Company are destined to come into general use. The gentlemen composing this Company are amongst the most respectable and responsible citizens of Steuben county, and they guarantee the productions of the Company to be entirely

pure, and made solely from the juice of the grape. The prices at which the Wines and Brandys of the Company are off red place them within the reach of the pub. lic, being less than paid for the vile and adulterated mixtures generally retailed. Ayer's Sarsaparilla.

A COMPOUND REMEDY, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of taill greater alterative power as to afford an effective an-tidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the

SCROPULA AND SCROPLIOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILLS AND SYPHILLTIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, VINITAL OF The DESCRIPTION OF THE PROPERTY OF T NEURALGIA OR TIC DOULOUREUX. DEBILITY. DYSPEPSIA

NEURALGIA OR TIC DOULOURELY, DEBILITY, DYSPEFSIA AND INDIGESTION, ERYSPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions. if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; you find it is obstructed and sluggish in the veins; you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy; and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

overthrown.

Sarsaparilla has, and deserves much, the reputation Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has notall the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever.
