At this place, the unprecedent rise caused much excitement. A large quantity of lumber, timber, &c., was piled upon the banks. Great efforts were made to save it, though much was lost. The water in the lower story of the Court House stood four feet ten inches from the floor of the jail. Of course the prisoners were moved a "story higher." The rise was so rapid, and unexpected, that in many of the submerged dwellings and store-houses time was not allowed to remove the furniture, and great

CARNOCHAN of Troy, to be Assistant Quarter Master of Volunteers, with the rank of Captain, both to date from Feb. 25, 1865. From an acquaintance with both these Captains, we commend the appointments as eminently fit to be made. They will discharge their duties with credit to themselves, and satisfaction to their superiors.

To the Citizens of Towanda Borough

At the last Annual Election of the Towarda Fire Department, the undersigned had the honor of being elected Chief and Assistant Engineers of the said department. The citizens of Towanda, and especially the business portion, are interested in having a well organized and efficient Department. It may be presumptuous on our part to call the attention of our citizens to a few facts in regard to its present state and efficiency. But in justice to our present members, who have stood by it and rendered all the assistance in their power, from its organization to the present time, spending their time, and in most instances equipping themselves, ever ready to protect the property of all from destruction by fire, we are compelled to do so. At the last meeting of Franklin Engine Co., No.

1, they mustered eleven members, and Linta Hose Co., No. 3, about the same number! and to man the engine properly it requires 32 men, and the Hose Cart 20 men! The reason of this is, that a large number of those that were active members, have volunteered in the service of the United States, and their places have not been filled by those that are left behind. Many of you will recollect the two last fires, the first one there was not men enough present at the Engine House to draw the Engine and Hose Carriage from their House! and at the ast one, hardly enough—with the citizens that kingly offered their services after urgent appeals by the Department-to draw their Engine and Hose Carriage to the fire! Fortunately, the fire was extinguished before their services were needed.

As a general thing, the members of the Departinterest in the property of the Boro.—except so

For particulara, address, enclosing 50 cents, to J. F. WENTWORTH & CO., J. F. W them to the companies to which they belong.

We have set forth these suggestions, that the cit-Department, and if our Town is destroyed by fire it will not be our fault calthough we shall a it will not be our fault ; although we shall do every-thing in our power to prevent it. We ask all the times in our power to prevent it. We ask all the citizens to aid us, and not stand idly by, because you have as much interest at stake, if not more than any of the members. The Engines and Hose all being in good order, all that we need is the members to properly man them, to have an efficient Department. The officers and members of the several companies have been indefatigable in March 25, 1865.

The subscriber offers for sale his house and lot, situated on the corner of Second and Elizabeth streets in the borough of Towanda. The House is a large two story house, with basement, nearly new and in complete repair. It would answer admirably for two families. The lot is a corner one, well fenced, having a large number of thrifty fruit trees upon it. There is upon the premises a fine well of soft water. This property is one of the most eligible in the borough. Terms made easy.
