LOCAL AND GENERAL.

The severity of the winter culminated on Tuesday morning, week, by the theremometer going down to 20 deg. below zero. Such excessive cold broke the back bone of the Winter and we have enjoyed, during the past week, milder weather, with an occasional gleam of sun-shine. The sleighing, however, continues excellent, and probably will remain so for some time.

NEW COUNTERFEIT TREASURY NOTE -The Pittsburg Journal says that a new counterfeit five dollar greenback is in circulation there. It is very poorly executed, the engravings being quite coars present a dim and mixed appearance. The green on the back is of a different shade, and unlike the his death. genuine. The engraving is shorter than that of the enuine by about a quarter of an inch.

GEO. W. Coon & Co., call the attention of the public to their large stock of Fashionable goods now on exhibition at their Ready Made Clothing Emporium. Those desiring good fiting clothes will do well to give them a call.

Bloomsburg Republican, visited this place last week, on business connected with the draft. The people of Columbia county, in common with the citizens of the other counties of the District, believe that the quota assigned us, is excessive, being larger under a call for three hundred thousand men, than under the former call for five hundred thousand. This quota is based upon an enrollment of 11,000 names. The revised lists will contain but half that

The citizens of Columbia have appointed Mr. JOHN and JOHN G. FREEZE, a committee to act in conjunction with persons from the other counties of the district, to procure the necessary documents, and proceed to Washington and have the quota reduced to a fair number. We have no doubt, that upon a proper representation to the Provost Marshal General, justice will be done to the district.

The fire originated in Dory's Daguerrean Gallery in Union Block over the store of LEWIS STRAUSS & Co. The loss of Mr. Doty was nearly total. STRAUSS & Co., lost much through injury by water and removal. The fire was checked before reaching the ground floors. The work of the Steam Fire Engine is spoken of with much praise. Soldiers aided in working Engines. The weather was extremely cold and interfered with the working of the hand engines. The loss is not known-thought to be covered by insurance.
