A COMPOUND REMEDY, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strimous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experinent on many of the worst cases to be found of the following complaints.—

Scröptlla and Scröptlous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Nethellis and Eruptive Diseases, Ulcers, Pimples, Blotches, Nethellis and Indigestion, Exystpella, Rose or St. Anthony's Nethellis and Indigestion, Exystpella, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from lapturity of the Blood.

This compound will be found a great promoter of

AND INDIGESTION, ERNSPIELLS, NOSE OR COMPISIONS ARISING FIRE, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the viitated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

the drug atone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large cottles pretending to give a quart of Petrone of Sarsaparilla. Instrumental Music wil not as heretofore, be taught in the Institution, but by special alrangemen—a class will be taught in a hall adjoining the grounds of the Institute, by the Teacher of Vocal Music.

This arrangement has been adopted for the past term, and experience has proved it to be eminently superior to the plan pursued in former years. Special pains will be taken to sective the greatest progress of those wishing to take lessons in this branch. Terms will be as here tofore porties, pretending to give a quart of Extract of Sarsa parilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upoh it. And we think we have ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to crue. In order to secure their complete cradication from the system, the remedy should be judiciously Tuition on Piano Forte, per term \$10 00

Pupils boarding in the Hall will furnish their own tow els, &c., and the table silver as their option. It is desira ble that they also furnish their own bed and bedding onvenient, but when otherwise, these will be

It is strongly recommended that students from abroad should board in the Institution, as better opportunities for advancement in study are thereby secured. tion from the system, the remedy should be judiciously taken according to directions on the bottle.
