A COMPOUND REMEDY, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted tellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

— SCROFULA AND SCROFULOUS COMPLAINTS, ERUFTIONS AND ERUFTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RUBLIM, SCALD HEAD, SYPHILLIS AND SYPHILLING AFFECTIONS, MERCHRIAL DISEASE, DROFSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSERPSIA AND INDIGESTION, EXYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from EMPURITY OF THE BLOOD.

This compound will be found a great promoter of leastly, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can by the aid of this remedy, spare themselves from the endurance of tonl eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it when where no particular disorder is felt, people enjoy better heaith, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the gre

flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblogny which rests upoh it. And we think we have ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to crue. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but hittle of the virtue of Sarsaparilla, or any thing else.

Furing late years the public have been misled by large pottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of she various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat, and have been flamed the proper flame where the first turns and painful disappoint for the virtue that its content and the first turns and painful disappoint for the virtue data it is desired to the first turns the flame that it is convenient. But when otherwise, these will be furnished to the first turns the first turns the flame that its convenient to the virtue and the first turns the flame that the push in the land in an analysis will be supported to be t

It is strongly recommended that students from abroad should beard in the Institution, as better opportunities for advancement in study are thereby secured.

Normal Department—Special exercises are arranged without extra charge for those preparing themselves as Teachers of Common Schools. Prof. C. R. COBURN, the able and well known Superintendent of Common Schools in the county, has kindly consented to organize the Teacher's class, and direct the course to be pursued.

He will also be present to conduct its exercises as often as practicable, and will deliver frequent lectures on the Theory and Practice of Teaching, as also on other subjects connected with Normal training.

Those persons, therefore, intending to engage in teaching for the winter, will find it greatly to their advantage to be present during the Fall term.
