THE LATEST WAR NEWS.

A' dispatch from Murfreesboro dated 22nd, says : "Gen. Stanley, with a portion of two brigades of eavalry, surprised the camp of the 1st Alabama regiment and the 8th Confederate Cavalry, in the vicinity of Middletown .--Our forces were divided and sent around to attack the rebels in the flank and rear, but the advance goard becoming impatient, they dashed alone and unsupported into the midst of the enemy's camp, putting to flight 1,000 rebel cavalry. Eight rebels were killed, 90 prisoners taken, and 200 horses captured. The camp of the enemy, including the arms thrown away by them, was destroyed. Our loss was two or three slightly wounded."

the 3d Regulars left Memphis, by different all prepared, and efforts will be made to have roads in search of a band of guerrillas. A a sufficient number of men drafted, organized few miles out the two detachments came in and somewhat prepared to take the field early collision, each mistaking the other for guer- in the fall. Meanwhile the terms of service rillas. They immediately commenced firing of many of the volunteer regiments will expire upon one and other, and kept it up till one party retreated. It is reported that seven duced in strength. This will increase the need were killed outright. A number were wound- of reinforcements. If public confidence and ed, one of whom has since died.

The only rebel forces in Kentucky are moving bodies of guerrillas, but the rebels are preparing for an invasion in June. Morgan has left his command at Monticello, and gone to Sparta, Tenn. Pegram's forces are still between the Cumberland and Monticello. Various reports say that Price is moving toward the Mississippi River, and had at last accounts crossed the Arkansas. Marmaduke is said to have joined him.

The United States steam transport Ellen S Terry, from Newbern, N. C., May 20, and Hatteras Inlet, 21, with mails and passengers, arrived at New York on Sunday. She brought 250 men belonging to the 3d New York Artillery, whose time has expired, and also a number of other passengers. There was nothing new at Newbern.

FOREIGN NEWS .- The emigration of Irish to the United States is now so extensive that, instead of four steamers leaving Cork harbor each fortnight, there will be seven in the same space of time, for some months. A date letter from Cork says :-" The Inman Company have increased their sailings by an additional vessel fortnightly, and the Connard Company has advertised its intention of starting an extra steamer every second week. In addition to this increased conveyance, the Montreal Ocean Company will this month resume its trade between Europe (via Queenstown) and Canada. Next week the Canard Company will despatch the steamship Sidon from Liverpool on Tuesday, and Queenstown on Wednesday. On Wednesday and Friday the steamships City of Baltimore and Kankaroo, belonging to the Inman Company, will leave Liverpool and the following days Queenstown, and on Sunday the Cunard steamship will leave Cork harbor." Saunders' News Letter, of Dublin, a British tory organ, remarks on this: " From the facts which have lately transpired it is not expected that there will be any forther consular denials that this increase of transport is demanded by the enlistment of young men in Ireland for service in the United States army." The Tuam Herald, speaking of the exodus, says :-- " The exodus of the people from Mayo and from this county (Galway) is becoming every week more extensive. Whether for good or for evil, the stream continues to swell and flow on uninterrupted y, and the emigrants may now be reckoned by bundreds from some localities." A Dundalk paper says : " No less than one thousand emigrants passed through Dundalk last week on their way to America and Australia. They are rushing out of the country as if to avoid some terrible disaster." The Western Star remarks :-- "We have never known so many people to leave this district within a week as from Sunday to the present. On Sunday long lines of cars, laden with emigrants and their friends, arrived in Ballinasloe, the former leaving by the evening train. On Monday and Tuesday there were similar arrivals-nearly all well dressed and comfortably looking young men and women, evidently belonging to the class of small farmers. The destination of these people is generally New York." The Clare (Ireland) Advertiser of the 13th of May says : "We witnessed a novel feature on last Monday. The trade band of the town, ' in full fig,' escorting the emigrants to the quay, playing 'Patrick's Day,' 'Garryowen,' 'White Cockade,' &c., in dashing style, and with such a martial air as would be highly interesting to an American recruiting sergeant, if he happen ed to be present. A crowd of over three thousand persons cheered for America, and groaned the British government.

