This compound will be found a great promoter of health, when taken in the spring, to expel the woul humors which fester in the blood at that scanon of the year By the timely expulsion of them many rankling disor ders are nipped in the bud. Multitudes can by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find it is obstructed and sluggish in the voins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go overthrown.
