In the narious relations of domestic life and the neighborhood, Judge LAPORTE was not less successful than in his political reputation. Ayer's Sarsaparilla.

A COMPOUND REMEDY, in which we A have labored to produce the most effectual altera-ive that can be made. It is a concentrated extract of Para Sarsapatilla, so combined with other substances of till greater alterative power as to afford an effective an-idate for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who oriter from Strumous complaints, and that one which will accomplish their care must prove of immense service to this large class of our afflicted fellow-citizens. How com-oletely this compound will do it has been proven by ex-ceriment on many of the worst cases to be found of the ellowing consolations :--

SUITS, COATS, PANTS Shirts, Collars, Ispenders, Neck Ties, Gloves, Wrappers, Socks, Ints and Jackets. Especial attention w Style of

FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. This compound will be found a great promoter of health, when taken in the spring, to expel the foul hu-mors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disor-ders are nipped in the bud. Multitudes can by the aid of this remedy, spare themselves from the endurance of foul cruptions and "ulcerous sores, through which the system will strive to rid itself of corruptions. If not as-sisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitated blood whenever you find its impurities bursting through body by an alterative medicine. Cleanse ont the vitiated blood whenever you find its impurities bursting through the skin in pintples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foal, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

overthrown. Sarsaparilla has, and deserves much, the reputation Sarsaparilla nas, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virconcentrated extracts of it, contain but little of the vir-tue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsa-parilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, upon the sick, for they, not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and paintul disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upoh it. And we think we have ground for believing it has virtnes which are ir-resistable by the ordinary run of the diseases it is intend-ed to crue. In order to secure their complete eradiea-