THE PAYMENT OF CAPTAINS OF COMPANIES .-We understand unofficially, that an order has been received in this city, from the War Department, to the effect, that the accounts of

Captains of companies of the men now being

mustered or hereafter to be mustered out of by paymasters, until the accounts of each offi. quested :

cer have been approved and settled by the Ordinance Bureau, in Washington. It is alleged that great negligence has been shown by many officers in the enforcement of proper care among the men under their command of arms belonging to the Government. In order to correct the evil, all Captains are to be held strictly responsible for such arms, and until their accounts are properly adjudicated 25,000 men. by the Ordinance Bureau, the amount due them on their pay rolls will be withheld by the Government.

Preparations for the practical application of the Conscript Act are now rapidly going forward. The necessity for a large reserve force to sustain the offensive operations of our armies is so apparent that little time must be On Tuesday morning two detachments of lost in providing it. The machinery is nearly and our present army will be somewhat reenthusiasm are sustained by the progress of the National armies, there will be little or no difficulty encountered in supplying them with any quantity of the materials of war.

Vallandigham arrived at Murfreesboro by special train on Sunday evening. Yesterday he was sent by flag of truce to Bragg's lines at Shelbyville. He was very cheerful, and on taking leave of his escort told them that he was a loyal citizen of the United States. He made the same remark to Col. Webb of the 8th Alabama, to whom he was handed over. The Colonel told him he had read his speeches, but did not like him; he would, however, permit him to remain at his post until the pleasure of the authorities should be known. It seems doubtful if the Rebels will receive him; but he was given to understand that if he returned to the Union lines the original sentence of imprisonment would be promptly carried out.

THE PENNSYLVANIA RESERVES .- Brig. Gen. lrawford has been relieved by an order of the War Department from the Millitary Commission, and assigned to duty under Major Gen. Heintzelman, for the command of the division known as the Pennsylvania Reserves. Gen. Seymour takes place of Gen. Crawford in the Commission. The assignment was made at the request of the Governor of Pennsylvania, in consideration of General Crawford's former efficient services and fine soldierly qualities. He was with Anderson during the bombardment of fort Sumter, Banks in the Shenandoah Valley and Cedar Mountain, and while commanding the first division after Mansfield fell, was severely wounded at Antietam.

The Capture of Vicksburg.

WASHINGTON, May 24. Official details of the battle of Black Riv-

er. Мемрнія, Ten n., May 23, 11 30 л. м. To Hon. E. M. Stanton, Secretary of War :

The following dispatch has been received at the service of the army, shall not be settled these headquarters, and is forwarded as re-

> S. A. HURLBUT. Major General. VICKSBURG, May 20.

Gen. Grant won a great and momenteous victory over the rebels under Gen. Pemberton on the Jackson and Vicksburg railroad, at Baker's Creek on the 16th inst.

Gen Pemberton had a most formidable po sition on the crest of a wooded hill on which the road passes longitudinally. He had about

The battle began 11 o'clock A. M., and was gained at 4 o'clock P. M. Its brunt was borne by Gen. Hovey's division and McClernard's corps, and by Logan's and Crocher's of Me-Pherson's.

Gen. Hovey attacked the hill and held the greater part of it till 2 P M, when having lost 1,600 men he was succeeded by Boomer's and Holmes's brigade of Crochers' division, by which the conflict was ended in that part of the field

Gen. Boomer lost 500 men.

Gen. Logan operated on the right and cut off the enemy's direct retreat, so that he was compelled to escape by his right flank through the woods.

General Logan lost four hundred killed and wounded; we took about ten thousand pris oners

On the 17th, advancing to the Big Black, we fought Pemberton again at the bridge there, and captured three thousond prisoners. He fought in rifle pits protected by a difficult bayon full of abattis. Gen. Lawless' brigard of McClernand's corps, charged the rifle pits magnificently, and took more prisoners than their own numbers.

General Pemberton burned his bridge and returned to Vicksburg with only three cannon out of sixty that he had taken out, building four bridges over the Big Black. Ger. Grant enough to look after our wounded. arrived before the town on the evening of the 18th, and now holds it closely invested. He had opened a line of supplies via Chickasaw Bluff, which is abandoned by the enemy and SwEEDISH TURNEP SEEDS BY THE which Gen. Grant will occupy.

There was sharp fighting through the day yesterday. Gen. Steele now holds the upper bloff and the enemy's upper water battery, and gets water from the Mississippi

Gen. Sherman's corps lost yesterday five hundred killed and wounded. General McPherson, who holds the centre,

lost little as did General McClernand, who holds the left.

The gunboats kept the enemy alert during the night, and probably the town will be carried to-day. There are from fiteen to twenty thousand men in it.

OFFICIAL DESPATCH TO THE PRESIDENT. WASHINGTON, May 24, 11 o'clock A. M. To-day the President received the following telegraphic appouncement that " Vicksburg is ours."

CLEVELAND, Ohio, May 24. A dispatch from Mr. Fuller, the telegraph manager at Memphis, late last night, said that the Stars and Stripes now float over Vicksburg, and the victory is complete.

I have held this message, hoping to get the confirmation, but the line has been interrupted and I now give it to you as it reached me

COPPERHEADS DRILLING IN ILLINOIS .- The Springfield(Ill.) Journal learns that about 300 rebel sympathizers, fully armed, met at Dobsou's Prairie, about twelve miles from Marshall, in Clark county, May 9th, for drilland parade. They were instructed in the ex quainted with military tactics. Parties of Saturday seemed to be a concentration of the forces for parade, etc.

KILLED BY EXPOSURE -The Copperhead demonstration in New York on the subject of Vallandigham's arrest, was altogether too much for the respectable opponents of the ad. ministration. The vulgarity, seditious rant and ill-disguised treason there displayed appear already to have created a healthy reaction in favor of supporting the government at all haz ards, until this rebellion is crushed and its Northern sympathizers receive their just desert in the shape of everlasting ignomy, at the bar of sound public opinion. These demagogues have been clamoring for free speech, and now that is the very thing that has undone them.

10 The steamer Delta, from St. Thomas May 15, and Bermuda 19th, arrived at Halifax on Monday. The U.S. gunboats Vanderbilt, Wachusetts, Alabama, Oneida, and Chippewa, were in port at St. Thomas ; also, U. S. ship Shepherd Knapp, and U.S. bark Gemsbok. The bark Lucy Frances, Colby, brigs West, Guildrandson, and C. H. Frost, Bennett, were in port, discharging coal for the U.S. Government.

Arrival of Gen. Banks at Alexandria.

WASHINGTON, May 23. The Navy Department has received the following from the Mississippi squadron :

FLAG SHIP, GENERAL PRICE, GRAND GULF, Miss., May 23, 1863. SIR :- I had the honor to inform you

from Alexandria of the capture of that place and the forts defending the approaches to the city by the naval forces under my command. Twenty-four hours after we ercise by two men-one belonging to Morgan's arrived, the advance guard of the United gang, and the other to Gen. Price's army- States came into the city, and General Banks and gave evidence that they were fully ac- arriving soon after, I turned the place over to his keeping.

I dropped down to shall ; also at Martinsville. The meeting on the forts De Rusey in the Benton, and undertook to destroy those works.

> I only succeeded, however, in effectually destroying the three heavy casemates commanding the channel, and a small water battery for ten guns, about six hundred yards below it.

> I also destroyed by bursting, one heavy thirty two pounder, and some gun carriages left in their burry by the enemy The main fort is on a hill some 900 yards from the water. I was unable to attend to it. It is quite an ex tensive work, quite new and incomplete, but built with much labor and pains. It will take two or three vessels to pull it to pieces.

I had not the powder to spare to blow it up. The vessels will be ordered to work at it occasionally and it will soon be destroyed. In the last mentioned fort was mounted the 11 inch gun, which I am led to believe lies in the middle of the river, near the fact there. the middle of the river, near the fort, therebels throwing it overboard in their paule at the approach of the gunboats.

The raft which closed the entrance I have blown up, sawed in two and presented to the poor of the neighborhood.

I sent Commander Woodworth, in the Price, with the Switzerland, Pittsburg and Arizona up the Black river to make a reconnoisance. Commander Woodworth destroyed a large amount of stores valued at three hundred thousand dollars, consisting of salt, sugar, rum, molasses, tobacco and bacon

Steamboats ply frequently at all seasons between this town and New Orleans, and they can also ascend many miles further.
